

SERIOUS RISING IN TURKESTAN

Petrograd Reports That Soldiers Have Seized Their Officers.

GOVERNMENT DEFIED

Troops at Disposal of Gen. Korovnitzenko to Suppress Disorders.

Petrograd, Monday, Oct. 1.—A revolutionary movement is in progress in Turkestan. General Cherkess, commander of the district, has been attacked and beaten.

Government despatches describe the Turkestan revolt as increasingly serious. Irresponsible elements among the troops have obtained control of the military and seized the officers. The people are in panic.

The semi-official news agency issued the following statement on the Turkestan situation:

"Political agitators, with the support of two local regiments, took over the administration of Tashkent (capital of Russian Turkestan) and announced that they no longer recognized the provisional government. The Muslim population, which disapproved of the town's masters, rose in revolt, and aided by the pupils of the military academy, occupied the fortress. The government has appointed the commander of the troops at Kazan (eastern European Russia), Gen. Korovnitzenko, commanding general of Turkestan, and has placed at his disposal sufficient troops to suppress the disorders."

Russian Turkestan is composed of four provinces in central Asia, extending westward to the Caspian Sea. It has an area of 450,000 square miles and a population of 6,850,000. The major portion of the region is in the form of barren or partly cultivated steppes or deserts.

A temporary revolutionary committee has been organized to take all power. Parts of two regiments joined in a counter-revolutionary movement. The minister of the interior says he is not alarmed, and is confident the disturbance will soon be quelled.

CANAL VICTIM WAS HERE FROM ENGLAND

Body Found at Cornwall Was That of William Folks.

Special to The Toronto World. Cornwall, Oct. 2.—The body of the sailor found in the Cornwall Canal Thursday had been identified as that of Wm. Folks, a native of England, aged 45 years. Folks has been sailing the high seas for 20 years and was sent to Toronto to bring the steamer Measles to the Atlantic Coast, according to Mr. Goran, mate of the vessel, who came to Cornwall and arranged the funeral.

Folks was on the boat at 10 o'clock the night before he was missed, and he was deemed to have disappeared at 12:42 a.m., as his watch was stopped at that hour. He had \$45.25 on his person, which will be turned over to his sister in England. The remains were interred in Woodlawn Cemetery, the service being conducted by Rev. Hugh Munroe, pastor of St. John's Church.

DR SHORTT'S NEW POST.

Ottawa, Oct. 2.—Following a meeting of the cabinet council this afternoon, it was announced that Dr. Adam Shortt has been appointed chairman of the board of historical documents. Dr. Shortt will be succeeded on the civil service commission by Clarence Jameson, M.P. for Digby, N.S.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

ACCORDING to the meagre British official statement last night there is very little activity on the part of the armies on the whole western front. Beyond fierce artillery action, it said, there was little to report.

It is now admitted by the highest military authorities in Berlin that all hope of the Germans regaining the initiative on the western front has passed, but the high German command is evidently determined to do its utmost to prevent the British from making use of their advantage in Flanders. With the British guns hammering the Ostend-Lille line of communication and the advance wedge of Haig's men within six miles of the railway, the German line in Flanders is hanging in the balance. The next offensive, which is expected soon, will in all probability be a deciding factor in the allied victory, as a deep thrust on the Ypres-Menin road region would cut off an important means of supply to the enemy in Belgium and the submarine base at Ostend.

The desperate efforts being made by the army of Prince Rupprecht to break thru the British lines between Polygon Wood and Tower Hamlets is evidence that he dreads the next offensive of Haig. These onslaughts are plainly for the purpose of destroying the allied plans, but the British commander reports that the attacks have been a complete failure, and he is highly satisfied with the situation. Preceded by intense artillery fire, Rupprecht has hurled battalions of picked troops against the newly-consolidated trenches of the British, but has failed to make any appreciable impression upon their security. Similar tactics were carried out on the eve of the last British thrust.

That the German high command recognizes its grip on Flanders is weakening as the struggle continues was shown by the attempt to regain lost ground at Polygon Wood yesterday. Three times the enemy tried to penetrate the British line to the south, but the result was another advance of a few hundred yards by Haig's men after a terrific encounter. The first attack was made at dawn and the enemy advanced in three waves, but was moved down by the merciless fire of the British rifles. In the second attempt the British turned loose an avalanche of shells seldom seen along the front, inflicting heavy loss. Despite this the enemy returned a third time, regardless of casualties, but was broken, with the British in hot pursuit.

The French army, in the Verdun region, is holding itself in restraint and seems to be satisfied to wait for the attacks of the crown prince and drive back the enemy with heavy losses. In the French official statement it is announced that yesterday a determined attack was made by the enemy on the French positions on the right bank of the Meuse after intense artillery fire. Several assaulting detachments of the enemy, under violent fire from the French positions, penetrated the line at a point north of Hill 344. But after a strong encounter the Frenchmen recaptured the greater part of the territory where the enemy had gained a footing. The communication also states that enemy airplanes bombed the Town of Toul, causing several casualties.

In the Italian theatre, Rome reports that there has been moderate artillery activity along the whole front. On the Bainsizza Plateau the army under Gen. Cadorna, checked several local attacks by the Austrians. Yesterday afternoon, the Italian army in the Carnio was able to occupy new positions.

NEARLY FOUR THOUSAND TURKS TAKEN PRISONER

British Triumph in Mesopotamia of Spectacular Order.

London, Oct. 2.—Nearly four thousand prisoners were taken by the British army in Mesopotamia which captured Ramadie. It is announced officially.

A Turkish official statement says, with reference to the operations at Ramadie, Mesopotamia: "Early Friday the enemy bombarded for several hours positions already evacuated, afterwards launching an attack with six battalions of infantry and one of cavalry. The fighting continues. Four enemy airplanes were brought down."

The capture of Ramadie, on the Euphrates, west of Baghdad, was effected by a surprise attack of the British. They outflanked and cut off the Turkish defenses in a heavy engagement and taking prisoner nearly the entire garrison of Ramadie. An official announcement in London on Sunday said the Turkish commander, Ahmed Bey, and his staff, had been taken with his men, and that guns, arms, ammunition, stores, equipment and much other booty had been captured.

CALLS THIRD DRAFT OF NATIONAL ARMY

On Orders of Washington, Guardsmen Move Today to Cantonments.

Washington, Oct. 2.—The third contingent of national army men will begin moving tomorrow to the sixteen cantonments, where approximately one-half of the 87,000 selected men called out by the president have been already mobilized. Quotas now ready to be mobilized range from 17 to 49 per cent of the full state quota, with a general average of between 20 and 25 per cent.

Modification of previous quota plans was necessary because of the conditions at the cantonments and the availability of equipment. Some cantonments are much farther advanced than others and can accommodate a larger percentage of men. Secretary Baker indicated today that no date had been set as to when a second call will be made. Decision of the war department with the suggestion that the remaining 7,000,000 registered men be examined immediately and classified for service, in order that they may have knowledge of when to expect a call to the colors and arrange their affairs accordingly, awaits action by congress on the war deficiency bill.

LET GERMANS TASTE THEIR OWN MEDICINE

British Government Considers Reprisals for Air Raids, and Enemy Warns People.

London, Oct. 2.—The Wilhelmshaven Tageblatt publishes two pages of advice warning the people against possible air raids by the entente armies.

The Evening Standard states "on the highest authority" that the entente is paying special attention to reprisals for German air attacks on London and other places. It says: "There is no question as to the decision of the government to take very effective reprisals at the earliest moment, consistent with the advice of the highest military command."

Congress Sends War Tax Bill To Wilson for Signature

Washington, Oct. 2.—Congress tonight sent the great war tax bill to the president for his signature, the senate having passed the measure in the house and adopting the conference report without a record vote. The measure levies more than two and a half billion dollars additional taxes within the next four months.

The despatchers say that the allied armies are playing havoc with German railway communications and military establishments in Belgium.

PASSPORTS REFUSED

French Socialists Cannot Attend Berne Conference.

Paris, Oct. 2.—It is announced that the French government will not grant passports to French delegates for the Berne conference decided upon at the recent socialist conference in London. The question of the transfer to a neutral city, the headquarters of the international labor union, is now being discussed at the Berne meeting.

CHILD FRACTURES LEG.

Margaret Furt, 14 North Markham street, aged 4, fell out of the hammock in the yard at the rear of her home yesterday afternoon, fracturing her right leg. She was taken to the Hospital for Sick Children.

LAST ROUTE MARCH AT CAMP BORDEN

Men Enjoy Eleven-Mile Hike Under Ideal Weather Conditions.

RECEIVE BONUS CHEQUE

Physical Training Squad Get Five Dollars Each From Exhibition.

Camp Borden, Oct. 2.—Back to camp this afternoon thru the woods, the "Turks" differing them in a heavy engagement and taking prisoner nearly two thousand troops who took part in what was probably the last route march at Camp Borden before the big trek to Toronto, which commences next week. It was an ideal day for a march, cool weather and no dust. The route taken was thru the woods and there was not a single casualty to mar the occasion. The troops which took part included the 1st and 2nd Canadian Army Service Corps, the 1st and 2nd Canadian Army Service Corps, the 1st and 2nd Canadian Army Service Corps, the 1st and 2nd Canadian Army Service Corps.

The board of control got itself into hot water when it turned down the petition of the city for a general war bonus of ten per cent, which one of the associations of workers, dependent on the board, had presented. Naturally the clerk did not want his name divulged, but he let it be known that the petitioners might swamp the controllers before another fortnight had passed of the \$15,000,000 V.M.C.A. campaign that is being conducted in the city for the benefit of the soldiers' aid commission, and the committee is confident that the amount aimed at will be secured. The money is being gathered by ten teams of men each.

FUEL CONTROLLER SETS COAL PRICES

month to supply you for the rest of the season? To Discover Amount Needed.

In a statement that will be sent with this questionnaire, the fuel controller is required to place the needs of the province before Dr. Harry A. Gault, the American fuel administrator.

He also states that unless the dealer gives this information before the 15th of the month, he will give no assurance that the dealer's needs will be looked after and also that Mr. Magrath will ask for an exhibit of coal, imposing a penalty for non-compliance with the request.

With this information the fuel controller is to make a report to Lord Peary, the British ambassador to the United States, expects that a definite answer will be given by the end of the month.

In regard to the coal situation at present, the fuel controller states that the line mines have, in the past, been supplying the coal to the west coast of Ontario, but in consequence of the priority order, issued by the American fuel administrator, the coal has been practically all their coal to take ports to supply the American northwest. After this year's season they will again be able to supply their regular trade.

Montreal, Oct. 2.—Railway officials here state that while the American embargo on the lake port coal supply came as a surprise, the situation this year has been nearly as serious as last year. The Grand Trunk Railway Company has been utilizing every ton of coal for the export trade for trying purposes and has about fifteen hundred old coal cars now under repair which will be available soon. The Canadian Pacific Railway Company has been turning out converted coal cars at the rate of twenty a day, and they will be ready to use in a few days.

FACTION FIGHT IN HOLINESS CHURCH

Whether Bishop Horner Shall Remain Head, is Question for Court.

Ottawa, Oct. 2.—Whether or not Bishop R. C. Horner is to remain as the head of the Holiness movement of Canada, that is, legally speaking, was the question which occupied the attention of the high court today. The presiding judge was Mr. Justice Clute and the legal experts were Mr. F. Henderson, K.C., and W. N. Tilley, K.C., of Toronto, for the Holiness Church.

Brands, the church is at present divided into two factions—those members who wish Bishop Horner to remain as the head of the church and those who do not. Bishop Horner stated today that even before the Kingston conference there was evidence of trouble. This had become more and more accentuated at the Smith's Falls conference, until the dispute reached its height at the Carleton Place conference.

Mr. Henderson suggested that in view of the fact that the gap in the Holiness Church was widening rapidly, and that the church was held and split, it then be decided whether Bishop Horner should be retained or not. Mr. Justice Clute agreed to this, but Mr. Tilley objected, saying that already three conferences had been held without result. This disposed of the suggestion. The case continues tomorrow morning.

MAGRATH NOT ADVISED.

Ottawa, Oct. 2.—No official notification has been received by C. A. Magrath, Dominion fuel controller, of the decision of the United States authorities to prohibit the export of coal from the United States to Canada. Mr. Magrath is making enquiries with the object of getting definite information as to the nature of the order and its probable duration. Until this information is secured it will be impossible to tell to what extent it will affect the Canadian coal situation.

ALLIED ARMEN DESTROY GERMAN RAILWAY LINES

Holland Despatches Say They Are Playing Havoc With Enemy Communications.

London, Oct. 2.—Despatches from Holland gathered by frontier correspondents say that the allied armies are playing havoc with the German railway communications and military establishments in Belgium.

WHEAT SURPLUS FOR EXPORT.

Victoria, Oct. 2.—According to Prof. W. A. Back, agricultural commissioner for the federal government, who has charge of the administration of the grants under the agricultural instruction act of 1912, there will be an estimated exportable surplus of 225,000,000 bushels of wheat for the allies after providing for the food and seed in the Dominion.

HAMILTON MAYOR IS NOT CANDIDATE

Booker Refuses to Accept Nomination for the Federal House.

By a Staff Reporter. Hamilton, Oct. 2.—Mayor Booker will be content to be Hamilton's chief magistrate and will avoid federal politics in order to conduct the affairs of the "Ambitious City." Discussing the matter to institutions which he had received to run for member of the federal parliament he had fully made up his mind not to seek higher honors in the near future, but to continue on in the mayor's chair for another term.

Heroes of the far-flung battlefield, bearing in many cases the bullets and steel of the Boche, fourteen Hamiltonians returned home today cheered by the applause of citizens and welcomed by their many relatives and friends, who had gathered at the P. H. and B. station to greet them as they stepped off the train. Mayor Booker, William Robson, James Wright, Secretary Kay, of the soldiers' aid commission, and other prominent citizens accompanied the veterans to a civic welcome, after which they were lodged to their homes.

The board of control got itself into hot water when it turned down the petition of the city for a general war bonus of ten per cent, which one of the associations of workers, dependent on the board, had presented. Naturally the clerk did not want his name divulged, but he let it be known that the petitioners might swamp the controllers before another fortnight had passed of the \$15,000,000 V.M.C.A. campaign that is being conducted in the city for the benefit of the soldiers' aid commission, and the committee is confident that the amount aimed at will be secured. The money is being gathered by ten teams of men each.

FINALS IN BOXING AT CAMP BORDEN

Many Good Bouts Provide Lively Evening for Soldiers.

Camp Borden, Ont., Oct. 2.—Never before has the Strand Theatre held such a crowd as assembled this evening to witness the finals in the camp boxing tournament. The seating capacity of the building is 200 and there must have been 300 in the audience. Among those who were present were Major-General Logan, Lieut.-Col. Allen and Major Tully, of the R. F. C., and Mr. J. F. Scholtes, son of Capt. Lou Scholtes, director of athletics for Military District No. 2, under whose direction the tournament was held.
