PRESS CONFERENCE HEARS GEO. FOSTER

Makes Impressive Speech at Close of Notable Ottawa Gathering.

Ottawa, Aug. 8. — (By Canadian Press.) — The second Imperial Press Conference came to a close on Saturday. It was the third and last day of the conference, and it began with a speech by Sir George E. Foster, minister of trade and commerce, and closed with graceful tributes to Lord Burnham, the Canadian government, Mr. P. D. Ross and others, contained in votes of thanks.

Sir George Foster's speech was an eloquent one, and strengthened his reputation as one of the great orators of the empire. He spoke of empire trade, empire preference and empire ideals. He received an ovation. An interesting feature was taken up Saturday when the resolution suggesting interchange of imperial staffs was discussed, and action may be taken in the matter. At 4 o'clock the conference adjourned, the members leaving to take part in the official garden party at Government House.

Attend From All Empire. A hundred and fifty newspaper publishers and editors from every part of the British empire assembled under the chairmanship of Lord Burnham in the parliament buildings and discussed matters relating to the publication of newspapers and the broader questions of empire unity and development, and the part which the press plays therein.

Improved facilities for the transmission of news, cheaper cable rates, the possibilities of wireless telephony as a news carrier, the independence of the press, increased interchange of empire news between British nations, the cheaper postal rates, both on letters and publications were among the subjects discussed, and resolutions were adopted by the conference which will serve as a basis for appropriate action by newspaper men in the near future.

Newspaper Supplies. Newspaper supplies occupied the attention of the conference for several hours. The situation in this regard was thoroughly canvassed, a representative of the paper manufacturers addressed the conference, as well as newspaper men on the subject, and the suggestion of Australian delegates, that Canada as the largest potential source of pulp wood and newsprint, give preference to British countries in the distribution of this product, was endorsed by the conference.

Governor and Premier Attend. His excellency, the governor-general, Premier Meighen, Hon. W. L. Mackenzie King, Sir George Foster, and Senator W. Charlton, aged 10 years, were among the public men who addressed the conference. Before declaring the conference closed Lord Burnham voiced the gratitude of the conference to his excellency, to the government, and to various committees throughout Canada for the warm welcome and practical assistance which had been given the delegates in the course of their tour so far.

OTTAWA REPORTS FOUR DROWNINGS

Ottawa, Aug. 8.—Four deaths from drowning were reported over the week-end—three in the Ottawa river and one in the Gatineau, in each case the victims being residents of the Quebec shore. W. Charlton, aged 10 years, while bathing in the Gatineau river on Saturday afternoon with some other boys, got beyond his depth, was helped away by the current, and drowned before help was forthcoming.

Aurelion Gagne, aged 29 years, Hull, was drowned in the Ottawa river, almost in sight of his wife and two children, at Catfish bay. The body of Lorenzo Joannisse, aged 18 years, a resident of Buckingham, was found in the Ottawa river, about four miles below the village of Masson, on Sunday morning. He was drowned at Buckingham on Thursday last, when he fell, together with a barrow-load of stone, was wheeling on a pier, into the river.

Strange Coincidence. By a strange coincidence, the coroner, Dr. Davies, in charge of Joannisse's inquest on Saturday, had only just returned to Hull yesterday afternoon when he received a telephone message from Dr. Cummings of Buckingham, to the effect that a man named C. Williams, who was for man of the jury which inquired into the death of Joannisse, had also been drowned in the Ottawa river, some distance below Masson, but particulars as to how the accident happened were not available.

FATAL SMASH IN EXHIBITION RACE

Mishap Accidental and Coroner Does Not Consider an Inquest Necessary.

"I do not believe in holding unnecessary inquests and am giving the order for burial," said Dr. W. A. Munro, acting chief coroner, for Toronto, to The Chief last night, respecting the death of George Smith of New Toronto, who was killed in an accident at the race track on the Exhibition Grounds on Saturday afternoon, which threw him and Barney Beppel of Hamilton, a distance of 70 feet from the inside fence, at the southeast corner of the track when the motorcycle and side car, driven by these two men, swerved off the track into the fence.

Beppel, who was in the motorcycle, was severely injured in the arm and legs, and Smith, who was in the side car, was very dangerously injured in the neck and head, dying on the way to the Western Hospital.

WOMAN INJURED IN AUTO COLLISION

Mrs. Neeland, 40 John street, Galt, was cut about the head and face at 1 o'clock Sunday afternoon, when a motor car she was driving struck another automobile, than crashed thru a front store window at 1727 Bloor street. Mrs. Neeland was slightly injured and was able to go to the home of friends after receiving medical attention.

Mrs. Neeland was driving north on Keele street when she struck a motor car east on Bloor street, driven by Mr. Klein of the same street, who was striking Klein's car, the motor ran over the sidewalk and crashed thru the store window of J. L. King.

NO CAR EXTENSION FOR PAPE AVENUE

Railway Board Not to Insist Upon Order Being Carried Out.

Ald. Honeyford has received the following letter from the secretary of the Ontario Railway Board with reference to the proposed Pape avenue street car line extension: "With further reference to your letter of the 26th July ultimo, addressed to the chairman, urging this board to enforce its order requiring the city and the Toronto Railway Company to proceed immediately with the construction of the Pape avenue extension.

"In regard to this matter I have, by direction of the board, advised your judgment, to provide sufficient trackage to ensure the successful operation of an up-to-date street car service, the board is not disposed to insist on its order being carried out at this late date, as such construction, if carried out, might interfere with the general plan of the aforesaid transportation commission.

"Besides the board is not disposed to impose upon the railway company large expenditures on new construction, in view of the imminent expiration of the company's franchise, which, as you know, takes place the 1st of September, 1921.

"The board's engineer has reported that many sections of the company's tracks throughout the city are in a dangerous condition, requiring extensive and immediate repairs in order to make them safe and in view of this and the other fact I have mentioned, the board is indisposed to insist on the construction of the Pape avenue extension."

BREAKS WHISKEY BOTTLE ON COURT ROOM FLOOR

Niagara Falls, Ont., Aug. 8.—James McGovern, previously convicted of selling whiskey at Montrose, has again been caught. When charged in police court yesterday afternoon, he grabbed the bottle of whiskey which had been sold and smashed it on the floor. The magistrate, in remanding him, pointed out that he might get a much heavier punishment for that act than for the sale of the O.T.A. When the officer called, it is said that McGovern asked him to name his drink. He was willing to sell anything—gin, whiskey or rum.

COUNTY AND SUBURBS EARLSCOURT MOUNT DENNIS

PUBLIC LIBRARY NEAR COMPLETION OBJECT TO WESTON TAKING TERRITORY

Poultry Association Visit to Guelph—Reopen Road Thru Park Cemetery. Rev. John McIntosh conducted the services at the Boon Avenue Baptist Church yesterday in the absence of Pastor W. F. Roadhouse, who is on his vacation at Massey, Ont. Mr. McIntosh was the first pastor of this church when it was founded some eight years ago in a small frame building off Boon avenue.

The Earls Court Poultry and Pet Stock Association held a picnic to Guelph Agricultural Farm on Saturday, taking special cars from Keele street, via radial line. The members were shown over the farm by one of the officials, and the various points of interest were described.

Picnics and parties made trips to the Island on Saturday from this district, numbering around one thousand, including the children. A large number of the army and Navy Veterans' outing at the Island, and a special program of sports and the Veterans' Band were features of the afternoon's entertainment. Bandmaster W. H. Chessel was the leader.

In addition to the carnival at the Oakwood Collegiate, under the auspices of the G.W.V.A., which terminated on Saturday evening, there was also a church carnival at the St. Clare Catholic Church, St. Clair avenue, which is an annual affair there. In the evening the church grounds were lighted by electric lights in various designs, and a large number of advertisements were presented.

The new public library for Earls Court is approaching completion on South Dufferin street, a few steps from St. Clair avenue. The building adjoins the Salvation Army's new club, and the road is about 150 feet frontage on land that had been very difficult to sell for the past ten years until a few months ago, when the purchase of the land began here. Since the purchase of the land, a few months ago, at about \$55 per foot, the price has gone up 25 per cent, and is still rising.

The roadway thru Prospect Park Cemetery to the Hughes Public School, which has been used by the school children, was closed only to enable certain alterations to be made in this vicinity. "As a matter of fact," Superintendent Fred Clark said, "it is a concession of the Board of the Prospect Cemetery authorities to permit the right-of-way thru the cemetery, and we look to the school children not to play with the graves or the trees and flowers."

LAKE SHORE WEST TORONTO FORMER AGINCOURT MINISTER PREACHES

"The most eager one to give increase was the loving Father, and thus the lawful endeavor of everyone must be seen the working of the unseen," said Rev. J. Anthony, formerly of Agincourt, preaching last night in Victoria Presbyterian Church, West Toronto. The text was, "Paul may plant, Apollus may water, but God giveth the increase."

"Whoever falls, it will not be God," said the speaker; "whoever is late, it will not be Him. We sometimes blame God because certain results are not forthcoming, saying that we did our part. God never thwarts our gift but to give us a greater one. God is always supplied with resources. The text is a call for patience in individual life for the welfare of the community as well."

PORT CREDIT SHOOK HANDS IN COURT.

Some difference of opinion, stated to be over the ownership of a pound of butter, resulted in two \$5000 suits played at the Port Credit Police Court on Saturday. One of the men being charged with attempting to stab the other with a knife. Through the proceedings the fostering of a more amicable spirit between plaintiff and defendant was witnessed, and the action concluded with a mutual understanding of peace and forgiveness. Magistrate Gordon approved the course the action was taken, and the parties concerned were willing to shake hands and be friends.

SOVIET REFUSES TO GRANT A TRUCE (Continued from Page 1). truce has brought about a crisis only second in gravity to that which confronted the allies in 1914.

Intend to Capture Warsaw. That Great Britain and France are convinced that the Bolsheviks intend to capture Warsaw and set up a soviet government in Poland was learned from an official source tonight following an announcement that the conference would continue tomorrow, when the premiers will pass upon naval, military and economic plans for saving Poland. These plans are being drawn up tonight by Marshal Foch and Field Marshal Sir Henry Wilson, chief of the British imperial staff.

While there has been no talk of officially declaring war on Russia, the allies have decided to give Poland all possible military, naval and economic assistance without delay. The premiers received two notes from Moscow today, in answer to Mr. Lloyd George's request for a truce. Tonight they sent another note to the soviet, and also advised Poland to accept a truce direct from the Bolsheviks, who indicated in their refusal of the truce that if the request came direct from the Poles it might have a better chance of being granted. One of the notes received from the Bolsheviks today said a meeting of the Poles and Russians had been called for Minsk next Wednesday, and that the Bolsheviks preferred to make their own arrangements with the Poles.

Mr. Lloyd George has deferred his promised statement in the house of commons tomorrow until Tuesday. Mr. Millerand and his party will not return to France until Monday afternoon.
