

## FAVOR GRANT BY CITY TO THE SANITARIUM

Deputation's Appeal Given Favorable Consideration by the Board of Control—Request That City Pay Two Hundred Thousand Dollars to Patriotic Fund Organization Given Sympathetic Hearing.

The board of control yesterday decided to recommend to council that a grant of \$150,000 be made to the National Sanitarium Association to help rebuild the hospital at Muskoka which was partly burned recently. Sir William Gage headed a large deputation.

Something having been said about building an institution for consumptives near the city, Sir William remarked that there seemed to be a misunderstanding. There were 32 buildings in the group and only three had been burned. They had the plant and staff and were operating at a low cost. They also had a large endowment fund. It was expected, said Sir William, that the provincial government would make a grant of \$150,000. The board decided to recommend a grant of \$150,000.

**Asked for \$200,000.** Sir William Mulock and a large deputation waited on the board and asked that the balance of Toronto's subscription to the Toronto and York Patriotic Fund, which had been made in 1918 for the support of the hospital, be paid. Toronto had subscribed \$1,000,000, and only half of it had been paid. The trustees had decided to release the city of \$200,000 in consideration of the help Toronto had given direct to war dependents and the Red Cross, but they wanted the \$200,000 balance paid.

**Some Needy Cases.** Stewart Lyon mentioned cases for which the government made no provision, but which the trustees of the fund regarded as worthy of attention. There were 207 deserted wives, many of them with children. Over \$40,000 had been paid out on account of these. There were also 60 ex-imperial soldiers pensioned, and 37 cases of inadequate imperial leave support. There were also the cases of needy soldiers who were discharged without pensionable disability.

**Those Crawford said the fund had been carefully distributed and only about 10 per cent. of it had been used for administration purposes.**

**Controlled Sympathetic.** Mayor Church said that, as the city had committed itself, and the subscription could be collected by legal process, he was anxious to deal with the application at once.

**No objection was raised by the controllers, and the deputation was told that the board would make a recommendation, which would go before council a week from next Monday.**

**Day Off for Firemen.** When Chief Russell of the fire department appeared to ask what was being done about giving members of his department the day off each week as prescribed by act of the legislature, he had a little cross-fire with Mayor Church. The mayor finally agreed to the suggestion.

## MOTORISTS TO FACE CRIMINAL CHARGE

Woman Is Pinned to Fence When Motor Is Thrown on Sidewalk.

Emmeline Deeth, 44 Grove avenue, and A. J. Hanna, 59 Fernmanagh avenue, were arrested yesterday afternoon on a charge of criminal negligence arising out of a collision between their autos at Gerrard and Church streets yesterday afternoon, in which Mrs. C. Graham, 1605 Danforth avenue, was seriously injured and her three-year-old niece, Rose Brewer, received slight cuts on the leg and cheek.

Mrs. Graham was taken to the General Hospital, where it was reported last night that she was suffering from internal fractures. The full extent of Mrs. Graham's injuries was not known, but she was resting quietly. Her niece was able to proceed home.

According to the police, the auto was proceeding west on Gerrard street when it was struck by Hanna's car, going south on Church. Deeth's auto was thrown up onto the sidewalk against Mrs. Graham and her niece, pinning Mrs. Graham against the iron fence of the Normal School. The little girl was pinned to the ground, the fence by falling being pinned to the fence by falling from under the auto after the accident. Both autos were badly smashed.

"Deeth was taken to West Dundas street police station by C. White, while Hanna proceeded to the station himself. The arrests were made as a result of an investigation conducted by Detective John."

## QUEBEC WOULD REMAIN AN ARTILLERY STATION

Quebec, Dec. 8.—Objection to the removal of the Royal Canadian Artillery and band from this city is being organized here. It is understood the militia department contemplates eliminating Quebec as an artillery station.

A number of leading citizens met last evening and decided to enter a strong protest.

## Discuss Prohibition Date With Meighen Wednesday

Winnipeg, Dec. 8.—Provincial heads will discuss the date when inter-provincial trading in liquor will be prohibited in Manitoba, Saskatchewan and Alberta at Ottawa, December 15, it was announced at the parliament buildings today. Premier T. C. Norris, Hon. Thomas H. Johnson, attorney-general, will represent Manitoba at the gathering and Premier W. M. Martin of Saskatchewan and Premier Charles Stewart of Alberta, along with their cabinet ministers, will meet the matter up with the premier, Right Hon. Arthur Meighen.

## NEVER IN KHAKI, BUT LED PARADE

Aurora Man Held for Alleged Threat to Attack a Restaurant.

Percy Catliff, aged 21, of Aurora, Ont., was arrested yesterday by Inspector Bond, of West Dundas street police station, on charge of disorderly conduct. Catliff, who, the police claim, was never in khaki, was leading 150 returned soldiers and others down Yonge street in the unemployed parade when arrested.

Inspector Bond alleges that he was standing on Yonge street watching the parade. As Catliff and his followers went by he claims that he heard Catliff remark "Let's go in and smash it," meaning a restaurant they were passing.

When he was taken to the police station Catliff stated he had come into town from Aurora to take part in the parade. He admitted, according to the police, that he had never been on duty. He stated to Sergeant Tucker, who was on duty, that he had not eaten for three days and Sergeant Tucker, who had brought a lunch with him, gave Catliff three ham sandwiches. Some time later when Sergeant Tucker went to the cell where the Catliff, the former claims that he found the sandwiches in the toilet where they had been thrown by Catliff.

## POWER CLEAN-UP PASSES COUNCIL

(Continued From Page 1).

It is to what lies on the highway, at the price of \$65,000.

In referring to the fact that Sir William Mackenzie, whereby his public utilities were acquired, he declared him self as disinterested. He stated that the T.R.C., when the latter stated that the company were getting "skinny" over the time, what was the company's position at that time?

"This company got all that their hold- ings were worth," said Sir Adam, "and say 'more,' as I believe I ought not to be so concerned about it. At least to both parties concerned, at least to us. At any rate, the transaction was justifiable, and what more could be said?"

He said that many of the utilities have been added, "but I call it an investment of money, not an investment of time. I spent on it with my own money, and I consider this, we must take into not standing alone or called the 'lead' should the whole burden. There are 144 municipalities within the province and it is only by co-operation that we can carry it thru successfully. While there are some in this time, it must still be remembered that Toronto is the pivotal part of the whole arrangement and Toronto must lead the lead."

**The Clean-Up.** Sir Adam then spoke of the way the Mackenzie over the has been negotiated. The final arrangements might have been rushed thru in short order, he admitted, but it was not the case. It was the culmination of years of negotiation and study. Also the matter was really a matter of public interest, and the question had to be considered and finally decided.

**Year's Day.** There was yet ample time for any flaws to be picked out. "It is the people, and I think that is the right sentiment to express in this instance," he concluded.

Hon. I. B. Lucas, former attorney-general, referred to what had been termed "Beck's steam-roller" methods. He said that while Sir Adam might have ridden rough-shod over certain petty legal technicalities at times, it was all in the interests of the people. "It was his one dominating consideration," he said, "and every action he has taken has proven itself to be justifiable."

**Beck United Parties.** Hon. Col. Cranford said that the Hydro knight had done something that no other man had ever done successfully, and that was obtaining the co-operation of all political parties, and uniting them all on one great aim.

Stewart Lyon, P. W. Ellis and George Wright also spoke. In addition to the members of the city council, the following were present: Dr. Hastings, M.O.H.; Captain Jack Ramsden, M.L.A.; Clarence Settle, Chief of Police; Dickson, Fire Chief; R. E. Gaby, Judge; Spott, Judge Cohen and W. F. Maclean, M.P.

## CURFEW LAW WORKS FINE IN LONDON, ONT.

London, Ont., Dec. 8.—Juvenile delinquency in the city has slunk unobtrusively since the curfew law came into effect more than two weeks ago. It is shown by police court records.

Since that date two youths have appeared before Magistrate Graydon and the charges against them were of a minor nature.

## CITY COUNCIL DROPS BYLAW TO CONTROL

(Continued From Page 1)

did not think the assurance was adequate. They did not want the motor bus proposal side-tracked.

Controller Gibbons said legislation would have to be obtained in any case before motor buses could be put into operation. After getting this legislation, the commission would merely have to go to council for the money.

The recommendation of the board was accepted.

**Stadiums Plans Upset.** The bylaw to authorize the expenditure of \$200,000 for the building of stadiums in various parts of the city was struck out on the recommendation of the board.

No opposition was offered to submitting to the people the question of partial exemption from taxation of small dwellings.

The words in which the board of control desired to present the water mains question to the ratepayers were not acceptable to council, and the following amendment, proposed by Ald. Plewman, was accepted.

"The board recommends that a question be submitted to the municipal election on January 1 next as follows: 'Do you in favor of a bylaw being passed to provide for the laying of domestic water mains may be undertaken as local improvement?'"

If an affirmative answer is received from the ratepayers, next year's council will apply for the necessary amendment to the act.

As the board's recommendation stood, it called for the laying of all water mains as local improvements, and not otherwise. It was pointed out that it would not be practicable to lay pumping mains on the local improvement system.

## NEGLIGENCE CHARGE BY CORONER'S JURY

Bernard Craney to Be Tried for Manslaughter as Result of Motor Fatality.

Bernard Craney, 80 Beverley street, who was alleged to have run down Walter Spencer on College street on Nov. 22, causing injuries which resulted in his death, was accused of criminal negligence last night at the city morgue by the coroner's jury under Dr. R. H. Hopkins. The jury added in its verdict that the driver did not stop the auto to give aid to the injured man and tried to evade detection.

Spencer, according to the evidence, was walking along College street about 10.10 p.m. on the day of the fatality with Mr. Duvall and Mr. Johnson, and, while crossing the street, was struck and pushed about 25 feet by the front wheel of the car, which, however, did not run over him. The driver backed up to release the man and then drove off, without getting out of the car.

Mrs. Lena Scott, 677 Manning avenue, said that Craney had called at 8 p.m. on November 22, and had remained an hour, in answer to questions regarding liquor by Mr. Harris, who acted for the crown, she replied that in an attempt to save the life of her dog she had given it all she had, and that there was no liquor in the house when Craney called.

**A Reticent Witness.** Wm. Getty, 80 Beverley street, proved to be a very reticent witness, and thought nothing of the fact that Craney had been on the 23rd he had returned the car to Bailey without notifying Craney. The car was standing outside in the rain and he got another man to drive it home. He did not discuss the accident with Craney, Bailey or the driver, Swan.

About 11 p.m. on November 22, Craney called at 28 Soranore avenue and told Mr. Rosebush that some friends were waiting for them on Dupont street. They were out about 12 p.m. He did not let him out at 80 Beverley street, as Craney said.

Craney told Detective Crow that he had been on the Hamilton highway on the night in question and had not been on College street. Later he admitted having had a few drinks and he didn't know what he had said.

Coroner Hopkins: "You have heard the evidence. It is for you to say whether you want to be called as a witness."

Craney: "I have nothing to say." Craney will appear in court today on a charge of manslaughter.

## RETAIL CAKE BAKERS DECIDE ON NEW PLAN

At the annual meeting of the Retail Cake Bakers' Association of Toronto, held on Tuesday night, the following officers were elected: president, Jas. Barry (re-elected); vice-president, J. C. Woolley; recording secretary, G. H. Reid; corresponding secretary, R. E. Grant and treasurer, C. D. Fallow.

It was decided to follow the example of the trade in Pittsburgh and for one week in each month specialists in the output of some of the products that can be made from apples, consequently, will for one week in January be put before the public. At the corresponding monthly meeting each artist will produce a sample of his best work.

**NATURAL DEATH.** "Death from natural causes" was the verdict of Dr. J. D. McLeod's jury at the inquest held last night at the city morgue on James McKay, an employee of the National Showcase Co., who was putting wood in the furnace at the company plant on Nov. 27 when he fell over. He died in a few minutes.

Dr. Hamilton had examined him some days previously, when the deceased had complained of chest pains in his chest and judged him to be suffering from an original condition.

## EXPLANATION COSTLY

Council yesterday voted \$3,000 to defray the cost of advertising and holding meetings for the purchase of the Mackenzie power and radial interests.

Mr. T. Adams, of Ottawa, when interviewed by The World, said: "I have seen Mr. Raney and Mr. Nixon, and the matter has been left in the hands of the officials and myself to discuss any suggestions put before us."

General legislation in the province with regard to town planning, rather than private legislation, has been suggested, and Ottawa and London have submitted a legislation giving them more freedom in this respect.
