

The Great Rock Island Ry.

THE GREAT THROUGH ROUTE
—OR—
OMAHA AND KANSAS CITY
—AND TO—
All Western Points beyond.

THE ONLY ROAD
WITH DIRECT
Northern, Western & South-Western
CONNECTIONS.

Makes Depot Connections with all Western Roads; is, in fact, the Connecting Link between Eastern and Western Railways. The Northern Route—

THE CELEBRATED ALBERT LEA ROUTE

Is the favorite road to the NORTHWEST and MANITOBA, and the one resorted to for sight-seeing and grand scenery. It is, *par excellence*, the Road of accommodations, the *Day Cars* being superb and comfortable, the *Sleepers* luxurious, and the *Diners* just perfection.

Its 11 A. M. Train runs solid from Chicago to Minneapolis, without break or change, making the distance in **EQUALLY AS GOOD TIME** as Roads claiming a shorter route—making also the *same (and only)* MANITOBA and NORTHERN CONNECTIONS with *equal certainty*.

DON'T BE MISLED, but ask the nearest Railway Agent if this is not so, and **BE SURE** and see that your Ticket reads by way of the Rock Island Route.
