Hon

Minister of Interior

Ottawa

I am very anxious to have
the wild lands of the Indian reserve
sold by Public Auction. It would be
for the advantage of the Indian settlers as
well as for the County. There are only a
few families and they are quite able to
care of themselves. Some of them hold
positions in the County. They have
three thousand acres and they have
been pressing me to bring about a sale.
Please notify me how to proceed.
