

BOOK AND STATIONERY WAREHOUSE, 'KING STREET, TORONTO.

JAMES LESSLIE takes this opportunity of expressing to his numerous Patrons and Friends the grateful sense he entertains of the patronage and support which for the last 25 years have been given, first to the Firm of E. Lesslie & Sons, and latterly to that of Lesslie Brothers; and to announce, that after a temporary cessation of business, for the purpose of winding up the affairs of his late deceased Brother and Partner, he has again RE-OPENED, with a FRESH STOCK of GOODS, at his old Stand. From the long experience he has had in the Trade, and the facilities placed at his command for procuring his Stock at the very best markets, he is warranted to say that no house can furnish goods on better terms; and as he designs to confine himself principally to a ready-money business, every article in his line will be CHARGED AT A FIXED AND UNIFORMLY SMALL ADVANCE ABOVE COST.
