LOCAL NEWS

FOR THE MAYORALTY

Edward Sears informs the Times that he is definitely in the race for the mayoralty and making a vigorous canvass.

A HEAVY DELIVERY

On account of Saturday's Montreal train being late, the letter carriers of the city left the post office this morning with an unusually heavy amount of mail. Besides the letters from four Montreal trains they had the contents of two English mails.

ART STAFF AT THE LAKE

A great crowd of people went to Lily Lake yesterday, many to skate, more to look on, and all in hope of seeing Clara Robinson and the winning professional skaters perform. Art Staff was the only one on the ice and he furnished some thrills. Local skaters trailed him in a pack as he circled the rink; then he would put on a burst of speed and shoot away in laughing and leery enjoyment of it all. His style and speed were the admiration of everybody. To the small boys he was a hero and he was surrounded in the dressing room with a coterie of lads all eager to do him some little service.

INJUNCTION CASE

In Chambers this morning before Chief Justice Sir Denis Hagan an argument was heard in the matter of an injunction taken out by R. St. J. Freese of Sussex in connection with a certain distraint by John O'Regan against Thomas H. McKilup. The distraint was made for rent for the amount of \$200. The defence contends that the distraint was illegal as entrance was made through a window, that no rent was due and is claiming damages. The plaintiff argues that if damages can be compensated in a pecuniary way no injunction lies. A decision as to the injunction will be given on Monday next.

FOR THE CANNERS

The London Chamber of Commerce advises the St. John Board of Trade of the adoption of the following resolution by the canned goods trade section of the chamber and requests that Canadian exporters of canned goods give it consideration. "That received for shipment bills of lading unless accompanied by an undertaking from the stevedoring company, shall not be accepted by the members of this section for shipment by all-water route, and that the secretary be instructed to forward copies of this resolution to the chambers of commerce at the chief British, foreign and U. S. A. ports. "That ship's orders or delivery orders shall be deemed proper tenders on c.l.f. contracts where bills of lading are not available.

TELL OF PROWLER SEEN IN YARDS

Incidents of Last Night Near Corner of Wentworth and King Street East.

A charge against Charles Emil Wolfe of lying and lurking in a yard near the corner of Wentworth and King Street East, on Saturday night about 12.15, was made in the court of Justice Sir Denis Hagan. He pleaded not guilty, and four witnesses were called.

Arthur Bowman testified that he lived near that corner. About 11.30 o'clock last night he heard footsteps in the snow of the yard, and looking out of the window saw a man across the yard next door and go out of the gate. At a little after twelve o'clock he again heard footsteps and got up for another look to see who was prowling around. He saw a man in the yard next door near the fence and quite a distance from the gate. He called the police and returned to the window. Just as he got there he saw the man climb the fence from his yard into the one where he saw him first and make for the gate. As he got within a few feet of the gate a policeman arrived and arrested him. This was less than a minute after he telephoned, he said, and he thought it was pretty quick work on the part of the police.

Jarvis Wilson gave similar evidence. He said he was awakened a little after twelve by hearing his daughter scream that there was a man at her window, and looking out he saw the man in the yard. He went to phone for the police when Mr. Bowman called to him. Policemen Chisholm and Dykeman told of getting a call from Mr. Bowman and rushing to the yard. Policeman Dykeman waited outside the yard and Policeman Chisholm went in and arrested the defendant. They saw no other man in the yard.

Detective Bidiascombe gave evidence that he had been called to the General Public Hospital last year by Dr. Hedlison and acting on information received from him, went to the house of the accused in Union Street. He warned Wolfe to leave town. The doctor had told him that Wolfe, who used to work at the epidemic hospital, had gone there about three o'clock one morning and entered one of the nurses' rooms. On account of her good name his charge was pressed, but they wanted him to get out of the city. Wolfe told him he had a wife and three children and couldn't get money enough to take them away. He was told to leave in spite of this. The detective also told of being called to Orange Street on Saturday night on account of several reports that people had seen someone their yards. The defendant said he had spent the evening in a pool room, which he left about five minutes to twelve. He went along Charlotte Street to Princess and down the latter to Wentworth, where he left a companion, telling him he was going to his home in Elliott Row. He met a man at the gate of the yard in which he had been arrested and they went in together. He came out of the yard and was arrested, he said. The other man was still there.

The case was set over for judgment. His honor said he might make it an indictable offence and send the accused up for trial. Six men, charged with being drunk, pleaded guilty. Five of them were remanded to jail. The sixth was allowed out last night on a deposit of \$58 and showed up this morning to answer the charge. He was told to get in touch with the man who had put up the deposit and some satisfactory arrangement would be made.

OUTSIDERS BID ON CITY LUMBER

Halifax and Amherst Firms Submit Figures for Harbor Supplies.

Fire Marshal Delays City Hall Elevator Erection—Plans for Next Year Paving—Another Meeting on Hydro Matter Soon.

The present condition of the lumber market was indicated at a committee meeting of the common council this morning when tenders from firms in Halifax and Amherst were included with a number of local bids for the supply of lumber for harbor and ferry departments. The meeting was presided over by Mayor Schofield and all the commissioners except Commissioner Thornton were present.

Commissioner Bullock said at the opening that if the city could sell its harbor property at the same rate asked by Senator Thorne for property damaged at the east side Boat—\$900 a foot frontage—it would be able to strike a fairly good bargain.

An application from William Collier for position as constable, were referred to the mayor. His Worship remarked that he planned having these applications go through the sheriff in future.

Elevator Hold-Up

Notice of a possible delay in the installation of the new elevator in city hall was contained in a report from G. H. Hare, city engineer. He said that H. H. McEllan, fire warden, objected to the construction of the pent-house at the top of the shaft being built of frame construction covered with galvanized iron and insisted that it should be of steel. He said that three days' labor and some material had already been lost. Commissioner Bullock remarked that the original cost was \$15,000, but it looked as if the final price would be much higher. He said it would have been cheaper to purchase the building next door at the assessed value of \$10,000 and use it for the city hall overflow. However, this had been twice turned down by the council.

Commissioner Bullock questioned the right of the fire warden to overrule the permission given by the building inspector. The matter was referred to the mayor to arrange for a conference of those interested this afternoon at 3 o'clock.

H. W. Parlee, who has recently taken over the Chevrolet garage in the Hamden building, 483 Main Street, asked for permission to install an inside gasoline and oil tank on the premises. The matter was referred to the safety department. A bill from the Municipal Journal Co., Ltd., for \$18, the price of eight subscriptions to the paper for 1921, was referred to the common clerk, to ascertain to whom the papers were being forwarded.

Lumber Tenders

Tenders for lumber for the harbor department were opened and referred to Commissioner Bullock and the city engineer, as follows:

- S. Gregory—88 pieces spruce logs, \$1,911.
- Union Lumber Co.—\$52.25 a thousand for Douglas fir; 88c a foot for spruce logs.
- J. A. Likely, Ltd.—Douglas fir, \$47.50 a thousand.
- Thos. Bell—\$33.75 a thousand for Douglas fir.
- W. Malcolm Mackay—Spruce deals, \$25.75 and \$34 a thousand, according to size.
- J. A. Gregory—Spruce deals, \$24 to \$45 a thousand, according to size; spruce logs, \$28 a thousand feet.
- J. Roderick & Sons—Spruce deals, \$26.80 to \$35; Douglas fir, \$52.25; hemlock, \$38.
- Musgrave & Co., Halifax, hemlock, \$32.50; Douglas fir, \$54.75 to \$55.25.
- Rhodes, Curry, Ltd., Amherst—Spruce deals, \$28.90 to \$33; Douglas fir, \$55.

Paving Matters

Commissioner Frink said that some asphalt pavement in Princess Street, between Sydney and Carmarthen, and Duke Street from Chateaux to Sydney, was planned for 1922. The power company would be expected to put a concrete foundation under their tracks. He was negotiating with the power company regarding the replacing of wooden poles by concrete ones. New curbstones would be required for nearly all the street. This could be provided for by an unexpended balance of bonds issued for curbing, amounting to some \$6,900. Authority was given for Commissioner Frink to call for tenders for the curbing required, 1,464 feet, and to notify the power company of his plans.

Mr. Bullock asked if the city was intending to finance the power company for their share of the expense of the work in this street. He asked if the company had paid for the work done last year. The mayor said they had not paid the cost, but were paying the interest.

Another Hydro Meeting

The mayor said he would like to arrange a meeting with the premier and the hydro commission to further discuss the hydro matter. The matter was left to the mayor's hands.

BURIED TODAY

The funeral of Mrs. Sarah Black was held this afternoon from her late residence, 227 Prince Edward Street, to the Cathedral for service by Rev. S. Oram. Interment was in the new Catholic cemetery.

Reductions From Our Usual Low Prices Mean More Than The Ordinary Sale

Every woman prides herself on her buying. She is quick to recognize good values. If she does not know comparative prices she soon finds out. Unlike a man, she insists upon shopping around until she finds just what she wants at a price that satisfies.

Because we know every woman will shop around at least until she has learned to have confidence in one store—we always urge that our quality and our prices be used as a basis for comparison.

Our values are worthy—our quality is always good—we never have merchandise of questionable construction. However, questionable furniture is made. Considering quality and the fact that our furniture is guaranteed—our prices are always very reasonable.

And now from our low prices everything is reduced—reductions you'd hardly believe existed. Won't you come in and let us show you?
