cooking or eating fish must have failed to give it a fair trial. If she really wants to learn how to make the most of fish, and every patri- "Why not?"

at Ottawa or from any of the prov committees of the Food Board. REMEMBER!

A sad little story comes in a letter from France. Of all the dreadful sights of war nothing had touched the Canadian soldier who wrote more than the sight of a poilu with one arm and one leg guiding a plough drawn by a strange team—his wife and an ox.

Yet we think we have to undergo hardships here and we murmur because we have to use substitutes and to eat less sugar.

The death occurred at Quebec city on October 20 of Dr. Withall P. Gale, of Spanish influenza and pneumonia. Dr. Gale was well known in St. John, having been for ten years ship surgeon on the C. P. R. steamer Empress of Britain, and later on the Missanabic. While scattered about the province are several of his classmates of McGill where he graduated in 1903.

Class Distinctions. "The Blanks and the Browns are both newly rich, but they don't associate."

Safe Transit

Our Year Book, coupled with the convenience of His Majesty's Mails, affords you a safe and satisfactory means of shopping as you can find anywhere. Unwards of seven hundred millions of letters were written and mailed from thirteen thousand Post Offices all over Canada during last year. The method is so simple—no hurrying through crowded shops—no uncomfortable travelling—you just drop us a request for our Year Book, and in the quiet of your own home, you can be waited on by the best silent salesman ever sent out by any estabblishment.

Your selection made, you await the return mail for the gift in the well-known "Blue Box"—you just know you will like it before e er it r aches you.

A Stitch in Time

THERE is a homely old proverb which tells us that "a stitch in time saves nine."

If the man who said it first had been thinking of health, he would probably have said that a stitch in time saves nine hundred and ninety-nine, so important is it to repair those first tissues that become impaired by ill-health.

impaired by ill-health.

This is no new doctrine. It is as old as man. Unfortunately (to paraphrase another proverb), we too frequently put off until to-morrow what we ought to do to-day.

Failing to repair the first tissues that need repair, allowing the malady to continue unchecked, other tissues become impaired, for all parts of the body are sympathetic.

The trouble spreads. And—then comes the rent. Nervous disorders may show themselves in various ways, such as sleeplessness, headaches, neuralgic pains, nervous prostration and exhaustion, while later developments take the form of paralysis, locomotor ataxia, or some form of helplessness.

Strangely enough—all these symptoms are preventable, if that stitch had been taken in time. It is here that Dr. Chase's

Nerve Food becomes important. We do not say that it is the only means of preventing the rent, but we do say that many

years of experience have proved its value as a repairer of wasted nerve tissues that have become weakened by overwork, anxiety, or other causes. When we say that the value of Dr. Chase's Nerve Food has been proved we are speaking by the book. We might, at

considerable length, tell you why Dr. Chase's Nerve Food will make that stitch if taken in time and prevent the rent, but we have always proceeded upon the idea that people are more interested in know-ing what has been done in cases similar to their own.

Mrs. W. T. Abbott, 536 Paterson street, Peterboro', Ont., writes: "My system was in a rundown condition, and I was troubled with nervousness and sleeplessness. For some time also I had been bothered with neuralgia, and although I tried many remedies, it was without success. Upon the advice of a friend I commenced using Dr. Chase's Nerve Food, and soon found that my neuralgia was cured, and I have not been troubled in this way since. I also find that now I can eat and sleep well, and I give full credit for this and sleep well, and I give full credit for this great benefit to Dr. Chase's Nerve Food. I might also mention that I had lost considerable in weight, but after using the Nerve Food I gained back the flesh I had lost."

You can obtain Dr. Chase's Nerve Food from any dealer at 50 cents a box, six for \$2.75, or from Edmanson, Bates & Co.; Ltd., Toronto.

was, before enlistment, employed a To very many friends in the city the news of the sudden death of Gunner Walter W. Armstrong, of the 9th Siege Battery, which occurred suddenly yesterday afternoon from pneumonia at the military hospital, St. James street, will about one week ago with a very heavy cold which late on Tuesday night devolutions.
