WAYS IN NEWFOUNDLAND.—There  
of railway contractors in New-  
land, that Island having, up to the  
time, escaped the Railway fever,  
the resources in this respect are  
untouched. The Montreal Star

Legislative Assembly of Newfound-  
land proposes to grant an annual subsidy  
of \$500 to any company which will  
construct a railway across the island from  
St. John's to George's Bay. This is un-  
der the line which was recommended  
by Mr. Sandford Fleming in  
his report with his shortest route to Eu-  
rope. The line across the  
island surveyed several years ago by  
the Island Government and under-  
taken by Mr. Light, who also under-  
took had been said in its favor by  
him. If it be all that is contend-  
ed for this line in connection with the  
main Railway and the required  
service across the Gulf of St. Law-  
rence would enable the Atlantic trade  
in mails and merchandise to be  
expedited from a point of  
view almost 1000 miles nearer  
New York, thus avoiding  
of the voyage between New York  
and St. John's. Years ago this shorter  
route was warmly endorsed by  
the United States, and it may  
be the action of the Newfoundland as-  
sembly will have some effect in bringing  
consummation.

SICKVILLE, N. B., Feb. 13, 1877.  
J. H. ROBINSON, Esq., St. John N. B.  
Dear Sir:—Early in October last I took a se-  
vere cold which settled on my lungs. After hav-  
ing a bad cough for about six weeks, I had a  
severe attack of bleeding from the lungs, while  
on a voyage to Queenstown, N. B. I had  
daily spells of bleeding for some days, until I  
lost about two gallons of blood, and was so weak  
as to be scarcely able to stand. I put back to  
Queenstown, where I received such medical as-  
sistance as enabled me to get home.  
I saw an advertisement of your Phosphorized  
Cod Liver Oil Emulsion in a paper. I immedi-  
ately went and got a bottle of it, and after tak-  
ing which I feel myself a new man again. My  
weight which was reduced to 120 pounds, is now  
up to my usual standard 152 pounds. Seeing  
what it has done for me, I can confidently recom-  
mend it to others afflicted with lung diseases.  
Yours Very Truly,  
(Signed) JOSHUA HARPER,  
of the brig "Mary Lowmison".

Parks' Cotton Yarns!

Awarded the Only Medal Given at the  
Centennial Exhibition

For Cotton Yarns of Canadian Manufacture.  
No. 15's to 10's.

WHITE, BLUE, RED, ORANGE and GREEN.  
Made of Good American Cotton with great care  
Correctly numbered and Warranted Full  
Length and Weight.

WE would ask the purchasers of Cotton Warp  
to remember that our Yarn is spun on Tur-  
lock Frames, which make a stronger yarn than the  
Ring Frames, used in making American yarn.

It is also better twisted and more carefully re-  
died each hank being tied up in 7 lbs. of 120  
yards each. This makes it much more easy to  
wind than what is put up without lead—as the  
American is—and also saves a great deal of  
water.

Those acquainted with weaving will understand  
the great advantage it is to them to use yarn put  
up in this manner.

COTTON CARPET WARP,  
Made of No. 10 Yarn, 4-Ply Twisted.

WHITE, RED BROWN, SLATE, &c.  
All fast colors.

Each 5 lb bundle contains 10,000 yards in  
length and will make a length of Carpet in pro-  
portion to the number of this in width.

We have put more twist into this warp than it  
formerly had, and it will now make a more dur-  
able Carpet than can be made with any other ma-  
terial. Since its introduction by us, a few years  
ago, it has come into very general use throughout  
the country.

All our goods have our name and address upon  
them. None others are genuine.

THE GREAT CAUSE OF HUMAN  
MISERY.

22 We have recently published a new edition  
of DR. CULVERWELL'S CELEBRATED ESSAY  
of the radical and permanent cure (without  
medicine) of Nervous Debility, Mental and Phys-  
ical Incapacity, impediments to Marriage, etc.  
resulting from excesses.

Price, in a sealed envelope, only 6 cents,  
or two postage stamps.

The celebrated author in this admirable Essay  
clearly demonstrates, from thirty years' successful  
practice, that alarming consequences may be  
radically cured, without the dangerous use of inter-  
nal medicine, or the application of the knife;—  
pointing out a mode of cure at once simple, cer-  
tain and effectual, by means of which every suf-  
ferer, no matter what his condition may be, may  
cure himself cheaply, privately and radically.

This Lecture should be in the hands of  
every young man in the land.
