

## SPORTING INTELLIGENCE.

**New Course Arranged for Yacht Races to be Held During the Celebration.**

**The Schedule Arranged for the British Columbia Baseball League.**

## LACROSSE.

**THE SENIORS MEET.**  
The schedule arranged by the provincial association was the subject of discussion by the Triangle club last evening. The New Westminster team had insisted on a game being played in that city on the 24th of May, which from "time immemorial" in the history of lacrosse in British Columbia has been Victoria's day in sporting events. The Victoria team will celebrate the Queen's Birthday as usual, and the lacrosse boys thought that Saturday, the 25th, would be a favorable day for the first match and had so determined. Westminster players said that there must either be a match on the 24th at Westminster or they would not join the league. Thus it became a question of compromise if the league games were to be continued, and it was arranged that a game would be played at Westminster on the 24th, between the Westminster and Victoria clubs. This will be somewhat difficult for the Triangle club, as the attractions at Victoria on the 24th will be hard to give up, and there is an uncertainty that both teams will be able to come to Victoria in time for the game on the 25th, as the regular steamer would have to be held until a late hour on Friday or a special trip would have to be made. Until this difficulty is got over, and it is quite certain that the teams can be brought from Westminster in good time for the match here on the 25th, the Triangle club will not be willing to accept the schedule as arranged. That difficulty, however, is expected, will be removed, and in all probability the national game will be opened for the season in the two cities on the days mentioned. The Triangles hope to maintain the prestige of the old Victoria club, and to do so are most anxious to agree with the other clubs as to dates, etc. It would, however, be too much to suppose that our players would consent to absent themselves from Victoria for two days during a celebration in which they are expected to participate and of which a lacrosse game will be a chief attraction. For the purpose of arranging transportation to meet this difficulty the meeting appointed Messrs. Templeman, Fullerton and Ward to interview the C. P. N. company. W. E. Ditchburn was chosen club captain, and C. L. Cullin and J. Fullerton were named the supply committee. Instructions were given to have 500 gentlemen's and 200 ladies' season tickets printed, the former to sell at \$2.00 (a reduction of \$1.00 from last year), and the latter for \$1.00. These tickets admit to all league matches (four) and to the grand stand. Among the probable players are W. H. Cullin, C. L. Cullin, G. A. Caldwell, W. C. Jackson, G. D. Tite, W. E. Ditchburn, F. E. Cullin, A. E. Belfry, Ross Eckardt, T. C. Cusack, H. E. Morton, D. M. Patterson, A. E. Macnaughton and F. Smith. A team picked from these players can win the championship for 1895.

## BASEBALL.

## LEAGUE ORGANIZED.

At the meeting of the British Columbia Baseball Clubs League, held at Nanaimo on Tuesday, the following officers were chosen: Mr. J. Clark, president, Nanaimo; Mr. C. H. Gowen, vice-president, Victoria; Mr. W. A. Craig, second vice-president, Vancouver; Mr. R. W. Emerson, secretary-treasurer, Vancouver. Umpires for the season: T. Haynes, Nanaimo; T. Edwards, Victoria; J. Lewis, New Westminster; G. L. Allan, Vancouver. The schedule of games was arranged as follows:  
Vancouver vs. Nanaimo, at Nanaimo, May 11th.  
Victoria vs. Nanaimo, at Nanaimo, August 24th.  
Westminster vs. Nanaimo, at Nanaimo, Sept. 25th.  
Westminster vs. Vancouver, at Vancouver, June 22nd.  
Victoria vs. Vancouver, at Vancouver, July 27th.  
Nanaimo vs. Vancouver, at Vancouver, August 7th.  
Vancouver vs. Westminster, at Westminster, Sept. 21st.  
Nanaimo vs. Westminster, at Westminster, August 3rd.  
Victoria vs. Westminster, at Westminster, Sept. 7th.  
Nanaimo vs. Victoria, at Victoria, June 8th.  
Vancouver vs. Victoria, at Victoria, July 20th.  
Westminster vs. Victoria, at Victoria, August 10th.

## THE RIFLE.

## BISLEY TEAM.

Major Ibbotson, who last year commanded the Canadian Bisley team, in his report points out that the twenty members won seven first prizes, five second, five third, and 121 others, amounting to £550 in cash, besides prizes in kind to the value of £65. The most important individual prize ever captured by Canada was won by Staff Sgt. W. C. King, who in a field of 1833 competitors took first prize in the St. George's competition, winning for the year the St. George's challenge vase and Dragon cup, besides the gold cross and cash prize of £30. This match is in two stages—the first consisting of seven shots at 600 yards, and the second of ten at 800. Sergeant King's score was 77 points out of a possible 85. This prize ranks next to the Queen's in importance, being—unlike the Prince of Wales', several times taken by Canada—open to all efficient volunteers.

Further on Major Ibbotson says: "There are no reasons why the various provincial associations, in conjunction with their respective local governments, should not contribute to the fund of the D. R. A. a specified sum per capita and

nominate as many of their best shots as the subscription would cover. In some such way the team might be substantially increased, and men of undoubted ability who, for various reasons, may have missed getting into the twenty enabled to take their place in the Canadian contingent." With such a plan no province need be left unrepresented in any year." It has been suggested that all the leading Scottish meetings be amalgamated to form one grand Scottish meeting just previous to the Bisley meeting, and Major Ibbotson suggests that the Canadian teams leave in time to take part. Gunner J. C. Chamberlain will represent the B. C. B. G. A.

## YACHTING.

## THE COURSE CHANGED.

The Victoria Yacht Club, under whose auspices the yacht races will be held during the celebration, have made a change in the course that will commend itself to the general public. Heretofore the yachts have been out of sight of the people on shore during almost the whole race. The new course is arranged so that they will always be in full view of Dallas road, in fact they will never be more than a mile away from Finlayson Point, the starting place. The yachts in the big races will have to go around the course three times. A meeting of the club is to be held this evening to complete the incorporation of the club house association and consider the tenders for the pontoons for the house.

The rules of the club, which will govern the celebration races, have been published in pamphlet form, including a time allowance table and diagram explaining how the rating is calculated.

Commodore Kirk's new yacht is anchored off the bridge and is being admired by experts. She has not yet been rigged.

## THE TURF.

## AN AFTERNOON'S RACING.

At Bowker Park on Saturday afternoon, May 25th, there will be three interesting races, R. Stanley, the lessee of the park, having been assured of a number of entries for each event. The first race is open to horses that are eligible to the three minute class to be driven by gentlemen drivers to road carts. Second race, a cigar and bonnet race, and the third a grand steeplechase. The list of prizes and conditions is published in another column. Entries must be in before Tuesday evening, May 21st, at 6 o'clock. The prizes are on view in the window of Messrs. Challoner & Mitchell.

## THE PINGREE PLAN.

Seattle's Scheme for Aiding the Unemployed.

Seattle, May 3.—The success of the Pingree plan and also of the Co-operative Industrial Society, both of which are conducted along the same lines, is assured, and the means by which nearly 200 "deserving" families are placing themselves in a position of comparative comfort and independence are being provided. By the efforts of the organizers of the Pingree plan, thirty-seven district tracts of land about the city have been secured free of cost for the purpose of gardening, while the Co-operative Society has been donated a five-acre tract in the Duwamish valley by County Treasurer Maple, where about fifty men, all representing families, are now at work planting potatoes and other vegetables. The several tracts about the city now present a busy scene, 177 men being at work with garden tools and seeds, furnished free of charge, planting gardens, and thus preparing for a winter's supply of food and making sure of securing sufficient money for the purchase of necessary clothing for themselves and helpless children. All appear happy and hopeful and the prevailing weather has been a godsend to them.

## NEWFOUNDLAND.

Rather a Crown Colony Than Union With Canada.

St. John's, Newfoundland, May 3.—The greatest uncertainty prevails regarding confederation with Canada. The government received letters from the Dominion cabinet last night and considered them to-day. Those qualified say that the agreement continues. Non-official members of the government say that confederation is dead and the only alternative is to accept the position of a crown colony.

The ministers held two conferences with Governor O'Brien yesterday, it is supposed on the French shore question. The governor insists upon the holding of a general election before the question of confederation is submitted to the assembly. The Whitewayites, the government party, refused to agree to this, fearing that they will be defeated.

## AN ALASKA HURRICANE.

The Sealing Schooner White Lost With Seventeen Hands.

Port Townsend, via Seattle, May 3.—Advises from Kodiak Island, Alaska, to-day, say that a terrible northwest gale swept over that section of the country on April 14, wrecking the sealing schooner George R. White, of Seattle. Seventeen of the crew were drowned and frozen to death on the barren shore. Eleven survivors were left to relate the story. The vessel struck a reef at midnight two miles from shore. A terrible gale was blowing, which, with a blinding snowstorm and the mercury 3 degrees below zero, made the situation extremely desperate. The survivors are suffering from frost-bitten limbs, which have been amputated. Four days after the disaster a party of native hunters passed by and rescued the survivors. The schooner Kodiak was wrecked in the same storm, twenty miles distant and was a total loss; no lives, however, were lost.

World's Fair Highest Medal and Diploma.

## A NATIONAL BLESSING.

**Paine's Celery Compound is Used in Thousands of Canadian Homes.**

**Wherever Physicians Practice It is Freely Ordered.**

**It is Generally Used All Over Three Continents of the World.**

The greatest national blessing of the present day is Paine's Celery Compound, now so generally used in thousands of Canadian homes. The reputation and popularity of this wonderful medicine is now fully established over three entire continents, and able physicians freely prescribe it from day to day. A noted physician recently wrote to the proprietors of Paine's Celery Compound as follows:

"In torpidity of the liver and nervous debility and kidney disorders, Paine's Celery Compound acts like a charm, restoring the general nervous system and these organs to their normal activity very speedily. It is of inestimable value, and possesses a wider range of action by far than any of its kindred remedies."

It should be carefully noted that all testimonials published in favor of Paine's Celery Compound come from men and women who are well-known

## DOMINION DISPATCHES.

Mayor Stewart Sues the Hamilton Times for Libel.

Toronto, May 3.—Armstrong, of McKellar, has been appointed sheriff of the county of York, in place of brother-in-law, the late Henry Armstrong.

The Lake of the Woods Milling Co. has made the contract for the necessary lumber to construct ten new elevators in Manitoba. A million and a half feet of lumber is needed. This makes 23 elevators to be built this season in this province.

Paris, Ont., May 3.—A boy named Harold Jones was drowned in the river last evening.

Toronto, May 3.—Mrs. B. B. Osler, wife of the noted lawyer, died last night, having been an invalid for years.

Pembroke, May 3.—Mrs. Gamble, aged 85, was killed by the Winnipeg express at Level Crossing yesterday.

Westmeath, May 3.—Nelson Lingstrum, aged 19, and employed at Tucker & Hodges' mill, was drowned yesterday.

St. Catharines, May 3.—W. B. Burgoyne, editor of the Standard, was elected councillor yesterday by two votes over J. S. McClelland, editor of the Star.

Toronto, May 3.—Clara Ford's confession to Detective Reburn in connection with the Westwood murder was admitted as evidence. Reburn was the principal witness.

Port Burwell, Ont., May 3.—Eric Lodge, a popular summer resort, owned by Q. C. Scott, Tilsonburg, was destroyed by fire yesterday. Loss \$4000, and insured.

Hamilton, May 3.—Mayor Stewart has entered an action for libel against the Times for its editorial reference on the 2nd inst. to the fact that a recent part he took in connection with a recent athletic tournament. The paper accus-

ed the mayor of preventing police interference.

Port Colborne, Ont., May 3.—Steamer N. K. Fairbanks, from Chicago to Ogdensburg, with 50,000 bushels of corn, ran ashore on Morgan's Point about nine miles west of this place this morning. The boat caught fire and burned to the water's edge. The cargo is a total loss.

## MYSTERIOUS MOVEMENTS.

Possibly a Filibustering Expedition En Route to Hawaii.

Port Townsend, May 3.—Mysterious individuals have purchased a large number of rifles, stores and ammunition from the gun stores in nearly all the cities and towns on Puget Sound, and even Portland has been drawn upon. A mysterious schooner is reported to have been seen seaward bound. It is assumed by those who were watching the movements of the men and the vessel that they were bound for Hawaii.

## ATTEMPTED SUICIDE.

A Witness in the Durrant Case Tries to End his Life.

San Francisco, May 3.—C. T. Hill, one of the most important witnesses for the state connecting Durrant with the murder of Minnie Williams, tried to end his life by cutting his throat yesterday. He has been despondent because he lost his situation. He will recover.

Heart Disease Relieved in 20 Minutes.—Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in 20 minutes, and speedily effects a cure. It is a peerless remedy for Palpitation, Shortness of breath, Smothering Spells, Pain in Left Side and symptoms of a diseased heart. One dose convinces. Sold by Geo. Morrison.

## A DEATH DEALING CYCLONE

**Sweeps Over Northwestern Iowa Leaving Death and Destruction in its Wake.**

**School Houses Entirely Blown away—Many Scholars Maimed and Killed.**

Sioux City, Ia., May 4.—The Journal's Sioux Centre special says one of the most destructive and terrific cyclones which ever visited the north-west corner of the state of Iowa passed through a portion of Sioux Centre early last evening. The storm appeared to originate about three miles north-east of Ironton, passing in a north-easterly direction and near Perkins, where it first struck the ground, and from there for a distance of twelve to fifteen miles not a building was left standing in its path, and the most unfortunate thing of all was its course through the section line of the school houses. So far two teachers are known to have been killed—Miss Anna Marsden and her brother, with from one to four children at each school. Four school houses, where school was in session, were entirely wiped from the face of the earth. Not a vestige was left, except a few rocks to mark where they stood, and the pupils were carried from a quarter to half a mile, where they were found, some dead and others badly injured. At the school house where George Marsden was teaching not a vestige of the building remained, and Mr. Marsden was found some distance away in a field dead with two scholars. The two little girls of John Koster, belonging to the same school, were found clinging to each other where they had been driven into the wire fence. Two sons of T. H. Haggie, belonging to the same school, had both legs broken and are internally injured. The residence of Mr. Haggie is just west of the school house, and where stood the good buildings nothing is left, and while Mr. Haggie escaped without any permanent injury his eldest daughter was found lodged in a tree where she had been hurled by the storm and so seriously injured that death is expected momentarily. Two grown boys who had come from a field at the approach of the storm were injured, one seriously, the other fatally. Horses, cattle and vehicles were hurled through the air like chaff, and the country for three-quarters of a mile long by half a mile wide is entirely wrecked. It is impossible to give the total number of dead and wounded. At least 52 people are believed to have been killed.

Sioux Falls, S. D., May 4.—During the cyclone which did considerable damage at West Sioux Falls and vicinity there was a regular cloud of dust twenty miles north, followed by an immense rise in the river. The Sioux at Tilly is running over the Milwaukee tracks and Skunk creek is flooding the farms.

Webster, S. D., May 4.—The northern portion of Spink county was swept by the cyclone last night. The greatest damage reported was at Ashton, where the opera house, Congregational church, and houses, granaries and barns for miles beyond East Ashton were completely blown away.

The towns of Sioux Centre, Ireton, Orange City, Perkins, Doon, Hull, Sheldon, Alton, Ashton, Sibley and Lemars were almost directly in the path of the cyclone. The storm was followed by a furious wind and rain storm, which had not abated at an early hour this morning. Numerous victims were found lodged in trees where they had been hurled by the wind. Where once had stood fine residences could be found nothing but the cellar hole, and in some cases a few twisted timbers, while strewn all over the ground were portions of the building and furniture, bearing not the least semblance to their original form.

## Law Intelligence.

In the case of Heaven and Yates vs. Fell Mr. Justice Drake yesterday rendered his judgment. In briefly summing up the evidence he held that the memorandum made by Mr. Worlock went only to show what was in Mr. Worlock's mind at the time he gave the Canada Western Hotel stock to Mr. Fell the day before the assignment. This is in accordance with the evidence of other witnesses present at the meeting of creditors at the Y. M. C. A. hall went to show that the shares were taken by Mr. Fell in settlement of his costs. His lien as far as the costs due him by the bank was discharged. In short the proceeds of the stock went to payment of costs due by Greer, Worlock & Co. to Fell before the assignment in reduction of his deposit receipt for nine hundred dollars, that the two dishonored drafts were not debts due by the bank, that the solicitors' lien for costs was discharged, but the defendant had a further right to hold papers and documents on account of costs due by him by reason of the work done for the assignees, and on the payment of such amount to him he was to deliver up all papers. His lordship also held that the transfer of the Canada Western stock was not a fraudulent preference. The plaintiffs were allowed the costs on the general issue, but the defendant was allowed the costs of the issue of fraudulent preference. Mr. Bodwell for plaintiff; Mr. Gordon Hunter for defendant.

When Baby was sick, we gave her Castoril. When she was a Child, she cried for Castoril. When she became Miss, she clung to Castoril. When she had Children, she gave them Castoril.

## SERMON

Reference to the Speech of Mr. on May 10.

Warned to Avoid Vain Babbles.

At the close of the famous Episcopal church, evening, Rt. Rev. Bishop to the paper "D Power," read by the meeting of the church recently held in mon follows:—

"And I if lifted up unto me." When I codemus: "As Moses sent in the wilderness Son of Man be lifted believe in Him shall have everlasting life, the crucifixion, a properly understood, confusion which too simple, wide and simple, in Christ Jesus, spair and misery, the look and be healed are of our salvation as that if, in our de look to him on the ed; then what shall ing saved?"

Yet how many say in view of the many the word of God in their duty towards other. But think how much in that presents. What wounded and dying sense of their perils of their entire dependence; coupled as they had displeased obedience, this, and way of pardon, as w
