DOWLING BROS., 95 KING STREET, ST. JOHN N. B.

TEMPERANCE COLUMN.

By the W. C. T. U. Christian Temperance Union of St. John.

Trust the people—the wise and the ignorant, the old and the young—the best and the worst.

For some years it has been the custom for the W. C. T. U., if possible, to celebrate in some way the landing of the Loyalists. This year on May 15th at 8 o'clock they will have a public meeting in Centenary church school room.

Articles are always of interest to the public, has kindly consented to write a short paper, talking for his subject the Loyalists. Patriotic songs will be sung by Mrs. W. J. Davidson, Miss Drake and others, and there will be one or two readings by some of the best local talent.

The St. John W. C. T. U. find their new meeting place for Tuesday afternoon much pleasanter than the former room on Orange street, where the rumbling of heavy carts and the noise of street traffic generally was far from agreeable.

The quarterly convention of the St. John county convention will be held in Fairville on Thursday, May 14, at 8 o'clock.

At a recent meeting of St. John W. C. T. U., the delegates were appointed to the provincial convention, to be held in St. Stephen, as follows: Mrs. Stephen King, Mrs. Emma Clark, regulars, and Mrs. (Dr.) Day and Mrs. Porter, alternates.

DYNAMITE EXPLOSION

Thomas Love Instantly Killed at Armstrong's Lime Quarry,

And James Cody Fatally Injured on Wednesday, 12th Inst.

The Charge Contained Three-quarters of a Pound of Dynamite—Verdict of Coroner's Jury.

Thomas Love was instantly killed and James Cody fatally injured on the 12th inst. by the premature explosion of a dynamite cartridge in the quarry of the Armstrong Lime Company at Green Head, in the parish of Lunenburg.

Yesterday morning Cody, who had charge of the blasting operations in the quarry, with the assistance of Love and Wellington Turnbull, drilled a hole about three and a half feet deep in the rock and as soon as they had put in the dynamite, one of the men proceeded to insert the dynamite with which to make the blast. Love, by the foreman's directions, got the cartridge ready. It contained about three-quarters of a pound of dynamite. The fuse was attached and the explosive placed in the hole. Then followed the necessary tamping, that is, the filling in on top of the cartridge with broken stones and the dust which is always to be found about such places. Love was kneeling down by the hole, throwing in this material and Cody was punching it down with an iron bar.

They had been thus engaged but a few seconds, when the bar driven down by the force of the explosion, struck Love's face, and he was hurled fully thirty feet by the force of the explosion. When the bar struck his face, he was hurled fully thirty feet by the force of the explosion. When the bar struck his face, he was hurled fully thirty feet by the force of the explosion.

TURKEY WILL ACCEDE

To Request for an Armistice and is in Hands of Powers.

It is Feared that Autonomy Will Fail to Pacify Crete.

Turkish Government Demands a War Indemnity of Three Million Pounds.

Athens, May 12, 3.30 p. m.—The Assy approves of the decision of the government to accept mediation, and urges upon the powers, which help to aggravate the situation, calmness and obedience.

The Acropolis asserts that the decision of the powers should be respected, and discusses the chances of an honorable peace.

The Karl attacks Premier Ralli for peace, and other newspapers urge the government to organize for defence, that if peace is impossible it can continue the war on the most favorable conditions.

It is officially stated this afternoon that there were German officers on the Turkish steamer which was captured by the Greek warships off the island of Tenedos.

Athens, May 12.—It is officially announced that the powers have notified the Greek government which was captured by the Greek warships off the island of Tenedos.

Constantinople, May 12.—The ambassadors of the powers held a prolonged conference today, at the close of which they presented to the Turkish government a collective memorandum proposing an armistice between Turkey and Greece on the basis of the negotiations for peace now in progress through the powers.

The memorandum which was presented to Ahmed Fawik Pasha, the Turkish minister of foreign affairs, by the dean of the diplomatic corps, Baron De Calice, the Austro-Hungarian ambassador, enumerates the conditions which have been accepted by Greece and begs the Porte to issue the necessary orders to prevent the progress of the Turkish troops.

Athens, May 12.—It is now officially denied that German officers were found on board the Turkish transport ship captured yesterday by a Greek torpedo boat off the Turkish island of Tenedos.

London, May 13.—The Rome correspondent of the Daily Mail says: "It is believed that Turkey will accede to the request for an armistice, and will place herself in the hands of the powers. The general conditions of peace and a strategic withdrawal of frontier troops which Turkey insists, have been already acquiesced in by the powers. It is probable that the powers will land additional troops in Crete."

London, May 13.—The Times correspondent at Candia says: "It is feared that autonomy will fail to pacify Crete, owing to the opposition of 20,000 Cretan Mohammedans in the island. They suspect that autonomy will be a change of sovereignty, while the insurgents are still defiant and actually talk of resisting the departure of the Greek troops."

London, May 13.—The correspondent of the Times at Athens says: "Owing to the delay in transmitting the armistice the government has addressed a strong protest to the powers declining to bear the responsibility for further bloodshed and lead to serious complications."

Athens, May 12.—The fact that there is no news of fighting must be regarded as good news, but an uneasy feeling exists here. The Turks are trying to outflank the Greek position at Domokos, and the delay in the Porte's reply is interpreted as meaning that Turkey does not intend to cease hostilities.

Telegrams from the front report that both armies are concentrating in anticipation of an engagement.

The city continues quiet, though it is believed that the numerous Italian volunteers and socialists now here will endeavor to foment a revolution, leading up to a republic. But the Greeks are devoted to the monarchical idea, and it is believed that the worst of the war will be a change of sovereignty. The return of the Crown Prince Constantin to the capital might produce disturbances, but he is likely to be discreet enough to avoid Athens for a time.

London, May 13.—A despatch to the Standard from Constantinople says: "An imperial trade has been issued directing military governors to give preference to natives, wherever possible, in making official appointments. In obedience the official reports are not favorable. The Turkish reconnaissance in force at Domokos has been repulsed and the attack on Arta, which promised to be successful, has also resulted in a check. It is believed that Ethem Pasha is developing an outflanking movement with the right and left wings, with a view of rendering the Greek position at Domokos untenable."

London, May 13.—The Berlin correspondent of the Daily News says he learns on excellent authority that the Turkish government demands a war indemnity of three millions of pounds and the right to occupy Thessaly until it is paid in full.

London, May 13.—The Greek correspondent of the Daily Telegraph at Constantinople says the Sultan rejects the mediation of the powers and desires to negotiate with Greece directly. If this is refused, Turkish demands will be more exacting.

Arta, May 12.—The Greeks under Col. Balgacharis have advanced toward Philippias. After sharp outpost skirmishes the Turks retired on
