### CLERGYMAN TO HANG WITH HIS TWO SONS.

They and an Accomplice Sentenced to Death.

They Plotted to Murder Another Minister and His Family and Succeeded in Killing Two Children.

VALDOS, Ga., July 31.—Rev. J. C. Rawlins, early yesterday was found guilty as accessory to the murder of two children of Rev. and Mrs. W. L. Carter, and unless a higher court intervenes, Rev. Rawlins and his sons, Milton and Jesse and Alf. Moore, a negro, will have to hang. The Rawlins sons and Moore were found guilty of the murder some time ago.  
Both Rawlins and Carter were for years ministers in the Methodist Church. A feud started and Rawlins plotted to wipe out the Carter family. It was arranged that Moore and Milton, Jesse and Leonard Rawlins were to go to the Carter home and kill the parents while they sat at their supper table. When the children ran out they were to be shot down. The assassins, however, arrived after the evening meal and could not shoot through the windows at their victims. Some noise caused Willie and Fannie Belle Carter to run into the yard. Instantly the guns of the murderers spoke and the girl fell dead. The boy, shot through the body, dragged himself into the house and told who had done the thing.  
All night long Rev. and Mrs. Carter crouched in their homes. Through the crevices in the log house, the Carters could see the assassins creeping about the yard, but whether their daughter was dead or not they could not learn. Finally Rev. Mr. Carter reached his rifle and fired through a crack in the door. The shot caused the murderers to flee. Moore confessed the plot.

### GUARDING NEW YORK FROM YELLOW JACK.

NEW YORK, July 31.—The steamer Proteus, direct from fever-stricken New Orleans, was declared at quarantine station today to be absolutely free from symptoms of yellow fever. This excellent condition is largely due to the care taken by the officers of the boat at New Orleans where no members of the crew were allowed to go ashore, four cabin passengers were refused passage today to be absolutely free from symptoms of yellow fever. As an extreme precaution the Proteus was held at quarantine for three days today, when five days out of the port of New Orleans, the limit time for yellow fever cases to develop, elapsed.

### GERMANY BEATING ENGLAND.

BERLIN, July 29.—German locomotive works have received orders for at least \$5,000,000. The locomotives must be delivered before the end of the year. The trade journals note the success of the German tenders, which in each case were in competition with tenders from British firms.  
The Prussian state railways are experimenting with German built locomotives designed to maintain a speed of seventy-five miles an hour for long distances.

### SAD DEATH IN SUNBURY.

FREDERICTON, July 29.—A ten-year-old girl named Vivian Elsie Clark, daughter of Albert Clark, of Maquisit Lake, met a tragic death at Lakeville Corner, Sunbury, yesterday afternoon. She was playing with some other children at the residence of James Topley and had the misfortune to fall down a flight of stairs. Soon after the fall she complained of violent pains in the head. Everything possible was done for her but she continued to grow worse and died at 4 o'clock from internal injuries.

### LATE PERSONALS

Fred McLaughlin, formerly of this city but now of Moncton, N. W. T., is visiting relatives in St. John, Amherst and Moncton.  
Frederick Elder Coleman, of Halifax, who has been attending the A. M. E. conference left for home this morning.  
Simeon Jones, J. Morris Robinson and His Honor Judge Forbes, left this morning for P. E. I. on a few days fishing trip.

### FINANCE MINISTER IN TOWN.

Hon. W. S. Fielding and the Misses Fielding spent Sunday at Westfield as the guests of Thomas Rankine, Mrs. Fielding's father. The party are on their way to P. E. I. on a brief vacation. Miss Zillah Fielding, who was operated upon by the great German specialist, Dr. Lorenz, is rapidly recovering. The Misses Fielding arrived in the city this morning.

James McMillan, eldest son of late John McMillan, arrived in the city on Saturday and is visiting relatives here. This is his first visit to St. John, from British Columbia where he has now made his home, for fifteen years.  
Miss Margaret Carney and Miss Ida Sproul have returned home after a very pleasant visit to Red Head, where they were the guests of Miss Mary Carney.

WANTED—A girl to assist with housework, to go home at night. Apply 79 Mecklenburg street. \$1.75.

### INVESTIGATION BEING HELD

Into the Cause of the Collision in the Depot on Friday Noon Last -- Evidence Under Oath.

G. M. Jarvis, superintendent of the Halifax-St. John division of the I. C. R., arrived in the city this morning and is holding an investigation into the collision that occurred in the depot on Friday morning while the Point St. Chene express was being made up and which resulted in injuries to fully a score of passengers.  
Supt. Jarvis held the enquiry in the office of Terminal Superintendent L. R. Ross, and all evidence was taken under oath. The witnesses examined consisted of the train crew, the men on the shunter and the yard men.  
Under the law it is necessary that such an investigation be held when any injury, no matter how slight, has been done to passengers.  
The evidence is sent to the railway commission who act on the matter.

### REV. MR. HARTLEY TESTIFIES.

He Described the Assault But Failed to Identify Man Arrested as One of His Assaulters.

(Special to the Star.)  
FREDERICTON, N. B., July 31.—The preliminary examination of Harry Mc-Catharine, charged with assaulting Rev. Mr. Hartley, was begun before police magistrate Marsh this morning.  
Rev. Mr. Hartley was on the stand up to dinner time. He described the assault as already published. He could not identify any of the men, any more than that one of them was the size of the prisoner and wore dark trousers. He wore a hat and was struck two but could not say how many kicked him when he was down.  
Dr. Vanwart, the attending physician will follow Mr. Hartley in the witness stand and give testimony as to the injuries received.

### STRIKE THREATENED

ON THE I. C. R.

Some thirty men employed by the I. C. R. on road work near Quispamsis are talking of going out on strike tomorrow. Many of these men were for a time employed by the Fredericton Railway in the yard in St. John doing lasting and other work, and state that they then received the regular rate of one dollar and a half a day. They were engaged under Foreman Gallagher at Quispamsis on Tuesday last, expecting to be paid the regular rate of one dollar and a half a day. They were notified that they would receive one dollar and thirty cents per day. They held a conference, and the majority stated that they would not resume work on Tuesday unless the former rate was granted to them.  
Mr. Ross, the superintendent of terminals here, said this morning that he knew nothing of the matter, and that it was entirely out of his jurisdiction. In the St. John yard \$1.50 a day is paid for this work, but outside the rate is only \$1.30. The men are in the hands of the track master of the road.

### DUTCH QUELL REBELLION;

250 REVOLTERS CAPTURED.

AMSTERDAM, July 31.—The Dutch expedition against the rebellious native state of Boni, in the island of Celebes, one of the Sunda Islands in the East Indies, inflicted severe punishment on the natives, 250 of whom were killed. The fortifications of Badjoe, one of the chief towns were razed by the guns of the warships.

### 400 MILES OF NEW TRAMWAY

TO HANDLE LONDON'S TRAFFIC.

LONDON, July 29.—The Royal Commission on London street traffic has presented its report to parliament at last. The principal recommendations are:  
Better locomotion as a corollary of improved housing.  
Four hundred miles of new tramways, linking up all of the systems in the Metropolis with free passages over the Thames' bridges and along the embankment.  
The appointment of a traffic board to consider the various projects proposed.  
Tube railways and other ground lines must be encouraged.

### INTERNATIONAL CRICKET.

PHILADELPHIA, July 31.—The international cricket match between the Marylebone eleven of England and the Gentlemen of Philadelphia was resumed today on the grounds of the Marion Cricket Club. At half past four P. M. Stark, the not out of Saturday, and W. B. Morice opened the batting for the locals. When play began today Philadelphia led by 207 runs. Rain during the night followed by warm sun today improved the wicket.

A public temperance meeting will be held in the Church of England Institute, Orange Hall, German street this evening, at 8 o'clock. Speeches will be delivered by the Most Worthy Patriarch of the National Division Sons of Temperance, of North America, W. B. Borgey, of St. Catharines, Ont., and W. Wigham, of London, representing the Order in England. All interested in the temperance movement specially invited.

### NED EMBREE TALKS OF LOCAL PLAYERS.

Crack Moncton Player in Town Today.

The Wakefield team to visit the Province in a few weeks—Tommy Howe is doing great work.

Ned Embree, of Moncton, who has been playing splendid ball for Wakefield, arrived in the city today on the Boston express and continued on his way to Moncton, where he will play with one of the Moncton teams in the local league for the next two weeks. Mr. Embree was accompanied by his wife.  
Ned says his team has been playing great ball, and that Tommy Howe is playing the game of his life. He is batting at .365 and fielding better than ever. The Wakefield team will visit the province in a few weeks, games having already been arranged at Fredericton and Moncton. They may play in St. John, but Embree says the town has been so dead from a baseball standpoint of late that he is doubtful if it would be a paying venture. The other day the Wakefield aggregation defeated the Lowell team of the New England League 8 to 2, and should have shut them out, but for an error of judgement on a drive in the last inning. The team play in Portland on Aug. 12th, in Waterville the 14th and 15th, and in Port Fairfield the 16th and 17th.  
Ned says that he had a letter from Dick Tibbitts the other day and that Dick and Jett, of Houlton, are now playing the outlaw league, having gotten into trouble at Castville, where they jumped a fine. In Boston the other day Embree saw Fred Mitchell, or Yapp as he is known here. The big fellow is doing good work. Terry McGovern is still laid up in Boston, suffering from the effects of a severe illness, a case of fever. Harry Jope is doing his usual splendid work, catching every day and hitting the ball hard.  
"The star of the old bunch, however," said Ned, "is 'Tib' O'Neill. The way he is swatting the leather makes you wish the outlaw league was the law, and is delivering the goods."

### MUST CLOSE TONIGHT.

The Three Saloons Cut Off the List Last May Close Their Doors at Ten O'clock This Evening.

Tonight at ten o'clock the saloons conducted by Messrs. Fred Munroe, Roop and Nixon will close their doors to the public and the proprietors for the present, at least, will have to hustle for another job or live on their money. All are resigned as they realize that the law is too strong for them. The matter is one that the legislators at their last session settled in a manner that leaves no loop-hole for a further extension.  
The three men affected have been in business a number of years and feel their position keenly although they do not care to discuss the matter.  
When they close tonight St. John will have one less saloon than the law allows. The commissioners meet tonight to discuss the situation as there has been considerable pressure brought to bear on them to take over the Graham license, Mr. Graham having left the city, and give it to one of the three who must close up tonight.

### ROJESTVENSKY RECOVERING.

TOKIO, July 31.—Admiral Rojestyevsky's condition has made satisfactory progress since the operation was performed on his forehead. He was able to leave his bed and sit in a chair yesterday. Pains in one foot, however, prevent his walking freely but no cause for uneasiness exists. The admiral has expressed his sincere satisfaction at the treatment accorded him.

### MORE PAY FOR PRINTERS.

The New Rate Schedule Adopted by the Typographical Union Comes Into Force This Week.

The St. John Typographical Union, at a meeting held on May 18, of this year, adopted a new scale of prices to go into force this month. So far the publishing firms have not given their consent to the advance, but a decision must be reached shortly, as the men say their demands must be complied with next Saturday, which is the first pay day under the new schedule.  
A number of the employing printers say the demand is far too high, being an advance of some twenty or twenty-five per cent. Eight hours is to constitute a night's work and nine hours a day's work.  
A number of the employees were seen by the Star this morning and say that no general agreement existed among the publishers. They suggest that a meeting should be called of all the employers and some general arrangement reached.  
One at least of the employing printers intends if the new rate comes in force to displace his poorer men, as they are not worth any more to him than the present rate. A regular schedule, as is suggested, does not give the employer an opportunity to reward his best men by higher wages.  
Chas. Brittain, secretary of the union, said that if there were any dissimulations the union would be forced to look into the matter and perhaps take action.  
The newspaper publishers as a rule are not inclined to oppose the rates for such men as are worth it, but do not feel that this includes all in their employ.

### ST. JOHN JAIL BIRDS FIGHT;

ONE WAS FATALLY INJURED.

There was a big fight among the jail-birds recently and as a result one was nearly killed, while two companions were more or less injured. The terrible occurrence has so far been kept quiet.  
The three, one in brown, and the other two in blue, had been sunning themselves in the yard, and about ten o'clock, or just in the middle of the police court session a tremendous row was heard. Officers and reporters rushed to the windows and below them they saw the one in brown fighting for his life, while his two companions bit and tore at him.  
The whole trouble arose over the possession of a bit of bread—a severe commentary on the parsimony of the council in regard to jail supplies—one of the jail-birds in blue picking a quarrel with the owner of the crust and the other blue-suited one joined his side.

When the court realized that life or death hung upon the quarrel there was a great hubbub. His worship is said to have given orders that all three fighters should be arrested and placed behind the bars, but owing to the ferocity displayed by the combatants no one made a move for the yard.  
Report says that the chief was next summoned. He ordered his horse, and called in special officers from nearby beats; then placing himself at their head he rode up the alley and into the jail yard, but too late to avert a catastrophe—the poor little brown pigeon lay seriously and perhaps fatally injured, while his two companions in blue soared over the surrounding buildings and disappeared in the direction of the King square.

### YELLOW FEVER ROBS 2000 OF EMPLOYMENT.

New Orleans, La., July 31.—Much distress is beginning to appear among the Italian population growing out of the practical expulsion of the fruit business from Louisiana on account of quarantine. While the six day detention order of the board of health lasts it is expected that all the lines which have been operating fruit steamers into New Orleans will divert their ships to Mobile, as this will have the effect of throwing at least 2,000 laborers, many of them Italians, out of employment. These Italians, who are not in the fever district, are asking that they be given employment by the health authorities in the sanitary and other work now going on in order that they, with their large families, may not come public charges.

### 350 MEN PREVENT PEACE IN CHICAGO.

Great Strike Was to Have Ended Today.

But the Coal Drivers in Spite of Pressure From Other Unions Have Refused to Surrender.

CHICAGO, Ill., July 31.—With the capitulation of the striking teamsters nearly complete and the release of Chicago from the oppression of the long labor war practically assured for today, a handful of coal teamsters have wrecked the well developed peace plans.  
The coal drivers, 350 strong, voted unanimously to continue the strike. As a result the employers' association, it is said, may close the doors to thousands of their former employees who were to have been re-engaged today. The strike with police guarded wagons also will continue indefinitely. All manner of protests from other teamsters' locals failed to move the coal drivers in their determination.

### LOSS FROM FLOODS WILL BE \$500,000.

BRIDGEPORT, Conn., July 31.—Estimates today of the property loss due to the flood caused by the bursting of reservoir dams after Saturday's heavy rain indicate that the total will approach half a million dollars. City property alone suffered probably to the extent of \$100,000, and large manufacturing plants and many stores are heavy losers also. Four of the city bridges were damaged and much injury was done to streets.  
The plant of the Union Metallic Cartridge Company, which was damaged to the extent of \$75,000, will remain closed for at least three days, throwing 1,000 into idleness. The American Graphophone Company's plant, employing 1,500 hands, also was crippled, but the officials expected to be able to resume operations some time today. According to the record kept by the Bridgeport Hydraulic the total rainfall in the ten hours preceding midnight Saturday was 3.13 inches.  
Plans for rebuilding the broken dams were made by the Hydraulic Company today.

### SMUGGLED WOOL SEIZED.

BOSTON, July 29.—Twenty-five bales of wool, shipped by John M. Johnson of Calais, Me., and consigned to Crimmins & Pierce, were seized yesterday by custom officials. The wool is believed to have come from St. Stephen to Calais, from whence it was shipped, and treasury agent L. V. Beane of Portland is expected to make some startling disclosures in regard to the wool traffic in Maine and Boston.
