## SAY STENOGRAPHERS ARE TOO DELIBERATE

Notes of Proceedings in Clarke  
Case Not Yet Ready

And Judges Comment on the Delay—  
A Number of Cases Before the  
Supreme Court

(Special to the Star.)  
FREDERICTON, N. B., Nov. 6.—The Michaelmas term of the supreme court opened this morning, the full bench being present, with the exception of Mr. Justice Gregory.

The following common motions were made:  
Thaddeus M. Bourque vs. The Record Foundry Company. Mr. Phinney moved for further time to file and serve notices. Ordered that the official stenographer file the copy of the evidence on or before the first day of January next, and that the parties have until then to file and serve the notices.

Elizabeth Milmore vs. Town of Woodstock. Mr. Connell moved for time to file and serve notices of non-suit or new trial and leave to enter. Granted until January 15th.

Willis vs. St. John Iron Works, a like order was made on motion of G. W. Allan.

Many Kewley v. Abraham Poyas—Mr. Mullin moved to rescind order of chief justice granting a review and setting aside verdict. Application refused.

King v. William E. Clarke—Mr. Baxter asked that a day be fixed for the argument of the crown case reserved. The crown fixed upon Friday, November 16th.

Ex parte Russia Williams v. John M. Dickie—Mr. Chapman moved for a rule nisi calling upon John M. Dickie to show cause why what authority he held the office of county councillor for the parish of Gagetown. Court considers.

The King vs. James McQueen ex parte Legere—Mr. Powell moved for leave to enter on the crown paper of this term. Granted.

The same vs. the same ex parte Zead Landry—Like granted.

R. G. Murray vs. Alex. Clark—Mr. Allen moved for time to file notices on appeal from St. John county court. Withdrawn with leave to move on second common motion day.

In moving to set a time for argument of the case of King vs. Clark, Mr. Baxter said that it was difficult to fix a time as the stenographers notes were not quite ready.

The court thought that Thursday next was the proper time, but Justice Landry said he did not know much about stenography. If the stenographer would be ready then, Justice Landry said he did not know much about stenography.

Justice Landry expressed himself very strongly. He understood that the stenographer had not been engaged in court since October 25th and had had plenty of time to prepare. If these stenographers are not paid enough the government should see that they are, but he believed that this court is continually delayed. In a case like this one which involves a man's imprisonment or liberty it is most necessary no time be lost.

Judge Landry said he thought the copy could have been prepared in a day if the stenographer dictated the evidence to some one. He said that something should be done so many cases were now asking for postponement.

Mr. Baxter said that he was of the opinion that neither the Attorney General nor the stenographer was over anxious to have the case ready very rapidly.

The chief justice expressed much annoyance and wanted to know what the stenographer had to do with it. "Must this court wait upon the stenographer? If I were you Mr. Baxter I would see that that man had the evidence ready without delay and if he does not furnish it to me he is compelled to step in and see that he does." The other judges expressed similar opinions, and Justice Landry said he was glad to see the solicitor general present that the government's attention may be called to the fact of delays caused by this.

In ex parte Russia Williams in re John Dickie, Mr. Chapman made his motion on two grounds, first that Dickie being a liquor vendor was not qualified under the municipal act to sit as councillor, and secondly, that as a vendor he was one of those who had the appointment of inspector, which was not proper.

The chief justice said that he understood that Dickie was a vendor under the C. T. A. and not the liquor license act, and the municipal act only referred to the latter. Mr. Chapman contended, however, that it covered any kind of a vendor. The court after much argument decided they would consider the matter.

Party of Ninety Men in Cuba Oppose the Present Policy of the Government

HAVANA, Nov. 6.—The reports of a remarkable feature of the present condition of minor disorder which prevails more or less throughout the island comes from Sancti Spiritus in Santa Clara province. In the vicinity of this town there is encamped an armed band of about twenty men under the command of Colonels Sanchez and Jimenez. This band is displaying the stars and stripes. The leaders declare they have no intention of opposing the Americans in any way but that it is their desire to have the United States to disperse by the commander of the marine force at Sancti Spiritus, which probably again go out and order the men to return to their homes.

George Dugmore Sentenced Today—Two  
Other Cases Before Judge Forbes

Three cases came up in the county court this morning. The King vs. Dugmore, the King vs. Welch and the London House Wholesale vs. Kelly.

In the first case George Dugmore was charged with stealing \$12 from a seaman named Wilkins. This morning Dugmore was found guilty and was sentenced to two years in Dorchester with hard labor.

In the case of the King vs. Welch the defendant was charged with carrying firearms in Pairville and pointing a revolver at a man named Boyer. He pleaded guilty and was remanded for sentence.

It Will be 300 Years in December Since  
First British Merchant Ship  
Came to America.

WASHINGTON, Nov. 6.—Secretary of the Navy Bonaparte, has received a letter from N. Darnell Davis, editor general of the British Guiana, calling attention to the date of December 19, as being the 300th anniversary of the sailing of the Sara Constant, God-speed and Discovery from Blackwall, England, for Virginia, being the inception of English colonial enterprise in the United States. Mr. Davis suggests that in commemoration of the event all the vessels of the United States navy whether at sea or in port, shall "dress ship" on that occasion. Mr. Davis has already made the suggestion in English newspapers that Great Britain recognize the birth of its "eldest daughter" by a similar action on board the British vessels of war.

## THE BATTLE OF THE VOTES IS BEING FOUGHT TODAY

(Continued from Page 1.)

NEW YORK, Nov. 6.—At the forenoon vote on the balloting throughout the city continued with unabated strength. This was particularly noticeable in the "so-called silk stocking" neighborhood. In the thirteenth election district of the 24th assembly district 21 out of a total registration of 547 had been polled up to 9 o'clock. Reports from 15 election districts covering Park, Madison, Fifth and Lexington Avenues to the east and south of Central Park, showed that about one-third of the total vote had been cast before 9 o'clock. A general canvass of the 12th assembly district, Charles F. Hughes' district, showed that nearly one-half the total registered vote had been cast before 9 o'clock. Charles F. Hughes voted shortly before 8 o'clock in an Amsterdam barber shop. He walked down from his home in West End Avenue, and was greeted with a cheer as he approached the polling place.

Mr. Hughes voted ballot No. 148. In this district there are about 600 voters, and the vote was reported to be coming in at the rate, for the first part of the morning, of about 75 ballots an hour.

ALBANY, N. Y., Nov. 6.—Delightful weather ushered in election day in this city before ten o'clock a majority of the vote had been polled in nearly all of the nineteen wards. Advice from the county districts showed that the farmer vote was being polled early. With the exception of several arrests for attempted illegal voting no disturbances were reported.

RUFFALO, N. Y., Nov. 6.—A dense fog enveloped the city early today but by nine o'clock the sun managed to break through and dispel it. A very heavy vote is indicated by the reports from the various voting booths.

PHILADELPHIA, Nov. 6.—The intense interest in the election in Philadelphia had the effect of bringing out an unusually heavy vote throughout the city during the morning hours. The weather was perfect all over the state. Both Governor Curtis and Governor Pennock were re-elected.

On Wednesday evening the St. George's will play the Carmarthen in City Hall, West End.

The I. C. R. authorities have decided to do their own dredging at the Long wharf, and today a dredge and scow will arrive by rail to prepare the berth for the winter port steamers. It is expected that the dredge, while here, will also deepen the berth at the ballast wharf, where the same machine was employed some years ago. The elevator will start running today and it is expected will work steadily all winter in view of the number of steamers which will be berthed on the east side. The machine, it is understood, is known as a "grab" dredge, and is not unlike the city dredge in its working. It was here six or seven years ago when the face and sides of the Ballast wharf were cleaned. It is capable of working to a depth of thirty feet or more and raises about two hundred cubic yards a day.
