THE STAR, ST. JOHN. N. B., TUESDAY, MAY 19, 1908

SEVEN

MR. ROBINSON'S ADDRESS  
EXPOSING GOVERNMENT  
MISREPRESENTATION

(Continued from page one.)

Mr. Robinson's reckless statements concerning the debt and interest charges were punctured successfully by Mr. Huxon who asked many questions during this part of Mr. Robinson's speech, finally leaving him in silence. The charge made by Mr. Fleming that the debt had been increased a million and a half in one year was shown by the auditor general's report to be without foundation, and was obtained by adding together the capital expenditure of several years. "Would it be fair," asked Mr. Robinson, "if this government were to renew the treasury note for \$300,000 made last year to charge the present government with adding that sum to the permanent debt? Yet that was what the present government when in opposition had done. Included in the treasury notes sold last year were items that dated back several years and which were already in the permanent debt."

Then on the question of interest which had formed one of the principal items discussed during the campaign. It had been asserted that every platform in the province that the old government was deceiving the people in their statements of the interest on the public debt which instead of being \$125,000 annually, was between \$40,000 and \$35,000 annually. This statement, Mr. Robinson said, the opposition knew to be untrue and the best proof of its untruth was found in the estimates which fixed the interest on the public debt at \$200,000. They were either underestimating the interest charge now or had overestimated it during the campaign.

The charge that the old government had deceived the people as to the expenditures was also dealt with by Mr. Robinson who read from the auditor general statement to show that the misstatements appeared in their proper place in the report and were also in the report of the special auditor which was published a few days before the election. The charge that this report had been held back was answered by Mr. Robinson who showed that it was made public every day it came into his hands. This report reached him in two sections, the balance sheet mailed to him first was handed to the press immediately. The report on the system of keeping accounts was dated in Toronto, March 13 and reached him two or three days later. This report had been immediately forwarded to the governor and was in the possession of the government long before the session. Inasmuch as the government had not seen fit to read this report or to give any particulars of the special audit made after the new government came into power he read the report which recommended a change in the system of keeping accounts in the Crown Land and Public Works Department as well as in the Education Office, and in the office of the Receiver General. This report had practically been adopted by the government and many of the suggestions it contained were incorporated in the audit act.

Had the old government been returned in power these same suggestions would have been acted upon, because they saw and felt the necessity for a change in the system of accounting. The only reason no change had been made was because the Auditor General who had been many years in the service of the government did not wish to do it. A new auditor had been appointed and some changes already made. He agreed that further changes along the lines suggested by the auditor were necessary and these would have been brought about by the old government been returned to power.

The unfairness of the provincial secretary in producing only one side of the account was dealt with and Mr. Robinson read a list of the assets of the province that should be placed opposite the statement of the debt produced by Mr. Fleming. If this statement were correct Mr. Robinson contended there were assets of \$2,000,000 to go against a debt of something over \$10,000,000.

Mr. Robinson went into details respecting the debt and assets of the province and also cleared away the mists surrounding the \$400,000 debt against the province recently presented by the Intercolonial Railway. This was for the N. B. Coal and Railway Company. The claim the province had a claim of double subsidy for the railway against the Dominion Government which amounted to \$45,000. Payment of this subsidy had been recommended by the engineer who made the survey for the Department of Railways and Canals. It had been held up by another official but had never been abandoned by the government as it was felt they had a perfectly valid claim against the Dominion.

Mr. Robinson spoke for two and a half hours and although frequently interrupted never lost the thread of his remarks. He was followed by Mr. McLeod whose remarks were addressed to the brilliant assemblage in the gallery rather than to the member of the house. There was not much new material in his address, which followed chiefly the lines of the provincial secretary. He attacked Hon. Mr. Pugsley in a somewhat violent manner and was particularly strong in his remarks on the Central Railway. He produced the report of the special auditor engaged by Mr. Robinson and was evidently charmed because Mr. Robinson had read it in its entirety to the house. Mr. McLeod spoke for an hour but beyond a pleasant array of words he added nothing to the knowledge of the house on any subject he touched.

The motion to go into supply was carried without a decision and made the order of the day.

St. John's representation at the Union of New Brunswick Municipalities which meets in Fredericton today and tomorrow will consist of Ex-Mayor Sears and Ald. Hamm, the other member being unable to go. Mr. Sears went up last night and Ald. Hamm left this morning.

REBEL STRENGTH  
ALARMS PEKIN  
Ten Thousand Disciplined and Well Armed Men.

Movement is Different in Character From Preceding Ones and is Much More Serious.

SHANGHAI, May 18. — The communications to Mengtze have been cut by the rebels, whose number now is estimated at 10,000. They are under military instructors trained in Japan, and that province is the worst prepared of all from their predecessors in this respect, are not molesting the population or foreigners.

The selection of Yun Nan as the scene of their first operations displays an intimate knowledge of the fact that that province is the worst prepared of all from a military point of view, possessing less than 5,000 semi-drilled troops. There is nothing to prevent the rebels capturing Mengtze, at the head of the French railway, thereby greatly increasing the difficulty of the Imperial troops' movements.

Pekin contemplates sending troops from Peking but this would take three or four months. The rebellion is the most serious China has yet had to face.

HONG KONG, May 19.—According to advices received here the rebellion in Yunnan province has been captured a railway and have defeated the government troops. They are continuing to advance and urgent requests have been sent to Peking for reinforcements.

Decision Reached Regarding Sinking of French Steamer off Sable Island Ten Years Ago.

WASHINGTON, May 18.—In an opinion by Justice White the supreme court of the United States today decided the case of George Deslons and others vs. La Compagnie Generale Transatlantique, a French corporation which involved the construction of French law. The company owned the steamship La Bourgogne, which in collision with the British steamer Commarthaire the disaster resulted in the destruction of 1400 passengers and the loss of the lives of 540 passengers on board the French vessel. Many claims for damages were instituted and Deslons, a lieutenant and a raft from the lost vessel, said to be worth only \$100 were brought to New York, the owners of the Bourgogne filed in the United States District Court, southern district of New York, a petition for limitation of liability. The petition held the vessel liable because of its speed in a dense fog, but confined the liability to cases in which no life had been lost. The court of appeals in New York affirmed the decision insofar as it held the owners of the vessel responsible for the accident because of their disregard of the law, but reversed the finding regarding the extent of liability and held them liable to the extent of the total sum paid for freight and passage for the voyage from New York to Havre, on which the Bourgogne had started the amount being \$113,419 francs, with interest from the time of the disaster. The case was brought to the supreme court on a writ of certiorari requiring a complete review which having been accomplished the court today rendered its verdict affirming the decision of the court of appeals.

THE GUINNESS MURDERS

LAPORTE, Ind., May 19.—The issuing of a certificate of death of the body by Coroner Mack to her relatives in Chicago, puts the official stamp of identification upon one of the bodies found at the Guinness farm regarding which there has been much controversy. Although identified by the brother and sister, many refuse to believe that the girl was dead, as Mrs. Guinness had informed a number of persons that Jennie had gone to Los Angeles to attend school and had arranged little incidents that would help to make this point strong. A letter was received saying that a girl answering her description had been seen in a convent near Los Angeles. This, however, was not substantiated. The jury resumed its sessions today. The seven unidentified bodies, one female, and the other males, exhumed from Mrs. Guinness' banyard, were today buried in the Potters Field.

TRONDHEIM, Norway, May 19. — Mrs. Bella Guinness, the Laporte, Ind., alleged murderer, is believed here to be a daughter of Paul Pedersen, who was a farm laborer and quarryman at Storshelvet, on Lake Selva. She was born in 1850 and emigrated to the United States about twenty-five years ago. Her brother, Peter, a stonemason, said she gave evidence that the foregoing previous statement that Belle Guinness was the daughter of a travelling conjurer and magician is erroneous.

Nothing will improve your clothes as much as to have them cleaned and pressed at McPartland's, the Tailor, 72 Princess street, Clifton House, 81-83, Phones 15-15-111.

DAN MANN IS THE LATEST ARRIVAL IN OTTAWA

OTTAWA, May 18.—A significant light on the present situation is the arrival of D. Mann in the capital simultaneously with Premier Borden. The influence of the Canadian Northern magnates with the Manitoba ministry is well known and here connects D. Mann's visit with the attempt now being made to embarrass the Government and force a dissolution of the cabinet.

MAGISTRATE CAHILL OF SACKVILLE DEAD

SACKVILLE, N. B., May 19.—The death took place this morning of Police Magistrate John Cahill. Though death came suddenly, Mr. Cahill having been at his office yesterday afternoon, deceased has been in failing health for some time. He was in his 78th year, and enjoyed the respect of a very wide circle of acquaintances. He was born in Upper Canada, and had been a Justice of the Peace for over 20 years, and police magistrate for 10 years. He was a member of the Hantsport, survives him. He is also survived by two daughters, Mrs. Theodore H. Belyea, of St. John, and Miss Harriet Cahill of Sackville. Mr. Cahill, of Sackville, is a son of the deceased. The funeral will take place on Thursday.

SENTENCED FOR MURDER, GIRL TRIED SUICIDE

NEW YORK, May 19.—Jennie J. Lunt, the young woman who yesterday was sentenced to four years in the penitentiary by Judge Dike in Brooklyn, for shooting Charles M. Sanford, a lawyer, attempted suicide yesterday. She had been a Justice of the Peace in the Raymond street jail from inhaling illuminating gas. Her life was saved by the prompt action of a physician who was hurriedly summoned.

MEDAL FOR SAVING LIFE

At the next meeting of the Common Council a gold medal will be presented to the stevedore, for his gallantry in saving life. It will be remembered that during the winter Mr. Priest Sampedo, and heard off one of the Donatien Line steamers and by his courage and coolness saved the life of a man who had gone overboard accidentally.

SENSATIONAL DIVORCE

SUITS IN FREDERICTON

Applicants Prominent in N. B. Society

Cases Heard This Morning Before Judge Gregory—Suits Include St. John Cases.

FREDERICTON, May 19.—Some sensational divorce cases in which the principals include the best known residents of both Moncton and St. John have been instituted before the court of the province, presided over by Mr. Justice Gregory, and which held a short session this morning. One of the cases is that of Madeline Whitlock, wife of Julius T. Whitlock, of St. Stephen. Mrs. Whitlock was formerly Miss Madeline Sloan of this city, while her husband is cashier of the St. Stephen Bank and ex-mayor of St. Stephen. The grounds on which the divorce is asked for are somewhat unusual, but an absolute divorce is applied for. There are two cases for absolute divorce and one for legal separation, in the social life of the city of Moncton are the principals. Mrs. Madeline Douglas Edith Clark asks for separation from her husband, Robert Clark. Parties in this suit are both very respectable residents of Moncton. Mrs. Clark has never been able to agree or live with her husband, while her husband is the manager of the Bank of Montreal here. Mrs. Clark is a Christian Scientist, it is said, and some of their closest personal acquaintances who are now in Fredericton state that they have never been able to agree or live with her husband.

William A. Ferguson is asking for an absolute divorce from his wife, Bertha. Mrs. Ferguson, who was formerly Miss Sinclair, of North Shore, went to the Western States some years ago after being in California for about a year was granted a divorce from the doctor. Later she married a man named Henderson, and is now said to be living with him in Illinois. An absolute divorce is asked for on grounds of adultery and desertion. The wife's divorce obtained in California is no good here and that he should be granted a divorce from her. Edward A. Harris, of Moncton, is asking for an absolute divorce from his wife, Leah Harris. Mr. Harris is a member of one of the best families in Moncton and his wife is the daughter of a well known family. The grounds for the divorce are adultery and desertion. Mr. Harris and several years ago an incident in the west marred their matrimonial bliss.

This morning Judge Gregory announced he would be unable to give judgments in the several cases before him as the stenographer of the court had suffered a broken leg since court last sat which delayed his getting a new one. The court was adjourned until next day.

CONSERVATIVES DECIDE TO YIELD NOTHING

OTTAWA, May 19.—A Conservative caucus held this morning resulted in a decision to yield nothing to the Liberal Government. The caucus was held behind the Rabin-Rogers standard and join the no surrender lodge. The slogan adopted was fight to the death. The only condition on which they will proceed is the complete capitulation of the government to their election bill demands. If the government attempts to get supply the opposition will bring up the Ames Timber Limit charges. The government of course has no intention of conceding to such a factious opposition and present condition point to a long and bitter fight.

THREE MEN DROWNED

WATERLOO, N. Y., May 19.—Three men, one an American, and two Hungarians, were drowned in Black River at Dexter, six miles west of this city, last night. The victims are: Frank Ellis, aged 25, unmarried; Frank Povlish, aged 22, and Joe Mulach, aged 35. All the men were employed by the Dexter Sulphate Pulp and Paper Company, and in company with John Povlish started across the river in a small boat. The current at that point is very strong and the overloaded craft capsized in mid-stream, throwing the occupants into the water. The bodies were found and rescued soon after. The bodies have not been recovered.

TOO LATE FOR CLASSIFICATION.

WANTED—Coat makers, vest makers and a bushier at once. Steady work. SCOVILL BROS., Ltd., Oak Hall. 19-5-4.

FOR SALE—At a bargain, that desirable freehold suburban home lately occupied by C. J. Milligan at Torryburn. Bath, running water in house. Hot water heating. Apply Fraser, Fraser and Co. 19-5-4.

WANTED—At once, a competent girl for general housework and plain cooking, for the summer months. No small children, no washing. Good wages. Apply at offices lower floor 161 Prince William street. 19-5-4.

WANTED—A strong boy, about 15 years old, to work in our repairing department. Apply at once to Waterbury & Rising. 19-5-4.

LOST—A carriage wrap, on Sunday evening. Finder please leave at Short's stable. 19-5-4.

LOST—Gold watch, Tuesday morning. Finder please return to Star Office. Reward. 19-5-4.

WANTED TO PURCHASE—Second hand furniture, crockery, etc. Must be in good repair and cheap for cash. Apply THE TIDY STORE. 19-5-4.

WANTED—Girl for general housework in family of three. Must have references. Apply to MRS. FRANK E. WHITE, 41 Prince Wm. Street.

MANY OLD PEOPLE ARE DYING IN P. E. ISLAND

CHARLOTTETOWN, P. E. I., May 19.—Saturday night James Dunphy, aged seventy, a prominent farmer of Johnstone River, fell from a load of hay which he was binding. The binding pole broke hurling him to the ground. Death was instantaneous, his neck being dislocated.

David Rogers, aged seventy, one of the most progressive and prosperous farmers on the island, died at Free-town after several months' illness. Sunday night Aubrey Fowle, a retired produce dealer aged 79, died at Charlottetown of a prostrating cold.

Last evening Mrs. Thomas Casely, aged ninety, widow of Thomas Casely, formerly a prosperous coal merchant, died here.

Last night Aramis MacDonald, aged ninety, father of D. B. McDonald, the well known commercial traveller, died at Bedford.

Yesterday John Elliot, aged 73, an old British veteran late of the Hindustan regiment, died at Charlottetown.

The telegraphic cable across the Strait was repaired Sunday by A. E. Morrison, electrician of the A. Telegraphic Co., operating on board the steamer Stanley. The work was attended with considerable difficulty, owing to the heavy sea running. A piece of cable about six hundred yards long was inserted. The break due to fouling of the steamer Stanley's anchor, it occurred in 85 fathoms of water about two miles from the Cape Traverse shore.

FLYING FROM THE PLAGUE HE DIED FROM POISON

NEW YORK, May 19.—Flying from plague stricken Venezuela, Eduardo De Erazo, a coffee planter and reputed multi-millionaire, came to his death in a fashionable New York Hotel early today through taking what he believed to be a harmless tonic. His wife, who also took some of the medicine, is in a serious condition at their apartment in the hotel, and the remainder of the party of wealthy refugees is without a directing hand. Whether they now continue their journey to Europe, where they planned to remain until the danger period from the bubonic plague in Venezuela has passed, is yet to be determined. It is alleged that a drug clerk, who prepared the medicine for Mr. De Erazo, made an error in compounding the drugs, using atropine, a deadly poison, instead of asperin, which the prescription called for.

WORK OF THE PUBLIC ACCOUNTS COMMITTEE

OTTAWA, Ont., May 19.—The public accounts committee this morning held its 11th meeting in examining Mr. M. S. Deslille, M. P., with respect to a payment of \$800 made to him by the government through a long examination but nothing was disclosed to show that there was anything irregular in the transaction. The committee was also informed that the Auditor General had been clearly substantiated.

WINNIPEG NOW HAS A POPULATION OF 118,000

WINNIPEG, Man., May 19.—Figures gathered by the Assessment Commission place Winnipeg's population at 118,000. This estimate is always very accurate. Last year's population was 111,000.

ST. JOHN'S, Que., May 19.—Hon. P. R. Rol, speaker of the legislative council, was reported better this morning. Condition not considered dangerous by physicians.

Ald. Vanwart presented his report to Mayor Bullock this morning on his recent trip to Boston, New York, and other cities. He was well and allowed that when he took opportunity to inspect the most modern examples of ambulances and patrol wagons. Although the report of the government of local industries, it is felt that the city would get better returns for its money by the summer months. Although experienced in such work rather than attempting to have the wagon built to order in St. John. The order, when given, will probably be made through one of the local carriage firms.

DEATH OF G. J. PIERCE.

The death of Geo. J. Pierce occurred yesterday afternoon at the home of his step-mother, 318 Main street. The deceased, who was a barber by trade, had been working in Maine until last January when he contracted a cold and came home to recuperate. Since then he developed tuberculosis to which he succumbed. He was a son of the late John and Margaret Pierce and was twenty-seven years old. He is survived by four brothers, Patrick, Charles, John and Urban, and one sister, Miss Margaret, all of this city.

THE LADIES' AUXILIARY OF THE A. O. H. WILL MEET TONIGHT IN THE Y. M. C. A. ROOMS

The Ladies' Auxiliary of the A. O. H. will meet tonight in the Y. M. C. A. rooms. St. Malch's Hall, at eight o'clock.

ON FRIDAY MORNING ABLA BOURGEOIS, AGED 65 YEARS, WALKED AT THE CENTRAL POLICE STATION AND SECURED PROTECTION.

He claims Moncton as his home, and has not missed a night at the station since Friday. Previous to then and during this month the old man has on three other occasions found a bed on the plank of a police station cell. If the Monctonian continues to make the police station his lodging quarters, he may find himself charged with vagrancy, and given a permanent lodging in the jail.

A BRITISH MEMORIAL

Memorial to Wolfe and Montcalm Will be Presented by Britain.

LONDON, May 19.—The Lord Mayor presided at a representative meeting at the Mansion House in support of the proposal to present a British memorial to Wolfe and Montcalm to Canada in connection with the centenary of the Plains of Abraham into a national park. Prince Arthur of Connaught, Lord Roberts, Lord Earl of Crewe and the Bishop of London were among the speakers. Those present included Lord Strathcona and Count Launay, representing the French exiles. Messages were read from the Premier, Lord Lansdowne, Mr. Balfour and the Lieutenant-Governor of Quebec.

Amongst the subscriptions announced were 100 guineas from the King, 50 guineas from the Prince of Wales, 200 each from Lord Strathcona and Lord Montcalm. It was decided to form local committees to support the influential head committee.

Directly in front of this on the grassy award, the pageants will take place daily at 5 o'clock in the afternoon. Fifty thousand persons will be seen on the stand at once. It will be nine hundred feet in length, one hundred and twenty in depth, and the height at the back will be thirty-five feet.

Over the central entry will be built the royal box for the accommodation of His Royal Highness the Prince of Wales, His Excellency the Governor-General, and other distinguished visitors. It will be in the form of a kiosk, and will be surrounded by two small towers.

It is expected that the work of construction which is under the care of Mr. Joseph Bedard will be completed about the end of June.

Construction work has also been started on a triumphal arch to be erected at the crossing of the main road and Boulevard Langelier, where the grand parade of the final pageant will pass. It is planned to depict several scenes of Canadian history on this structure.

QUEBEC, May 19.—A force of one hundred men is now busily at work on the Plains of Abraham, rushing the construction of the grand stand which is to allow Quebec and her visitors to view the pageants. The site indicates the exact spot where the historic events were presented. The stand is being erected some three hundred yards to the west of Wolfe's monument and about a hundred yards from the edge of the cliff facing the river. It is shaped like three consecutive slides of an octagonal form.

Fifteen Thousand Persons Can be Seated at Pageant Programme.
