

Premiums Don't Improve the SOAP they are given away with, they only increase its cost to you.

For every cent you spend on Baby's Own Soap you get full value in high quality and exceptional purity.

No premiums are given whether you buy one or a dozen cakes.

If we gave premiums we would either have to deprecate the quality of the soap or charge you more for it.

No matter what you pay it's impossible to get a purer or finer soap than "Baby's Own."

Baby's Own Soap is made from refined vegetable oils and the most fragrant of flower perfumes specially imported from Grasse, France.

Its delightful creamy lather cleanses and cools the skin, leaving it soft and fragrant.

Always ask for Baby's Own Soap, and do not accept any other kind.

NEW YORK, Mar. 24.—The measure opening demand for stocks along with the fractional decline being shown with the exception of a few more important shares. Third Avenue continued under severe pressure and declined 2 1/2 within a few minutes.

THINK SHEFFIELD ST. BELLE IS IMPLICATED

MONTREAL, N. B., March 24.—It is supposed that a Sheffield street woman from St. John is concerned in the case of James O'Brien, who was arrested in Fredericton on Saturday last on the strength of information given by Chief Hildout, who went to the capital and yesterday returned with the prisoner. Steps will probably be taken in the matter. O'Brien will be brought before the local court Saturday morning next to answer to the charge of stealing silverware from a Montreal residence on June 28th last.

ETIQUETTE.—Men Press His Head About His Ancestries.

"Whether to eat fish with a fish knife and fork, or a fork and a bit of bread, whether to serve champagne in a tumbler or a goblet—it is quite absurd to legislate about these trifles as right and the other as wrong and to advise or deprecate a person accordingly. The average rule of etiquette has nothing to do with courtesy, with good breeding, and it is no criterion of courtesy or of good breeding."

The speaker, an old fashioned gentleman from the country, knotted the ends of his napkin more firmly about his neck.

"Smile at me, nephews and nieces," he resumed, "because I tuck my napkin under my chin. Yet why should I spoil my black broadcloth coat with turkey stains or smears of cranberry sauce? It is a rule of etiquette, you say, that the napkin may only be placed across the knee—an absurd, shameful rule."

"It was a rule of etiquette in France during the reign of 'Le Roi Soleil,' the great Louis XIV., that when the king visited a sick subject, the king too, must lie down in a bed, on the ground that it would never do for a subject to maintain a more informal attitude than his master during the audience. Louis XIV., visiting the Marquis de Villars after Marplaque, lay in a bed beside the suffering soldier in that way."

"Behold the absurdities of etiquette and let me do with my napkin what I please."

A REMINDER.—Suburbanites, for long the butt of many able writers' pens, are now being asked to plan your garden and forget To first consult your neighbor's hens.

UNQUESTIONABLE.—"Don't you think this dealing in furs is awful?" asked the young woman who would like to reform the world.

"I don't know much about it," confessed the woman with suspiciously blonde hair, "but I'm sure it must be much nicer than dealing in pasta."

NO ROOM FOR ARGUMENT.—"Yes," said the young wife, proudly, "I have always given something expensive when he gives presents."

"So I discovered when he gave you away," rejoined the young husband. "And with a large open-faced clock he continued to audit the monthly bills of his alleged better half. We unreservedly second any resolution of condonance."

SHOT HIS WIFE'S FATHER, THEN KILLED HIMSELF

An Old Dispute Settled by Double Tragedy in Pennsylvania Town.

JAMESTOWN, N. Y., March 24.—Lynna Hodges shot and fatally wounded her father-in-law, A. P. Anderson, at the home of the two at Youngsville, Pa., a few miles south of Jamestown, at a late hour last night. A few minutes later Hodges placed the same revolver to her own head and put a bullet in it. The shooting took place in front of Mrs. Hodges, who is a daughter of Anderson. An old dispute was renewed when Hodges stepped up behind the old man and placing her revolver at his back, fired, the bullet penetrating the lung. Mrs. Hodges screamed. Twenty minutes later, as neighbors began to arrive at the house, Hodges stepped outside the door and shot himself. Both men will die.

CATTLE QUARANTINE TO BE LIFTED FRIDAY

For and Mouth Disease Now Overcome in New York and Pennsylvania.

WASHINGTON, March 24.—Effective Friday next, the federal quarantine for the foot and mouth disease will be entirely lifted from the State of New York and Pennsylvania with the exception of the Borough of Glen Olden in Delaware County, and certain townships in Lancaster County, as the result of an order issued today by Secretary of Agriculture Wilson. The disease is not now known to exist among live stock in either New York or Pennsylvania.

Pennsylvania is now the only state where there is any quarantine at all.

ECZEMA CURABLE? PROVEN!

Attorney at Moline, Ill., Convinced by Oil of Wintergreen Compound.

There is nothing that will convince a lawyer except evidence. Now, here is some rather startling evidence of a simple home cure for eczema which convinced one lawyer, F. C. Ehrlich, attorney at Moline, Ill. He tells how oil of wintergreen compound mixed with thymol and glycerine as in D. D. D. Prescription, cured him in thirty days after thirty-two years of suffering.

"For thirty-two years," writes Attorney Ehrlich, "I was troubled with eczema scales all over my face, body and head. I could not run a hair brush over my body and the face would be covered with scales every day. I tried every medicine I could get—without result."

"Just a month ago I was induced to try D. D. D. Prescription. The itch was relieved instantly; so I continued. It is just a month now and I am completely cured. The scales have dropped off and the scales have dropped off."

"I can only say again CURE DISCOVERED. I am now starting all eczema sufferers on the right track."

For sample bottle write to The D. D. D. Laboratory, Department 9, 23 Jordan street, Toronto. For sale by all druggists.

BERESFORD RETIRES FROM ACTIVE SERVICE

LONDON, March 24.—Admiral Lord Charles Beresford, commander of the Channel fleet, hailed from his flag at Portsmouth today, thus bringing to an end fifty years of active service. He was given a rousing send off by some 20,000 enthusiastic friends and admirers who had gathered around the dockyard gates. The Admiral is now a free lance and it is expected that he will take an active part in the agitation for a big navy.

SCHOOL TEACHER SHOT.

NEW YORK, Mar. 24.—Anna A. Mangrove, a public school teacher, was shot in the head and instantly killed early today, while on her way to public school in 10th street, between Second and Third avenues, where she taught. A man who is alleged to have shot her was arrested by the police as he was about to turn the weapon on himself.

NOTHING LIKE THEM

Nothing that St. John has had for many years in the way of successful openings has quite equalled the universal approval that the Dunlop-Cooke Co.'s opening of spring costumes, coats and dresses has met with. Such an establishment in St. John, where ladies could have made to special order at comparatively short notice, or from stock, garments of the most modern design, and at the same time avoid having the same thing worn by nearly every other lady, is indeed a great advantage. During the first days of the opening beautiful costumes were shown at from \$20 to \$35 in all the new colors and colorings, the predominating new shades in taupe, London smoke, ecru, wisteria, Cinnamon, blue, blue, moss green, etc. New models are being added every day.

The show windows present a most attractive appearance and frequently throngs of delighted people fill the vestibule and side walk in front of the store. The magnificent show rooms fitted with rich Flemish oak and brass cases and British plate mirrors and carpeted floors form attractive surroundings for this most attractive offering for ladies high class wearing apparel.

THE WHITLA KIDNAPPERS QUESTIONED BY POLICE

(Continued from page one.)

"John Doe," her mysterious partner, told her, he was asked he answered guardedly. Chief Kohler asked him about himself, his name, and asked him how long he had been in Cleveland and a score of other questions.

"You tell me the answers first, then I will tell them back to you," answered the suspect.

The chief told him of a number of places he had traced him in the last two days, watched him buy food, drink and eat. He told him what he ate on Monday night for dinner and what he ate Tuesday night after the ransom money had been paid to the kidnappers. The second meal was of far better quality than the first said the chief. Instead of trying to explain to the chief how he had raised the money Doe just grinned and kept quiet.

"Listen to what the woman tells you. What was she saying?" he remarked once to the police.

The woman herself said during the course of the night, "I am the girl that framed up this job all right." The woman is tall and blonde, she appears to be about 25 years old, although she says she is younger. Her face is pitted with smallpox scars. The clothes of both the man and the woman were new. Several sales slips were found in their purses showing that they had purchased the clothes on Tuesday.

While the police were questioning the woman, the kidnappers were in the Hotel Thorpe across the street.

The discovery of Billy Whitla's hiding place was made by Detective Benham after a talk with Billy. The boy remembered little distinctly but recalled that he had been kept in a house from which he could see tall trees, a stone church and the sign of Thorpe's Hotel.

THE COST OF GOOD HEALTH

Will be Lessened by the Timely Use of Dr. Williams' Pink Pills

How much money is wasted on useless medicines. How much time is lost; how much pain endured simply because you do not find the right medicine to start with. Take the most expert advice of thousands who speak from experience in favor of Dr. Williams' Pink Pills and you will save money, and above all, you will perfect health. Proof of this is found in the statement of Mr. J. A. Robarge, a well known resident of Lachine, Que., who says: "I am a boatman, and I am frequently exposed to all conditions of weather. This exposure began to tell on my health. I could not get out of bed, loss of appetite, pains in the limbs and side, I tried several medicines but they did not help me. My condition was growing worse and a general breakdown threatened. I slept poorly at night and lost much weight, and began to fear that I was drifting into chronic invalidism. One day while reading a newspaper I was attracted by the statement of a fellow sufferer who had been cured through the use of Dr. Williams' Pink Pills. I bought much money without getting relief, and I hated to spend more, but the cure was so convincing that I decided to give it a trial. I bought a bottle of Dr. Williams' Pink Pills and after the first couple of weeks they began to help me, and in a few days I was as well as ever. I had tried Dr. Williams' Pink Pills at the outset, I would have only been spared much suffering, but would have saved money as well."

"I have found that the cure for most of the ailments that afflict mankind, Dr. Williams' Pink Pills actually make new rich blood, and cure such common ailments as anemia, indigestion, rheumatism, neuralgia, heart palpitation, nervousness, and the headaches, backaches, aches and other ills of tired and worn-out blood. The pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50. Write to The Dr. Williams' Medicine Co., Brockville, Ont."

MANUFACTURERS WANT A DUTY ON TIN PLATE

Enterprise at Morrisburg, Ont., Cannot Continue Without Protection.

OTTAWA, Mar. 24.—A delegation from Morrisburg and Brockville headed by Andrew Broder, M. P., and William McCann, president of the Canadian Sheet Steel Corporation, Ltd., today waited upon Hon. George F. Graham and urged the imposition of a protective duty on tin plate of fifteen per cent. against the United States and of twelve and a half per cent. against Great Britain and all other countries.

It is claimed that the tin plate enterprise which was started some time ago in Morrisburg, Ont. has found it impossible to carry on the enterprises in Canada without the protection asked. At the present time the tin plate is imported from the United States and it is not thought that the application will meet with the approval of the government on this occasion.

Mr. Graham promised to lay the matter before the government.

WOMAN SUFFRAGE WAS ENDORSED

British Commons Passed Second Reading of Bill—Was Relegated to Oblivion.

LONDON, Mar. 22.—The House of Commons has again expressed a plous opinion in favor of woman suffrage. Today by a vote of 187 to 122 it passed on its second reading the bill introduced by Hon. Geoffrey Howard, enfranchising every man and woman over 21 years of age with one qualification, of three months' residence in one constituency.

Premier Asquith mentioning the division of opinion in the Cabinet on woman suffrage, said the government would not support the bill. Such a reform ought to be initiated by the government. After a lengthy debate, the bill, at Mr. Asquith's suggestion, was referred to the Committee of the whole House, one of the British parliament's subterfuges for sending an undesired measure into oblivion.

Howard's bill is repudiated by the Suffragettes, notwithstanding that its enactment would give the right to vote. It seems that the bill does not sufficiently recognize their importance.

SERVA WANTS PEACE.

BELGRADE, Mar. 24.—Premier Ninkovich speaking before the national assembly today in reply to an interpellation on the subject of mobilization, said it was the earnest desire of Servia to maintain peace and added that the country, relying upon the sincerity of the advice of the great powers, intended to comply with their request.

HUSBAND'S SUIT FOR DIVORCE REFUSED

Minister Named as Co-respondent. Says He Has Been Reduced to Peddling Patent Medicine.

BOSTON, Mass., March 23.—On the ground that Gilman W. Brown, a wealthy resident of West Newbury, had condoned the offences alleged to have been committed by his wife, his three libels for divorce were thrown out of court by Judge Lawton in the Middlesex County Supreme Court at East Cambridge today. The suit, which has been on trial for several weeks, has been of unusual interest, principally because of the fact that Brown had named as co-respondent Rev. David Frank Atherton, formerly Congregational minister at Hooksett, N. H., and Georgetown.

On stand today Mrs. Brown denied the allegations of her husband that she had been unduly friendly with the minister. She remarked only: "I was his friend."

Rev. Mr. Atherton said as a minister he had befriended Mrs. Brown when she was in trouble and that he was a victim of persecution. "As a result of this persecution," he said, "I was reduced to selling sewing machines and peddling patent medicines for a living."

MISS ANGLIN'S PLANS

25 West 42nd St., New York City, March 19, 1934.

Editor the Star:

In the hope that you may be interested to use some news concerning Miss Margaret Anglin in your dramatic column, I am writing to tell you that after a pleasant trip to Egypt with her sister and some friends, which carried them as far as the Sudan, the travellers journeyed for a couple of weeks on the Riviera, where Miss Anglin had never been. They visited Nice, Monte Carlo, Cap Martin and other resorts. A couple of weeks ago, they arrived in Paris, where they are now settled until just before Easter, at the Hotel Astoria, Avenue des Champs Elysees. During Holy Week, Miss Anglin intends to motor from Paris to Rome, so that she may be present at the Pope's Easter celebration at St. Peter's. Subsequently, she goes to London, where I shall probably join her for the purpose of arranging the details of her appearance at Her Majesty's Theatre in 1931. Miss Anglin expects to return to New York at the end of May and spend the summer at her bungalow in Connecticut. She intends to publish an account of her travels around the world, and the same will appear at first in a New York Magazine as a series of articles, beginning about October.

The immediate professional plans of the distinguished artist, provide for her appearance in Mrs. Deland's dramatic novel, "The Awakening of Helen Ritchie," in Boston next September; subsequently, coming to New York with the same play. Since my return to New York, I have completed two or three contracts with leading playwrights, who have undertaken to provide Miss Anglin with plays for her future use, and I am glad to tell you that her intention to appear in roles of Shakespearean heroines, is serious, and plans are already in course of development.
