SHARP'S COMPOUND

Concentrated Alkaline

Infusion of Sarsaparilla.

SARSAPARILLA Has of late years been much used, and with great success in cases of Chronic Rheumatism, as an alterative in Scrolulous affections, Scurvy, Obstinate Cutaneous Eurruptions, Indolent Ulcers, diseases of the Periostrum and bone, attended with obscure pains, wasting of the flesh, tenderness of the parts, tumours and nodes unconnected with Syphilis, and in that state of the habit known among medical men under the term *Cachexia*, but which it is not easy to define ; in such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

It is also considered by the most eminent surgeons of the present day, to be the best medicine for re establishing the constitution after it has undergone the effects of mercury.

The infusion contains all the properties of the Sarsaparilla, in a highly concentrated state, together with the addition of an alkali, which is strongly recommended by the late Abernethy, also by professor Brande, who in a late edition of his valuable work on Pharmacy, says, "the addition of an alkali in the preparation of Sarsaparilla, seems greatly to facilitate the extraction of the saluble matter, and may be used with great advantage."

Amongst the advocates for this medicine, may be mentioned the names of sir B. C. Brodie, Bart., sir James Clarke, the late sir A. Cooper, Bart., Drs J. A. Paris, M. Ryan, Grahame, Marshall Hall, M.D. F. R. S. &c. &c. Prepared and sold in bottles, in 3s. 9d. each, by J. G. SHARP,

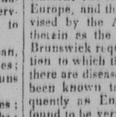
BUNTING'S VETERINARY

TABLET ;

Being a Synopsis of the Diseases of Horses and Cattle, with their cause, symptoms and cure.

By Peter Bunting, Veterinary Practitioner, St. John.



THE Subscriber in offering this Work to a generous and discerning Public, would respectfully intimate, that it combines the experience of the most eminent Veterinary Surgeons and Practitioners in Europe, and that the whole has been carefully revised by the Author, and such alterations made therein as the peculiarity of the climate of New-Brunswick required. Notwithstanding the perfection to which the art has arrived in Great Britain, there are diseases known there, which have never been known to exist here, and vice versa ; consequently no English Veterinary Tablet, would be found to be very imperfect indeed in North America. He would also beg leave to assure Farmers, and others, that with his Tablet before them, very few cases of disease would ever occur, which they would not be enabled to treat with perfect safety, by following the instructions there laid down.

For sale, neatly bound, (till further arrangements are made) at Mr. McMillan's, Phœnix Book store, Prince Wm. street ; and by the proprietor, Sydney street, near st. Malichi's Church, st. John, N. B.—Price 2s. 6d. PETER BUNTING.
