All the schools are in working order again after the prolonged Christmas vacation.

At the university there are no changes of note to chronicle. Several new stadents have arrived among them a young lady, but the full number is usually made up the first term. It is runoured there will be no seniors At Home this year in consequence of the death of Mrs. Allison, which is only a fitting tribute to the memory ofone so dearly beloved. At the Academy things are progressing smoothly as usual, the year opening with five new pupils. The ladies college shows a marked increase there being twenty-five new students, making the total attendance larger than ever. Many of these are music pupils, the excellent work of the conservatory under Prof. Vincent's tactful management is showing good results in this department. The studio is also doing exceedingly well patronised this termbetter than ever before and while there a large number of beginers there are seved pupils more advanced who are most promising.

A new addition to the staff of the ladies' college is Miss Wilbur of Monoton, a trained nurse, who will attend to the physical well being of the sch ol. Among students who are contemplating coming to Mt. Allison are a Cuban young lady now in New York and a student of the Art School in Boston, who thinks she can do as well in her native land at the Sackville Art Studio, which is flattering to Prof. Hammond.

The teachers have all returned with the exception of Miss Williams, who has been detained in Boston by the serious illness of her sister. A sung and pretty parlor has just been flitted up in the south wing for the use of Mr. and Mrs. Vincent. Cards are out for the wedding of Miss Walker, Bermuda, who was the guest of Mrs. Borden last summer, to Clarence Staart Peniston, of Fembroke, Bermuda, Jan. 20th. Miss Walker made many friends during her visits in Sackville, all of whom will wish her much happiness.
