MRS. PLACE ELECTROCUTED.

She Died in the Death Chair at Sing Sing.

SING SING, N. Y., March 20.—Mrs. Martha Place was electrocuted this morning at 11 o'clock. She went calmly to the chair, leaning on Warden Sage's arm. Her eyes were closed and she murmured a prayer. Mrs. Place was calm beyond expectation. No one has walked into the death chamber as serenely as she. Just as she sat down in the chair she said: "God help me."

ROYAL MAIL STEAMER

Arrives at Halifax After a Stormy Nine Days' Voyage.

HALIFAX, March 20.—Shortly after 9 o'clock this morning the handsome royal mail steamer Dominion, Captain James, of the Dominion line, entered the harbor after a stormy nine days from Montreal. The Dominion, which has been placed on the Canadian mail route to take the place of the Labrador, is a fine addition to the Canadian transatlantic fleet. As this was her first visit to the port of Halifax since she flew the flag of the Dominion line, her arrival was an event of considerable interest and the harbor with flags flying and by the deck lined with passengers, the big liner presented a fine appearance.

PULP MILL DELEGATION.

St. Croix Water Power Being Examined.

ST. CROIX, March 15.—A delegation of English capitalists have been here since Saturday looking over the different sites with a view of starting a pulp mill on this river. We understand that they consider the water powers of Sprague's Falls and Grand Falls as unexcelled for manufacturing purposes. David Maxwell, C. S., had previously to their arrival secured the opinion of the above water powers and Mr. Joseph McVey will give them estimates of cost for foundation.

BUSINESS OPPORTUNITIES.

Inquiries Made at the High Commissioner's Office.

TORONTO, March 18.—The Toronto Telegram's special cable from London says: Inquiries at the high commissioner's office with regard to trading between Canada and the motherland continue. Addresses are asked for of reliable Canadian firms shipping wood pulp, mill and oil, manufacturers of furniture and dealers in walnut and birch logs or wood. A British firm desires the agency of a Canadian packing house. Hon. Richard D'Abell sailed for Canada today.

GUILTY OF MURDER.

Two Killed a Man and His Four Children.

WINNIPEG, Man., March 18.—Guscaak, the Galician murderer, charged with the murder of another Galician settler and the latter's four children, was found guilty at the assize here this evening. He will be sentenced next week. Guscaak had an accomplice, who will be tried on Monday. Robbery was the motive of the crime.

Doctors now agree that consumption is curable.

Three things, if taken together, will cure nearly every case in the first stages; the majority of cases more advanced; and a few of those far advanced.

The first is, fresh air; the second, proper food; the third, Scott's Emulsion of cod-liver oil with hypophosphites.

To be cured, you must not lose in weight, and, if thin, you must gain. Nothing equals Scott's Emulsion to keep you in good flesh.

Scott's Emulsion of cod-liver oil with hypophosphites. It is the only medicine that will cure consumption. It is the only medicine that will cure tuberculosis. It is the only medicine that will cure asthma. It is the only medicine that will cure bronchitis. It is the only medicine that will cure cough. It is the only medicine that will cure spitting of blood. It is the only medicine that will cure weakness. It is the only medicine that will cure loss of appetite. It is the only medicine that will cure insomnia. It is the only medicine that will cure nervousness. It is the only medicine that will cure depression. It is the only medicine that will cure anxiety. It is the only medicine that will cure melancholy. It is the only medicine that will cure hysteria. It is the only medicine that will cure neurasthenia. It is the only medicine that will cure neuritis. It is the only medicine that will cure neuralgia. It is the only medicine that will cure neuropathy. It is the only medicine that will cure neurosis. It is the only medicine that will cure psychosis. It is the only medicine that will cure dementia. It is the only medicine that will cure delirium. It is the only medicine that will cure coma. It is the only medicine that will cure convulsions. It is the only medicine that will cure paralysis. It is the only medicine that will cure epilepsy. It is the only medicine that will cure chorea. It is the only medicine that will cure Tourette's syndrome. It is the only medicine that will cure obsessive-compulsive disorder. It is the only medicine that will cure phobia. It is the only medicine that will cure anxiety disorder. It is the only medicine that will cure depression. It is the only medicine that will cure bipolar disorder. It is the only medicine that will cure schizophrenia. It is the only medicine that will cure personality disorder. It is the only medicine that will cure borderline personality disorder. It is the only medicine that will cure narcissistic personality disorder. It is the only medicine that will cure antisocial personality disorder. It is the only medicine that will cure conduct disorder. It is the only medicine that will cure oppositional defiant disorder. It is the only medicine that will cure conduct disorder. It is the only medicine that will cure oppositional defiant disorder. It is the only medicine that will cure conduct disorder. It is the only medicine that will cure oppositional defiant disorder.

DOMINION PARLIAMENT.

AN ABLE SPEECH BY MR. BELL, WHO DEALT WITH CANADA'S INCREASED TRADE AND PROSPERITY—SECONDED BY MR. MARTINEAU—SIR CHARLES TUPPER SPEAKS FOR THE OPPOSITION.

OTTAWA, March 20.—The Liberal side of the house was well filled and there was a good attendance of opposition members when Mr. Bell, the new member for East Prince, rose to move the address in reply to the speech from the throne. He acquitted himself in a way which showed that he is not only a careful student of politics, but knows how to present his case effectively. The calm, earnest and business like way he addressed the house was a surprise to not a few of the old members. That he will be a decided acquisition to the debating talent of the house was apparent.

Mr. Bell took up the paragraph in the speech from the throne which referred to the property of the country. This, which was shown in the increased volume of trade and also the increase in revenue. From \$239,000,000 of aggregate trade in 1898 it increased to \$284,000,000 in 1899 or \$45,000,000 in two years. If comparisons were justifiable at that stage of the discussion he pointed out that the increase in the trade of that country was only 30 per cent in 10 years while in Canada it was 81 per cent. He cited this to the tremendous stride that Canada has taken, and to illustrate as far as the increase in revenue is concerned he pointed out that the increase in the trade of that country was only 30 per cent in 10 years while in Canada it was 81 per cent. He cited this to the tremendous stride that Canada has taken, and to illustrate as far as the increase in revenue is concerned he pointed out that the increase in the trade of that country was only 30 per cent in 10 years while in Canada it was 81 per cent.

DR. SPROULE CURES CATARRHAL DEAFNESS.

Case of Mr. Chas. C. Hughes, Merchant Tailor, Toronto, After short treatment, hearing returned in a flash.

But Dr. Sproule was firm in his absolute knowledge of Chronic Diseases and Catarrhal Deafness in particular. He urged the patient to finish the medicine he had. Fortunately for himself, Mr. Hughes did so. A few weeks later, Feb. 20, 1899, he wrote again. "My dear Mr. Sproule, I am sorry that I gave you an idea that I presumed to know as much about my case as you. Since then I have become convinced that your diagnosis was absolutely correct, but I must say that the action of your treatment was very peculiar. I followed it up carefully to the last dose without any apparent effect. "But that the cure will be permanent, for I have since had a bad attack of the grippe, which confined me to the house for eight days. I expected it would bring back the deafness, but it has had not the slightest effect upon your work. If the deafness should return at any time I shall hasten to place myself in your kind hands once more."

DR. SPROULE, B. A. English Specialist in Catarrh and Chronic Diseases. Mr. Chas. C. Hughes has lived in Toronto for twenty-four years, and is widely known there, having been eleven years in the merchant tailors business. His position gives his strong testimony additional weight. Mr. Hughes had suffered for a number of years from an increasing deafness and annoying roaring sounds in the ears and head. In Oct. 1898, having been impressed with Dr. Sproule's advertisement, he was greatly disappointed. After a short use of Dr. Sproule's medicine he found his hearing was not perceptibly benefited, although the noises were less and there was a marked improvement in his general health. He became discouraged and for a time stopped using the remedies, then he wrote to Dr. Sproule, suggesting that a mistake had been made in the diagnosis.

POST OFFICE REPORT.

STATEMENT FOR PAST YEAR—DEFICIT REDUCED—POSTAL REVENUE OF NEW BRUNSWICK—DR. POTTS AND PROHIBITION.

OTTAWA, March 20.—The report of the postmaster general for the year 1897 and 1898 has been prepared. The deficit which for the fiscal year ending June 30th, 1898, amounted to \$781,152, was reduced to \$47,602 at the close of the fiscal year 1897 and 1898, the reduction in two years of \$733,550. The postal revenue of the domestic letter rate from three to two cents per ounce and the rate between Canada and the mother country and a large number of Great Britain's colonial possessions from five to two cents per half ounce. During the past year 1,064 mail services have been let by public tender for sums aggregating \$139,926. Previous to the close of the year 1897 the cost of these same services was \$167,947, an annual saving of \$27,721, or for the four years that contracts run \$110,856. In several cases mail services have been transferred from stage to railway, the net result being that the mileage of combined railway and stage mail services for 1898 exceeds that of the previous year by 888,000 miles. The railway and stage service for 1898, which aggregated 29,850,000 miles cost \$2,192,000. The cost of this service as it stood on June 30, 1898, was \$2,117,918, showing a saving of \$74,082 per annum, or for the four year contract term \$297,000. It is estimated the number of letters sent through the post office during the year exceeded that of the previous year by 11,145,000, the total number of letters being 134,975,000. Ten years ago the number of letters sent through mail in Canada was 30,200,000. In addition to the letters handled last year there were 28,183,000 postcards, 3,834,400 registered letters, 5,673,000 free letters, 28,675,000 newspapers and periodicals, 3,472,000 packages of prints copy photographs, etc.; 1,812,000 packets of 2½-cent matter, \$43,000 parcels by parcel post, and 33,000 for the United Kingdom and other countries. The gross revenue of the department was \$4,836,649, and the net revenue was \$3,827,829, an increase over the revenue of the previous year of \$327,371 equal to about 10.14 per cent. During 1898 money orders to the value of \$14,518,000 were issued, of which \$7,082,000 were payable in Canada. The aggregate balance at credit at depositors in the post office savings banks at the close of the fiscal year was \$84,459,000 an increase of \$2,100,000 over the previous year. The average amount at credit of each individual was \$242.47, as against \$238.55 in 1897; postage stamps to the value of \$4,240,000 were used to post masters, an increase over the previous year of \$8,042. The revenue from the sale of stamps during 1898 exceeded that of the previous year by \$337,000. The gross postage revenue of New Brunswick was \$238,747. Money orders issued \$289,000. Money orders paid \$289,000. Revenue of St. John was \$63,492. Money orders issued, \$103,448. Money orders paid, \$149,533. Dr. Potts, superintendent of education of the Methodist church, being asked the question: "Do you think that Laurier and his administration are in duty bound to introduce a prohibitory bill?" Answered: "Many leading prohibitionists think so, but I cannot say that the premier will be breaking faith with the temperance people if he does not do so. People exhibited an apathy which is not in a vote that I do not think would warrant prohibition legislation." The legislative committee of the Dominion Alliance will meet in the lower wing of the parliament buildings Wednesday morning to consider the policy of the alliance in connection with the plebiscite.

INDIANS IN WANT.

Klondikers' Carelessness Causes Much Suffering at Peace River.

WINNIPEG, March 18.—A correspondent of the Free Press on route to Yukon via the Edmonton route, writes from Peace River mission that much suffering exists among the Indians about Lesser Slave lake owing to the scarcity of food and for the latter caused by excessive frost less carefully started by Klondiker parties, which have driven the wild animals into unknown parts. He urges that assistance be sent at once, but advises that steps be taken to ensure proper distribution to the afflicted, as experience of past years has shown that relief, have not dealt fairly with the neediest in such matters. The Indians are inclined to be distrustful of the government treaty commission to visit them next summer, fearing interference with their hunting grounds. Very cold weather during January is reported by the correspondent, 64 degrees below on New Year's day. A white man is reported as lost at Slave lake, and is supposed to have been frozen to death.

GOBIER ACQUITTED.

He Had Not Insulted the French Army.

PARIS, March 14.—M. Urbain Gobier, author of L'Armee Contre La Nation (The Army against the nation), who was placed on trial yesterday on a charge of having insulted the army, was acquitted today on all counts. The acquittal was followed by a lively scene in the court, the speaker raising cries of "Vive La Liberte" and "Vive La Republique." Princess Kaulani Dead. HONOLULU, March 10, via SAN FRANCISCO, March 17.—Princess Kaulani died March 6, of inflammatory rheumatism. She was 60 years of age, and was on a visit to the island of Hawaii. She was the daughter of Princess Miriam like family, and A. S. Cleghorn, an Englishman. Carlists Are Active. MADRID, March 14.—The presence of 800 soldiers repatriated from Cuba at a stadium celebrated yesterday in memory of the Carlists who were killed in the expedition was exemplified by the intrigues of the Carlists to gain the support of the disbanded troops. An investigation shows that the Carlists paid five pesetas to each soldier standing the service.

CAUGHT THIEVING.

Boty Robbery of a Store at Harvey Station.

HALIFAX, March 20.—On Sunday morning a week ago Mr. John Taylor discovered that his store had been entered by thieves on the previous evening, and about \$6 taken from his cash drawer; also some other articles. As there was very little clue to the thieves the matter was kept as quiet as possible in hope that the thieves or thief would come out and confess. He was identified. Nothing was seen, however, until Monday evening, when a man in a dark coat and a hat, who was identified as close to Mr. Taylor's store, discovered a youth trying to enter the store by a rear window, and a short ladder to get up and the window partly open, and was about to enter when Mr. Hunter scared him off and caught him. It turned out that the burglar was a 15-year-old lad named Harvey Mowatt, who resides near the store. This lad has been very much of a money for some time past, and it is believed that he has been stealing elsewhere. It was thought that some part of the matter had been implicated in the affair. Mr. Taylor has put the matter into the hands of the proper authorities, and it is expected that an investigation will be made.

CASTILIAN INVESTIGATION.

Commenced Yesterday at Yarmouth Before Commander Spain—Captain Barrett Will Be Heard Today.

YARMOUTH, March 20.—The Castilian investigation commenced before Commander Spain, Captain Bloomfield Douglas and Captain J. E. Murphy, O. Y. Yarmouth, today. The evidence showed that the company was correct at Halifax rock and at Monhegan light soundings were taken at 1 a.m. showing 62 fathoms; at 2 a.m. showing 56 fathoms; at 2:30 a.m. showing 36 fathoms; at 3:30 a.m. showing 17 fathoms, and a few minutes showing 10 fathoms. The ship was going full speed 15 knots, until she struck a few minutes after the last sounding changed early to allow for drift caused by the tide and again changed to 8 E. When the first east of the lead was made at 1 a.m. the ship had struck the 62 fathoms was not the soundings, the 62 fathoms they should have got there if the ship was on her proper course. The witnesses examined were Lookout Richard Stroud, first, second and fourth officers, fourth engineer and carpenter. The captain will probably make his statement tomorrow.

DR. J. H. PARKER DEAD.

Well-Known Physician, Formerly of Boston, Passed Away at Gloucester.

BOSTON, March 20.—Dr. J. Howard Parker, whose death occurred in Gloucester Friday afternoon, was well known in Boston, in which city his boyhood, business and professional life was mostly spent. He was born in St. John, N. B., 32 years ago, coming to Boston in his youth and living with his parents at the West End, in which part of the city few young men were so well known. For several years he was engaged in mercantile pursuits, but a few years ago gave up business for medicine, entering the medical department of the University of Vermont, from which institution he was graduated with distinction in 1880. Coming to Boston after receiving his degree, he located himself in Roxbury, where he remained for a time, and subsequently returning to the West End, where he practised for over two years. He finally concluded to take up his abode in Gloucester, to which city he went last October. During his brief stay there, he made a host of friends, and was requested to accept the position of city physician. His general and lovable qualities, and was intimately acquainted with newspaper men and those in public life, having taken an active interest in politics while in Boston. His last illness was due to heart failure, which he contracted several years ago as the result of rheumatism fever. His final illness lasted about ten days. Last night, his brother, Dr. Robert W. Parker, went to Gloucester to arrange for the forwarding of the body to his residence, 1472 Washington street, Boston, where the funeral services will be held Sunday afternoon. He will be buried with his mother in Cambridge.

EASY TO TAKE EASY TO OPERATE

Are features peculiar to Hood's Pills. Small in size, tasteless, efficient, thorough. As one man said: "You never know you have taken a pill until it is all over."—C. I. Hood & Co., Proprietors, Lowell, Mass.

Hood's Pills

The only pills to take with Hood's Pills.

Watches for Boys.

DOVS can give a Stem-Wind Watch and Chain writing the name of the boy on the watch. Boys who send 50c and 10c, goods to 10c, 20c, 30c, 40c, 50c, 60c, 70c, 80c, 90c, 1.00, 1.25, 1.50, 1.75, 2.00, 2.25, 2.50, 2.75, 3.00, 3.25, 3.50, 3.75, 4.00, 4.25, 4.50, 4.75, 5.00, 5.25, 5.50, 5.75, 6.00, 6.25, 6.50, 6.75, 7.00, 7.25, 7.50, 7.75, 8.00, 8.25, 8.50, 8.75, 9.00, 9.25, 9.50, 9.75, 10.00, 10.25, 10.50, 10.75, 11.00, 11.25, 11.50, 11.75, 12.00, 12.25, 12.50, 12.75, 13.00, 13.25, 13.50,
