TO START ROTHESY-GAGETOWN SECTION OF VALLEY ROAD SOON?

Report at Fredericton That Contractors Are Making Ready—Other News of the Capital.

Fredericton, N. B., July 21—A motoring party composed of Chas. Edgecombe, Herman Turner, J. F. McPeake and A. C. Smith, which made the round trip from Fredericton to Atlantic City, arrived here today.

The funeral of the late Thomas L. Stenise, who died at the St. John's hospital on Friday, took place this morning at that place, and was largely attended.

United States Consular Agent Heard, of Boston, who has received orders from the Consul-General Murphy will visit Fredericton on his biennial tour of inspection next week. Consul-General Murphy was last in this city on Sept. 22, 1910.

It is reported among railway men that construction work on the Gagetown-Rothesy section of the St. John & Quebec railway, which was started last year, is now in progress for building that portion of the line which has been awarded to James H. Corbett & Sons (Incorporated), who at the present time are engaged in operations on the Fredericton-Gagetown section under way. Nothing definite is yet known concerning the matter.

PETITCODAC NURSE DIES IN BOSTON

Miss Mildred Keith Passed Away Sunday—Moncton Girl Sent to Dorchester for Vagrancy.

Moncton, N. B., July 22—The death of Miss Mildred Keith, aged 21, who was late of Dorchester, was reported here today. She died at the St. John's hospital on Sunday.

Emma Lutes, the Moncton girl, who sometime ago was arrested on a vagrancy charge and sent to the Salvation Army Home at St. John, has been again arrested since her escape from the St. John institution, and appeared in the police court this morning. She was sentenced to jail at Dorchester for six months.

REAL ESTATE

The number of transfers of real estate which have been taking place lately afford excellent evidence of the substantial recovery in the real estate market.

The St. John Real Estate Company has just closed two fresh deals, with wooden dwellings located in Brunswick street, adjoining Centennial School, each with a frontage of 25 feet.

The transfer of Dr. G. G. Corbett's residence in Carleton street to Walter U. Homfray, of Kamloops, B. C., was completed yesterday.

Transfers of the following properties have appeared on the records of the registry office.

Transferred to J. H. Peters to Rev. Bro. property in Germain street.

A. O. Skinner to R. H. Dookill, Opera House property in Union street.

H. W. Frink has purchased from Mrs. Mary L. Sheraton a property at Rothesy, Carleton.

Local opportunities are not absorbing all the money available for investment here.

One of the latest outside projects in which St. John money is being placed, is an apartment house in Moncton, which was taken over by a syndicate formed by a couple of local men with quite a large number of St. John investors.

The Halifax Recorder says: "Halifax is reported to be on the eve of another big real estate boom, and it is said that St. John, N. B., parties are interesting themselves in any property in the centre of the city that is on the market."

At least one sale is mentioned as being practically consummated. The building named are on and near a corner of two down town streets and there are other structures that are being acquired, into, and prices are being obtained or options taken.

ENGINE GOES INTO TIDE AT COURTENAY BAY WORKS

At the scene of the Courtenay Bay works yesterday afternoon, one of the locomotives engaged at hauling work ran away on a temporary track and plunged into the tide. The engine jumped and was wrecked.
