**Cop Third Straight** 

By KEN GLUBE

At Charlottetown last weekend

While the innept officiating

Friday, February 5, 1965

# **Gazette Sports**

Tomorrow atternoon as part of the Winter Carnival the Varsity hockey and basketball teams will meet out of town competition in a couple of key games. St. Thomas from Fredericton tie off with the Hockey Tigers at 1.00 while St. F. X. and the Tigers will tangle on the basketball court at 3.00.

Coach Al Yarr's basketball squad downed St. Dunstan's last weekend in a game marked by plainly inept, not just poor, officiating. It was the Tiger's third straight conference win and brought their season's record to a vastly improved 4 wins and 3 losses for 8 points. Tomorrow the Bengals will be looking for their second straight home court victory against the powerful X-men.

This game is a must for both squads if they hope to get a playoff crack at Acadia who unless some unforeseen catastrophe strikes should end up atop the conference standings. Both Dal and X have been downed by the powerful Wolfville squad this year and are fighting for the playoff right to challenge the league leaders.

In recent games the Tigers have increased the tempo of their offense while greatly improving their several defensive formations and their rebounding. It will be the defense and the rebounding, which will tell the story against the X-men. With Dave Barry, perhaps the finest centre in the league, and Paul Chenard and Neil Bisson operating of the guard positions the Xavier squad has an extremely potent offense.

For the Bengals its biggest improvement in recent games has been the play of centre, Tom Beattie. The lanky freshman scored 72 points in Tour road games and has greatly improved on the backboards. Larry Archibald and George Swige Hughes, although at times hampered by foul trouble have been playing steady ball while Norm Vickery appears to be completely recovered from an injury suffered in its St. Mary's game.

The Bengals certainly have the potential and coaching to defeat the X-men and if they take advantage of a weak X defense they should pull an upset.

### \* \* \* \* \*

After taking poundings at the hands of St. F. X. the hockey Tigers redeemed themselves in Charlottetown last Saturday before losing 5-3. The Tigers played a solid 50 minutes of hockey but the other ten minutes proved disastrous as Billy MacMillan took advantage of second period Tiger lapses to fire three goals (giving him a 2 season total of 39).

The Tigers, led by Ron Smyth and Dick Drmaj, probably played their finest period and a half of hockey of the season in the final 30 minutes of the game as they outskated and outscored the Saints. The Tigers, however, seem to be relying heavily on their two fine forwards Smythe and Drmaj. These two excellent hockey players plus the outstanding netminding of the Tigers goalie's Ron Sieneiwicz and Dave McMaster have been carrying the whole squad. But the Tigers need to find a new scoring combination to take the load off their first line.

The Tiger's game tomorrow with St. Thomas is an important 4 point game for Dal. The Tommies are presently sporting a wins 2 loss record and should be ripe for the taking. If the Bengals can perform the way they did in Charlottetown they should have little trouble in downing the New Brunswick squad.

St. F. X. at Dal fans will certainly remember last years game between these two squads when the Tigers pulled the upset of the year by downing the X-men in overtime. The Bengals should again upset X but should win in regulation time, With better coaching and stronger defense the Tigers should post their fourth straight win, Dal freshmen have gained valuable experience and poise in recent games and if high scoring Dave Barry can be contained X should suffer their third loss of the season. Dal in a sqeaker.

St. Dunstans at Acadia in this game between the top and bottom teams in its conference the result is a foregone conclusion. Acadia have only allowed 49 points per game while scoring an average of 77 themselves and should post their 7th win of the season. Acadia by about 40.

Mount A at UNB the disorganized Hawks will be out defensed by the Red Raiders. UNB have played well in losing and will have more poise and talent and should down the traditional rivals by about 15 points.

SMU at Acadia in perhaps the key game of the week Acadia will remain undefeated. Taking advantage of a weak SMU defense the Axmen should score easy baskets while covering the back boards. Nobody will beat the valley-squad in their high school band box-Acadia by at least 15 points.

St. Dunstans at SMU the high scoring Huskies averaging better than 90 points per game should fatten their average at the expense of the Saints. The SMU squad will simply run SDU into the floor coasting to an easy victory. St. Mary's by 30 or 40.

St. Thomas at Dal as part of this winter carnival festival the Tigers will have their hands full with the Tommies. The Bengals played a much improved game in losing to St. Dunstan's and should have enough to down the hot and cold St. Thomas pucksters. With Smyth and Drmaj in fine form and with strong goal tending Dal should emerge one or two goal winners.

U of Moncton at St. Dunstans the highflying Saints should have little trouble with the boys from Moncton. With unstopable Billy McMillan having another fine year the Dunnees should win in a walk.

Mt. A and St. F. X. no contest - the X-men have their strongest team of recent years and should have no problem with the Hawks. The X-men are strong all over and should win easily.
