CEC8001

Belt Drive Semi-Automatic Turntable

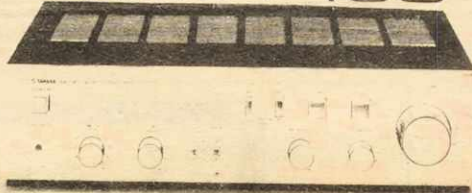

This unit is simply outstanding! It offers excellent engineering features such as an arm and platter that are suspended on a separate sub chassis for improved insulation; a high quality low mass straight tone-arm; and controls outside the dustcover for easy operation. This turntable performs better than many turntables costing twice as much and at this price you simply can't go wrong.

M.S.L. \$159.00

\$108.00

YAMAHA A-450

This amp will form the centre of a great sound system. With 30 watts RMS per channel there's power to spare, and at an incredibly low .02 distortion it will always sound super clean. Add a tape deck or a tuner and you get all the control and versatility you'll need. A 5 year parts and labor warranty, and best of all sale price that makes it the **Buy of the Year**. But hurry, quantities are limited.

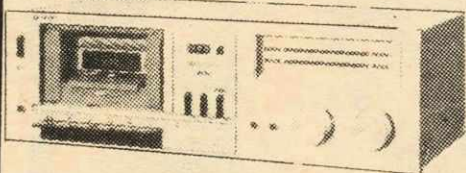

M.S.L. \$300.00 Sale Price **\$178.00**

Sharp RT10C metal compatible cassette deck with Dolby noise reduction and LED meters along with selection for regular, chrome and metal tapes. This is the perfect deck to complete your system. Excellent specs, reliable performance.
