

DEAR SIR:

In answer to your enquiry, we would say that your Carbonizer, which you placed in our Billiard Room on Great St. James Street on the 1th of September, gives us entire satisfaction. Before we had it introduced we were burning about 1200 feet of gas per night, running about 3 hours with 6 burners. We are now burning less than 1000 feet per night, running 6 hours with 62 burners, and have fully as good light. We therefore cheerfully recommend it to all who wish to economize in burning gas.

To Mr. ROBERT ALSOP.

Very truly yours,

MONTREAL, Nov. 4, 1887.

JOS. EDON & BROS.

Results in Dion's Billiard Room.

DEAR SIR:

The Carbonizer you put in my house, the Eagle Hotel, on the 18th October, gives entire satisfaction, and I confidently recommend it to all who wish to economize in burning gas. I have a much better and brighter light with two 62 burners with your apparatus than I had with three feet burners without it.

Mr. R. ALSOP.

Very truly yours,

MONTREAL, December 2, 1887.

IRVING EDSON

DEAR SIR:

I take pleasure in saying that Woodward's Patent Improved Carbonizer, which you placed in the Montreal Saw Works gives entire satisfaction. We were using four feet burners, and since you put it in we have used three feet burners, and the light is vastly increased.

To Mr. R. ALSOP.

Very truly yours,

GEORGE H. HINTON, Montreal.

DEAR SIR:

Office of the Hampshire Independent, Family County New-haver, Dec. 7, 1887.

At the above office, Dec. 4, 1887, 5 feet of common gas was consumed by 10 burners in 2 minutes 10 seconds, on Saturday Dec. 7, 5 feet of carbonized gas was consumed in 1 minute, and the light was perfectly satisfactory.

To R. ALSOP.

Yours,

H. ALLEN

DEAR SIR:

MONTREAL, February 8, 1888.

The Carbonizer you placed in our store in Craig Street gives us entire satisfaction; our light is much improved, and the cost of our gas is reduced over fifty per cent.

To R. ALSOP.

Very truly yours,

JNO. BROWN & CO.

I most respectfully call the attention of all the consumers of gas in the Dominion of Canada to the foregoing circular and testimonials, knowing that all that is wanted is a fair trial to demonstrate the great value of the improvement. All orders sent to the subscriber thankfully received and promptly attended to.

ROB. ALSOP.

No. 156 Great St. James Street, Montreal.
