IS THE ONLY

BRITISH COMPANY

Licensed to transact the business of

Guarantee and Accident Insurance

THROUGHOUT THE DOMINION.

The usefulness of corporate suretyship on behalf of employees in positions of trust has been demonstrated for many years in Great Britain and the Colonies. Private or personal security is manifestly objectionable both to employer and employed, and the small rate of premium charged by this Company to persons whose antecedents and characters are such as to warrant their filling a position of trust faithfully and honorably, should leave no cause for anyone to ask friends or relatives to become or remain their bondsmen.

The Bonds of this Company are readily accepted and preferred by all Departments of the Dominion and Provincial Governments, as well as by all the leading Railways, Banks, Corporations, &c., &c., in the country.

The General Accident Policies of this Company, under the several rates and classifications, cover every form of bodily injury induced by purely Accidental means, whether it happen while travelling, or while engaged in any of the usual and lawful avocations of life.

Forms of Application and full particulars can be obtained at the Head Office for Canada,

72 King Street East, Toronto.
