

Time flies —waiting is wasting

You who have waited—why?

Are you one of those who wouldn't get a car until you could get a *real* one—without paying too dear a price?

Your wait is over—here is a real automobile—every inch an Overland—for \$850.

Have you been waiting for a small car which you could own without apology for its appearance?

Wait no more—the \$850 Overland is a beauty.

Do you wait for a small car, which is roomy, comfortable and easy riding?

No need to wait longer—the \$850 Overland proves that comfort does not depend upon size.

Almost everyone with automobile experience has realized the many advantages of the small car.

Men who own both large and small cars use the small one constantly—drive the large one only on occasion.

But until now small cars have been only a convenience—a utility—lacking in appearance, comforts and equipment.

The \$850 Overland has changed all that—

It has the small car advantages—the big advantages of economy—the delightful advantages of ease of control and small turning radius.

But it also has the advantages heretofore found only in the larger, more expensive cars—beauty—finish—style—comfort—every convenience of complete equipment.

Nothing is lacking—not even the thrill of speed and abundant power.
