## INVALUABLE TO EVERY HOUSEHOLD! THE MODERN FAMILY PHYSICIAN AND HYGIENIC GUIDE.

### GRANDEST BOOK PUBLISHED!

**THE MODERN FAMILY PHYSICIAN AND HYGIENIC GUIDE** was written by three of the most eminent physicians known to the profession—Drs. Richardson, Ford and Vanderbeck—whose experience forms a world of learning. They have produced a volume that has for its object the prevention and cure of disease, and so perfect is the work in every detail that nothing of the kind can approach it. The aim of the book, to benefit mankind everywhere, has been accomplished. It is emphatically the **Grandest Household Work of the Times.** You want to know what to do for the various ailments of life; how to eat, and what is the most wholesome food; how to prepare it; how to exercise; in short, how to enjoy life?—The Family Physician tells you. The Vegetable Materia Medica provides Nature's remedies for a multitude of complaints, and chapter upon chapter of useful knowledge completes a work never equalled. It furnishes a Veterinary Department for the farmer worth many times the cost of the book; hints to make a good housewife out of a poor one, and a better one out of a good one; treats of the proper care of domestic animals—the Horse, the Cow, Sheep, Poultry, Birds—and furnishes remedies for their many diseases. It is perfect in almost every detail, and a better executed book has never been put upon the market. Handsomely illustrated with several hundred engravings, and carefully arranged and neatly printed in one large volume of nearly 1300 pages. Everybody needs this great book.

**EVERGETIC AGENTS WANTED.** An opportunity never before offered in the book business.
