The Right Building Material for Houses, Barns, Implement Sheds

Whether you are building an implement shed, a granary or a house or barn, the most **ECONOMICAL** and **DURABLE** building material is "METALLIC."

For Barns: Corrugated Steel Siding and "Eastlake" Metallic Shingles make a barn absolutely fire-, lightning- and weather-proof.

For Houses: Metallic Rock Faced Stone or Brick Siding will give your house the appearance of a stone or brick dwelling. It is easily and cheaply applied and very durable. "A 25-year actual test" has proven "Eastlake" Shingles the best roofing.

All about the permanent roof you want is told in our artistic free booklet, "Eastlake Metallic Shingles." Write for it now.

Lumbersoles for Women and Children

This neat lacing style LUMBERSOLE is made specially for women and children although we make them in men's sizes also. They are lined with soft, cosy fleece instead of the felt used in our other styles.

Made in sizes 6 to 2 for children, to fit ages 3 to 10, price \$1.50. Sizes 3 to 12 are for men and women, price \$2.25.

The wood soles wear like iron and keep out cold. The soft, fleecy linings keep the feet warm in coldest weather. Just the thing for children going to school and for the wife when outdoors. Fine for boys too, on account of their wearing qualities. WE GUARANTEE LUMBERSOLES to keep the feet warm in 50 below, and will refund the money if you find it's not so.

Better than leather, rubber, or steel shoes, both for warmth and wear. Lighter weight than any other winter footwear. Price includes delivery to you. Send for free catalogue of British-made footwear, socks, underwear, etc., etc. **DEALERS WANTED.**

Local Telephone Systems Nearly 600 in Ontario

At the present time there are nearly 600 different localities in Ontario that are enjoying the services of independent telephone systems. A municipal or local system means that every ratepayer in the township is afforded the opportunity to have a telephone in his home. The importance of a telephone in business and social life requires no argument.

If your locality is without a telephone system, write us. We have assisted the majority of the independent companies and the municipalities to organize, and are prepared to do the same for any locality desiring to build a local or municipal system.

Our experience and knowledge is of great value to municipali-

ties or new companies entering the field, as they are able to secure accurate information about organization, equipment, cost of operation, etc.

The interests of the independent local and municipal telephone systems are allied to our own. These systems are our only customers. The telephones and equipment supplied to them by us are high-grade. Everything is fully guaranteed, the telephones for 10 years against any defect in material or workmanship.

Drop us a card for further information. Our

No. 3 Bulletin

the latest book on telephones—is well worth reading. It's free.

Every telephone in a separate case, ready to go on the wall.
