

THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better, it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines, and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking, or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth, and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal, and the most for the money, is in Stuart's Absorbent Lozenges. They are composed of the finest powdered willow charcoal and other harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath, and purer blood; and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat. I also believe the liver is greatly benefited by the daily use of them. They cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets."—Adv.

Brown's Holsteins

GOSSIP.

From the corner of Notre Dame and McGill streets, in the city of Montreal, per street car, a thirty-minute ride lands the visitor within one mile of the beautiful and modernly equipped farm of Mr. W. Watson Ogilvie, opposite Lachine Rapids, where, under the skillful management of Mr. Robert Hunter, are to be seen what is perhaps the choicest lot of imported Ayrshire cattle on the continent. All told, there are seventy-four head in the barns at the present time, representing the aged and young herd winners at Toronto, Ottawa and London in 1900, and the Pan-American in 1901, while in 1902 they won all the prizes, medals, sweepstakes and diplomas, with one exception, at Toronto, Ottawa and London. This noted herd was established in 1898 by the importation of 25 head, selected with great care by Mr. Hunter, from the leading herds of Scotland. Again, in 1900, a second importation, of 20 head, was made, and this coming summer it is the intention, all being well, to make another importation. As milk producers, the whole herd, including heifers, average 50 lbs. a day each, the majority of them having records of 60 lbs. a day; while Mayflower 2nd of Drumside has a milk record of 75 lbs. a day, testing 4 per cent. of butter-fat. Minnie of Lessnessock, sweepstakes female at Toronto, 1902, has a milk record of 72 lbs. a day, testing 3.90 per cent. Tempest of Knockdown has a milk record of 40 lbs. a day, but her test is 6 per cent. Marjory of Gateside gives 50 lbs. of milk a day, which tests 5 per cent. The main stock bull is Imp. Douglasdale, champion at Buffalo, Toronto, London and Ottawa. His lieutenant in service is Imp. Black Prince, winner of 3rd at Toronto and Ottawa, and second at London last fall. The four heifers that won first prize last fall, the get of one bull, were sired by Comrade of Garlaff (imp.). For sale, there are a few young bulls and females of all ages.

One mile from Danville station, in the Province of Quebec, lies Netherlea Dairy Stock Farm, the property of Mr. T. D. McCallum, breeder of high-class Ayrshire cattle, Shropshire sheep, Yorkshire hogs, and collie dogs. The Ayrshires number 45 head of big, well-formed, heavy-milking animals, the whole herd of working cows ranging from 40 to 60 lbs. of milk a day, at the head of which is that wonderfully successful sire, Imp. Napoleon of Auchenbrain, whose dam has a milk record of 72 lbs. a day. The bulk of the herd is the get of those well-known bulls, Matchless, a son of Imp. Glencairn 3rd and Nellie Osborne, and Imp. Baron Renfrew. This herd was founded 25 years ago, and has always been kept up to the standard. At present, a number of them are out of imported dams, and, as a herd, their tests average the grand showing of 4.90 per cent. of butter-fat. Among the younger bulls we were shown was one yearling that captured the red ticket at all the local shows, and a rare good youngster he is. All told, there are for sale three young bulls, fit for service, and a number of females of various ages. The Shropshires are all imported, being a smooth, even set, with the best of covering. Last year's lambs are all sired by an imported ram. They show the true characteristics of the modern Shropshire, covered from the ground up. There are, for sale a few of both sexes.

The Yorkshires all belong to the O. L. foundation, and the Berkshires to Snell foundation. They are representative of the two breeds, and for sale here are a number of both breeds, both sexes, all ages. The main breeding bitch of the collies is Perfection Queen, by that great dog, Perfection, that sold for 105 guineas. There is a five-months-old bitch out of her, by Imp. Rosenath, the sweetest type of collie the writer ever saw. At present, the young stock of collies is all sold.

AYRSHIRES

WATSON OGILVIE,
PROPRIETOR.

Ogilvie's Ayrshires won the herd and young herd prizes at Toronto, London and Ottawa in 1900; also at the Pan-American, in 1901, and in 1902 they won all the herd prizes and medals, sweepstakes and diplomas, with one exception. The cows are all imported, and were carefully selected for strength and constitution, style, size of teats, and milk (quantity and quality). The herd is headed by Douglasdale (imp.), champion at the Pan-American and at Ottawa, Toronto and London, in 1902, ably assisted by Black Prince (imp.). Stock, imported and home-bred, for sale at all times.

ROBERT HUNTER, Manager.

Near Montreal. One mile from electric cars. Lachine Rapids, P. Q.
