

## NEURALGIA CURED

This Painful Trouble is Due to Poverty of Blood.

Neuralgia is one of the most painful maladies that afflicts humanity. The trouble is usually seated in the face and head, following the course of some nerve, but it attacks other parts of the system as well. It is characterized by acute pains, sometimes steady, at others spasmodic and darting, headaches and a feeling as though the forehead was a band of iron. Medical authorities agree that neuralgia is a cry of the nerves for better food, and that if the blood is purified and enriched the trouble will disappear. This is the reason why Dr. Williams' Pink Pills cure even the most severe cases of neuralgia. They actually make new, rich blood which feeds the tired, starved nerves and thus cure the trouble, at the same time leaving the sufferer in better health in every way than was formerly enjoyed. In proof we give the case of Mr. G. Brooks, of Aurora, Ont., who says: "About two years ago, while working in Collingwood, I was attacked with neuralgia, which became so bad that I was frequently unable to go to work. The pain would start over my right eye and would then spread to the whole face, and caused me the greatest agony. I was under the care of a good doctor, but his treatment did not do more than give me temporary relief, and I was therefore an almost constant sufferer. Acting on the advice of my wife I finally decided to try Dr. Williams' Pink Pills a trial, and I am profoundly thankful that I did so, as in the course of a few weeks I began to improve, and after a further use of the Pills the trouble disappeared and I have not since had any trace of it. I may also add that while taking the Pills my weight increased by nine pounds, which shows that the Pills are a body builder as well as a nerve restorer."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## MAN A MILLION YEARS OLD.

Geologist Considers Race Existed Before Glacial Period.

That the age of man is no less than a million years, is the conclusion that Dr. W. Allen Sturge, president of the prehistoric society of East Anglia, England, concludes from studies based largely on the neolithic flint instruments found in North West Suffolk. He says: "Neolithic man goes back to some period between 200,000 and 300,000 years, and it would seem that we have not even then reached the beginning of the period. Drift man was flourishing from 1,000,000 to about 700,000 years ago. Neither figure is a limit; the latter figure is probably nearer a limit than the earlier. Between the end of the Drift and the beginning of the Neolithic we have the great cave periods, which would thus seem to have occupied anything from 200,000 to 400,000 years. Behind Drift man are vast ages of which we are only beginning to get the first glimpses."

"But it now seems evident that man was already on the earth in early Pliocene times, and we must not be surprised if proofs are ultimately brought forward that genus homo goes back even farther than that. It has become almost a

shibboleth that man first appeared in Pleistocene times, but I affirm that it is no more than shibboleth." Dr. Sturge has found flint instruments which, he contends, were scratched by glacial action. That is a glacial geology. Since Neolithic man many instruments of Neolithic types were made, is against all views of glacial geology. Since Neolithic man came to Britain, the doctor holds, there has been an ice age not continuous, but divided into sub periods of glaciation. Proof of this is found in humanly worked flints presenting sharply defined types of scratching.

## FOR PREVENTION OF FIRE.

Neglect of These Cautions Often Leads to Disaster.

The following "fire don'ts," prepared by the New York fire department, are equally valuable to every householder. Cut them out and keep them handy for frequent reference. Observation of the cautions given may save you from a visitation by fire—

Don't leave everything to the landlord; inspect your own house from cellar to garret, and locate all exits.

Don't throw cigars or cigarettes out of windows and set them afire.

Don't allow children to play with matches.

Don't use matches or candles in dark closets or cellars.

Don't keep matches except in a tin box with cover attached.

Don't toss away a match unless completely extinguished, and then toss it into a mental or porcelain receptacle.

Don't fill lamps or oil stoves while lighted.

Don't use kerosene oil in light-lighting fires.

Don't use naphtha or gasoline for cleaning purposes where there are open lights or fires.

Don't accumulate old beds and bedding or other trash in cellars.

Don't neglect to have the chimney flue cleaned once a year. You are responsible, not your landlord.

If you must have lace curtains or other draperies near gas jets, see that the jets are properly protected.

## SICKLY BABIES CRY HEALTHY BABIES SMILE

Baby's cry indicates distress—his smile health and contentment. The mother may be sure there never was a baby who cried for the fun of it. Baby's disposition is naturally a happy one and it is only distress such as may be brought on by a disordered condition of the stomach or bowels that can change this. So, mothers, to keep your baby happy you must keep him well—Baby's Own Tablets will do this. Concerning them Mrs. Chas. Potvin, Crusa-patia, N. S., writes: "Baby's Own Tablets have proved an excellent remedy for my baby. I had been using syrups, but they failed to help him and he cried constantly. The Tablets cured him and now he is a fat, healthy child." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Somehow or other the people who are satisfied to take things as they find them never seem to find anything.

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm Expeller, the best remedy of the kind that can be had.

## BUT HE COULD.

An uneducated Scotsman made a fortune. One day he and an acquaintance were talking, when the latter said to old Duncan: "Say, Duncan, you don't know enough to go in when it rains. Why, you can't even spell 'bird.'" "B-u-r-d," said Duncan. "I tell you you don't know anything. Why, if you had to spell to make a living you'd have been dead years ago. I'll bet you a hundred you can't spell 'bird.'" "I'll tak' ye," quickly replied Duncan.

After the money was put up, Duncan said, "B-i-r-d."

"That ain't the way you spelled it the first time."

"I wasna bettin' then."

## SERVANTS ARE SCARCE.

The Australian scarcity of domestic servants is so acute that would-be employers have to be original in their appeals for help. Probably no more enticing offer to domestic servants ever has been made than is contained in the following advertisement from the Sydney Morning Herald: "Wanted—Good general, 3 in family, washing done out; wages no object; every night out, tam and boat fares paid; drawing room, with use of piano when required; also sewing machines; excellent home for a suitable girl"

Many a man is willing to admit that he doesn't know more because it isn't worth knowing.

## CURED HIS WIFE SO HE TRIED THEM

LEON SERGENT FOUND NEW HEALTH IN DODD'S KIDNEY PILLS.

Suffered with his Kidneys and was very feeble, but now he is feeling fine.

Saint Walburg, Sask., Nov. 13 (Special).—One healthy, happy family in this neighborhood are always ready to speak a good word for Dodd's Kidney Pills. They are Mr. and Mrs. Leon Sergent, and here is the reason in Mr. Sergent's own words:

"I suffered with my Kidneys and I was very feeble. My urine was thick and had a brick-dust sediment. As Dodd's Kidney Pills had already cured my wife I bought three boxes. Now my urine is normal and I feel fine."

If statements such as these that give Dodd's Kidney Pills their popularity. They are no cure-all. They simply cure diseased Kidneys and the ills that come from diseased Kidneys. But no matter what neighborhood you visit you find some man or woman who has been sick and in pain and has been cured by Dodd's Kidney Pills. For a score of years this work has been going on and to-day in every part of Canada Dodd's Kidney Pills are known as the one sure cure for Kidney Disease, Urinary Troubles, Backache, Rheumatism, Dropsy, Diabetics and Bright's Disease.

These Pills Cure Rheumatism.—To the many who suffer from rheumatism a trial of Parmelee's Vegetable Pills is recommended. They have pronounced action upon the liver and kidneys and by regulating the action of these organs act as an alternative in preventing the admixture of the uric acid and blood that causes this painful disorder. They must be taken according to directions and used steadily and they will speedily give evidence of their beneficial effects.

A cough is often the forerunner of serious pulmonary afflictions, yet there is a simple cure within the reach of all in Bickle's Anti-Consumptive Syrup, an old-time and widely recognized remedy, which, if resorted to at the inception of a cold, will invariably give relief, and by overcoming the trouble, guard the system from any serious consequences. ## CONDITIONS IN SIBERIA.

Population Increases at Rate of Half a Million a Year.

The population of Siberia, now eleven millions, increases at the rate of half a million per annum. Siberia contains two contiguous districts, capable of being civilized, each as large as Prussia, viz., the plain in the Government of Tobolsk, east of the Urals, and north of the Trans-Siberian railway, and the steeps in the Government of Tomsk, south of the railway to the Altai mountains. These two districts have the densest population of any in Siberia, raise the most grain, produce the most butter, and use the most agricultural and other machinery. The mountain districts of Middle Siberia only have a few cultivable valleys along the rivers, and there is still less useful land east of Lake Baikal.

In no country was a railway destined to work such changes as in Siberia, although it runs exactly on the old trading route. The huge difficulties incident to travel and transportation in pre-railway times had developed a condition where all trading was transacted once a year, while roads and rivers were passable, at markets or fairs, and merchandise was hauled, in many months as it now takes days, to its ultimate destination. Trading instincts naturally developed in a speculative direction and monopoly was the ideal of the Siberian trader. Prices were subject to rapid and great variation.

IN A GOOD MANY CASES. "Pa, what's a housewife?" "In a good many cases housewives are ladies who merely come home to sleep and dress."

Trial is Inexpensive.—To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parmelee's Vegetable Pills is recommended, should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

## EVOLUTIONS OF CUSTOM.

"Yes?"

"Times have changed. If you decide to propose to a woman, I want you to exact a similar assurance."

## POINTED PARAGRAPHS.

And a man's wife loves a cheerful giver. A man isn't necessarily square because he is cornered. It looks as if it would be easy for other people to be good. Some men are so small that even a three for five cigar is too big for them.

The man who can talk without saying anything is the one who shines in society.

But most people who do the right thing at the right time earn a lot of money they never get.

A girl usually thinks her voice harmonizes with the piano—and the chances are that the piano needs tuning.

## WISE SAYINGS.

Isn't the lover who braves the storm a rain-beau? It doesn't require an ax to cut an acquaintance.

Corn on the cob is more acceptable than corn on the foot. There is no impropriety in using a spring wagon in the fall. It isn't very long before the good fellow is a poor fellow.

Many a man is in great fear that he will get all that is coming to him.

We notice that most people who are consumed by curiosity still survive. If our mistakes teach us nothing it were hardly worth while to make them.

A horse is not of any use until it is broken, but it is different with a plow.

## BEWARE OF BLOOD-POISON

Zam-Buk Is A Sure Cure.

Mr. Jas. Davey, of 786 Ellice Avenue, Winnipeg, says:—"A few months since I was cured of a poisoned finger through the timely use of Zam-Buk."

"I cut a deep gash across the knuckle on the first finger of my right hand in opening a lobster can. I suffered at the time with the soreness and pain, but had no idea it would become a serious wound. However, in about two days my whole hand and arm to the elbow became inflamed, and the finger was much discolored, showing signs of blood-poisoning."

"I then decided to start the Zam-Buk treatment, and having first bathed the cut, I applied the healing balm. It soothed the pain almost instantly."

"In a week's time, through perseverance with Zam-Buk, a complete cure was brought about."

Zam-Buk is just as good for eczema, ulcers, scalp sores, abscesses, piles, ringworm, boils, varicose ulcers, running sores, cold sores, chapped hands, etc. Use it, too, for cuts, burns, bruises and all skin injuries. Zam-Buk Soap should be used in conjunction to the balm for washing wounds and sore places. Excellent too for baby's bath. All druggists and stores sell Zam-Buk at 50c. box and Zam-Buk Soap at 25c. tablet. Post free for price from Zam-Buk Co., Toronto.

Muscular Rheumatism Subsidied.—When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. ## A BOND

IS A FIRST MORTGAGE

A bond is a first mortgage split up into denominations of one hundred dollars and upwards. Bonds are a comparatively modern form of investment. Previously a corporation or undertaking desiring to raise money against their assets was required to place it in one or several life mortgages.

Nowadays an issue of bonds is made instead.

Bonds are a convenient form of mortgage, and those bonds which we offer are thoroughly investigated to determine that the payment of interest and principal is absolutely secured.

We have literature more fully describing bonds in general as well as specific issues, which we will be glad to send upon application. Send for it.
