**Mosdell Forced Swallow
 His Own Prescription**

What the Outport Toilers Think of
 Mosdell and His Comic Paper

(Editor Mail and Advocate)

Dear Sir,—I am very pleased to be able to congratulate you upon the splendid way in which you are putting it all over the "Bottle Washer" and with his own words which makes it go so well; I mean now "Mosdell's Boomerangs!" It is indeed rather a funny thing to see such an educated man as the would-be doctor, minister, journalist, and what not, knocked completely out by his own Boomerangs, which is of course the doctor's personal prescription.

This so called Dr. Mosdell who wrote such lovely articles about our President, Mr. Coaker, is now trying to write a series of articles against the man who was good enough to extend to him a helping hand when he was down and out. Yes, gentle readers, the "Bottle Washer" is indeed worried about Mr. Coaker and the attention the foreign papers are giving him, but there is no need of this sneaking trying to say anything in his Mitt and Jeff rag against the President of the F.P.U. Mr. Coaker has been well weighed in the balance and not found wanting. But Mosdell was fully weighed by the Bay Roberts people and also by the Union and found wanting in very many respects. This was made quite plain to the public when the District of Harbor Grace handed him the lemon.

Now then, Mosdell, keep it up and we shall tell you something else that won't be very nice, especially at it comes from here, your own home town. Put this in your pipe and smoke it, please; and if you want to hear more from us you can have it.

Wishing the Editor of The Mail and Advocate every success, also the Fishermen's Protective Union.

I remain,
 Yours faithfully,
 A NON-UNION MAN.
 Bay Roberts,
 February 10th, 1916.

(Editor Mail and Advocate)

Dear Sir,—You have done a world of good by the way you have showed up that "Rattle Snake," Mosdell; you gave him, Mr. Editor, the right kind of a job. Mosdell the Traitor must possess very little sense or even "cents" when he attempted to belittle the Union and Mr. Coaker. He couldn't have been all there, when he said nearly all the letters published by The Mail and Advocate were written by Mr. Coaker. We can truthfully ask the Rattle Snake who edits The Star if there were not lots of letters sent from the many outports that when he the so called doctor worked on the paper refused to publish? Now then, Mosdell, contradict this if you dare.

Don't you remember how Patsy McGrath tried at one time to say funny things about the Union and Mr. Coaker; but Patsy and his Chronicle got knocked out completely and to-day the very printing outfit that Patsy was using to tell lies about our Union is to-day owned by the F.P.U. Isn't that so, Mosdell.

Now just you listen and I'll give you a tip. That all the Mosdells and Patsy McGraths together cannot injure the Union or Mr. Coaker. We are delighted to know that Mr. Coaker and all his men are alright and to-day we can look back with pride upon the steps that we have taken in securing the services of such a lot of men.

So, boys, three cheers for Coaker, And his bunch of Union men; What do we care for Mosdell, Or any of his clique or kin.

Yours truly,
 FREEDOM.

**Friend Hibbs Visits Burnt Head
 and Holds Big Union Meeting**

Shares in the Union Export Co. are Being Bought Up Quickly, as Fishermen Now Feel the Benefit of the Union. New Road Board as Well as Council Officers Elected for 1916.

(To the Editor of Mail and Advocate.)
 Dear Sir,—At our regular meeting held here last night we were delighted to have in our ranks Union Friend R. Hibbs, of Kollkrews, who has been appointed travelling agent for Conception Bay. After the usual routine of business was gone through, our esteemed friend was introduced to the Council by the Chairman. He gave us some very useful information concerning the Trading Co., the Union Publishing Co. and the Export Co., after which he dealt with other matters pertaining to the Union. He spoke for about an hour and a half, and although it was getting a bit late we would gladly have listened to him for a longer period, as his speech was full of interest from start to finish, and it is seldom that we get the privilege of hearing such a speech delivered in our Council. His speech made a great impression on the Friends of this Council as seen on the following day when many of them bought shares in the different companies, especially the Export Co. for most of them being planters and fishing on the Labrador, take a great interest in the Export Co. as they believe it is going to be a great benefit to the fishermen, both Shore and Labrador. After the speech was over it was moved and seconded that we give Friend Hibbs a hearty vote of thanks. The motion was carried unanimously. He left for Brigus the following afternoon, where he will deliver another address to the Local Council of that place.

Friend Hibbs takes with him the best wishes of Burnt Head Council and we hope the time is not far distant when he will be able to visit us again and we hope all the Councils in Concept Bay will do their very best as Burnt Head Council has done to make the Export Co. a success.

Now, Mr. Editor, as it is not often you hear anything from us, I must now say a few words to let you know that we are not asleep, but steadily marching on, for it is an old saying, and I dare say a true one, that "a quiet tongue makes a wise head," so that is the way it is with us. Our Council is progressing favourably and we hope in the near future to erect a new hall to hold our meeting in. We are all longing for our member, Mr. Geo. Grimes, to come around again and we can assure him that when election time comes he will get our support as he did in the past. A meeting was convened for the election of a Road Board by Mr. Edward Bishop, at the time appointed when the following Union members were elected:

Chairman, Thos. F. Bishop; Deputy-Chairman, Leonard Martin; Abram Taylor, Patrick Walsh and Arch. Bishop.

Our Local Council officers for the year are as follows:
 Chairman, Edward C. Bishop;
 Deputy-Chairman, Henry H. Morgan;
 Secretary, Thos. F. Bishop;
 Treasurer, Leonard Martin;
 Door-Guard, George S. Bishop.

We congratulate our President on the way he handled the coal business for the poor of St. John's and wish him every success in his future work. And now wishing the President and enjoyable trip and a safe return and the Mail and Advocate every success

and we hope the time is not far distant when he will be able to visit us again and we hope all the Councils in Concept Bay will do their very best as Burnt Head Council has done to make the Export Co. a success.

**Doesn't Mind It.
 Always On the
 Sunny Side.**

H. H. S. Strathdee,
 English Channel,
 via Dover,
 January 16, 1916

Dear Sister,—Just a few lines to let you know I am well. I received your letter on January 13, that was written on Dec. 25th. I didn't have time to write that day as we went to sea. I wrote Mother and sent you a postal in Solomon's letter.

Had letters from Mother, Solomon, and you the same time, but no sign of the tobacco you said you mailed. Will see if I get it when I get in port, (am writing this at sea.) There is nothing strange to tell you. We are getting better weather lately. Like summer all this trip. We are going in on the 18th inst. You told me on your letter to cheer up. I am just as happy as if I was at home. I don't mind it at all and always on the sunny side of it. I have volunteered to go to the Mediterranean, I am tired of Dover, but don't know when I shall be leaving here. I spent my Xmas in port, it was just as well to be at sea, as in Dover, for you would see more at Millertown. I didn't see much of a one anyway, and I hope to spend my next one at home. Haven't seen any snow or frost since I left Newfoundland except once, last April. The air is a little sharp night time.

I see by the papers that some of the Newfoundland boys are getting wounded and killed. Mark is gone to the front again by this time. I had letter from him Xmas. Joe Mason saw him in London, I was going to see him too but he had left for some other place. I had a letter from Sussie also a few days ago.

I suppose the woodmen are hard to work now. Tell father not to work too hard.

I was ashore Xmas night and the Salvation Army was singing "The Night is Dark and I am Far from Home," and ah, how I thought about home that night.

I suppose the Orangemen had a good parade and tea? I would like to have been with them, but we are called to do our duty. I am helping to guard our shore, though a long way from it. Someone has got to do it, or else the Germans would do the same to Newfoundland as they did to Belgium, if the Navy would let them out, for its the Navy that's keeping them canned up. This is Sunday and its a grand day, would like to be at home. I will keep this letter until I get in port before I close it, to see if the tobacco has turned up.

I am your loving brother,
 FRED.

**Catalina "Jack Tar"
 Says We Must Win.**

Dover, Jan. 18, 1916

Dear Fannie and Jack,—Just arrived in port and received the can of tobacco, cigarettes and candy o.k. Thanks very much for same. I tell you I have a good chew in now, also received a letter from Rev. Bugden.

When do you think this bitter war will be over? The Germans are getting bolder than ever. They came over to Dover last Sunday in the day, but were soon sent back again. I don't know what they see in Dover to be after, that's the second time now. There are so many mines you can't count them. About 25 steamers have been sunk here by mines. I am in more danger here than on the battlefield, would rather be there than here. Can only die wherever you are. Don't think that I am down hearted, not me. There's only myself here now from home, but lots of Newfoundlanders.

Hoping to see you all again some day. We got to gain the victory, yes I think so and make away with all the Germans. Kind regards to all and thanks for tobacco etc.,
 From an old "Jack Tar," and your brother.

FRED COURAGE.

HIS GRATIFICATION.

"What is your dog's pedigree?"
 "He hasn't any," replied Mr. Growcher. "That's why I keep him around. I'm shy on distinguished ancestry myself, and I enjoy having a creature at hand whom I can contemplate with supercilious superiority."

OF COURSE NOT!
