## Music and Drama

**THE GRAND** Before a fair-sized audience in the Grand Opera House last evening the May A. Bell Marks Company presented the powerful drama of present day life which in the past few seasons has enjoyed perhaps the greatest popularity of any of its kind in Canada and America. "Within the Law," in the role of Mary Turner, the girl who in revenge for being unjustly sent to prison becomes the leader of a gang of enterprising criminals who remain always "within the law." Miss May A. Bell Marks appeared perhaps to better advantage than ever before in her long record of achievements in this city. The supporting cast was strong and exceptionally well balanced, every role being thoroughly and carefully interpreted and presented.

## DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately up on rising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.
