

THE ACADIAN.

WOLFVILLE, N. S., Oct. 3, 1919.

A New Regime.

With this issue THE ACADIAN passes under a new management, the plant and good-will of the business having been purchased by Messrs. H. P. and W. B. Davidson, sons of the former publisher.

THE ACADIAN was established in May, 1883, by the late Arthur S. Davidson, the venture being made more as a measure of literary amusement than as a source of profit. At that time Wolfville had no newspaper, nor had a paper been published here for some years. Several attempts had been made previously, but had failed.

In October of the same year, (thirty-six years ago) the writer became associated with the paper as editor, the business being conducted under the firm name of Davidson Bros.

Since the death of the founder of the paper in January, 1889, THE ACADIAN has been under the management of the remaining partner. Few papers in the province have so long been under one continuous management.

During these years THE ACADIAN has passed through many vicissitudes, and has been enlarged and improved from time to time as conditions warranted. From a small village Wolfville has become the important center it is to-day. In every improvement THE ACADIAN has led the way.

A water system, electric lighting, incorporation, sewerage, good streets, etc., have been in turn advocated by the paper and finally adopted by citizens.

Wolfville to-day has before her wonderful possibilities, which may be easily realized by the united effort of the citizens backed by a patriotic public spirit.

The new publishers of THE ACADIAN are young men of good ability who have seen something of the world and will, we feel assured, make the paper better and more successful than it has ever been under the old management.

We bespeak for them the same generous patronage and support which we have enjoyed during the years that are gone.

In conclusion, a word about the local paper. Let no one underestimate its importance as an instrument of support for the community. Thirty-six years of actual experience has demonstrated to the writer its influence. It is well worth while that you give it your fullest support.

Let the outside world read in it an index of your enterprise and patriotic spirit. TALKERS. B. O. DAVIDSON.

Mr. Graham's New Building.

Mr. Edwin Graham who recently purchased the old building just west of the Electric Light Station, has placed the town under an obligation by the great improvement in the premises.

This property which had become anything but a credit has been wonderfully transformed under Mr. Graham's direction and is now one of the best business places in town.

The building was raised and re-built and Mr. Graham now has one of the finest photograph studios in the province.

On the ground floor is a handsome reception room 21x28, finished in brown wood with walls of green burlap. On this floor is also a commodious work-room fitted with all modern appliances.

Canada's New Victory Loan.

The Victory loan 1919 is entitled to just as much consideration as was given to its predecessors. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success.

The continuation of the prosperity of the nation is wholly dependent upon it. It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was averted by the application of a large proportion of the last Victory loan as credits to Great Britain and our Allies for grain, dairy produce, fish, lumber and ships.

Grand Pre Notes.

Mrs. S. A. Bowser left last Saturday for a visit to Boston.

Mr. Henry Borden left for Montreal last week to resume his studies at McGill University.

Miss Louise Bowser and Miss Clare Dennison have returned to Boston for the winter.

Mr. W. R. McClelland left this week to resume his studies at Dalhousie University, Halifax.

The Tea Room has closed for the season and the sale of ice cream was greatly missed during the warm days of last week.

Miss Dorothy Watson, of Hortonville, has returned home after spending several weeks visiting friends in Halifax.

Rev. and Mrs. S. A. Fraser who have been residing in Wolfville for the past two years, left on Tuesday for Trinidad, where the former will resume his work in the mission field where he has so long and faithfully labored.

During their stay in Wolfville they made many warm friends.

Mae Edwards Players Coming.

Mae Edwards and her splendid Company will play at the Opera House one night, Wednesday, Oct. 8, in the great New York success, 'The End of a Perfect Day,' with high-class vaudeville between the acts. The Yarmouth Herald says: 'Mae Edwards and her excellent company who played here last season have come back just as they promised to. Their last night's performance won for them the unlimited patronage of the theatre going public. Mae Edwards and Jack Vernon Corbin in the leading roles pleased the large audience which turned out to see them and won many admirers.'

The supporting players were excellent and everyone enjoyed 'The End of a Perfect Day.' The specialties by Mr. Smith and Corbin, Bob Mandell and the great Haverly were greatly enjoyed.

Mr. Haverly, as the great Haid Cuff King, did it in a wonderful manner, which the audience thought for a time could not be possible.

Now the Mae Edwards players have some real good fun in store for you all. So buy your seats early and be sure of a good one. Seats now on sale at box office.

G. W. V. A. Notes.

The Great War Veterans Association wish to thank Mr. and Mrs. W. H. Chase for the gift of an electric table lamp and Dr. and Mrs. F. J. Harvey for pictures to be used in the furnishing of their Club Room.

Arrangements are well under way for the opening of these rooms and it is expected that they will be ready for occupation in a few days.

Red Cross.

The annual meeting of the Red Cross Society took place Tuesday afternoon, Sept. 30th, in the Town Hall. The attendance was good and the meeting very interesting.

After the minutes of the last annual meeting were read, the President gave a summary of the work taken up through the year, of which an important part was the Refugee Sewing. 460 nice garments were sent to Halifax from this department.

The work in Sphagnum moss was most satisfactory. 1034 dressings were made and 10 bags of moss sorted.

Several packages of supplies have been sent to different hospitals.

The 'Wolfville Sun Parlor' at Camp Hill Hospital, costing \$300, was the work of this year and has been paid for in full.

The treasurer showed total amount of receipts for year \$1047.78, expenditures \$968.24, balance \$54.44.

Pull reports were submitted by the several committees. The Society has 260 pounds of wool on hand. It was decided to keep this and ask the ladies of the town to take up knitting again.

Knitting, gloves, etc., are much needed by the men in this winter in the hospitals, especially for Sanatorium in Kentville.

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's prayer of thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boys be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

The answer to the question "Why does Canada need another Victory Loan?" divides itself into two parts. (a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers.

(b) To provide national working capital. The obligations to soldiers include: That already incurred cost of bringing home troops from overseas.

The payment of all soldiers still undemobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged.

The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended. These three items alone will use up at least \$200,000,000 of the Victory Loan 1919.

Gratuities. There is also the gratuity which has been authorized for those who are being paid to assist soldiers to tide over the period between discharge and their re-adjustment to civil life. For this purpose alone, \$61,000,000 must be provided out of the Victory Loan 1919, in addition to the \$59,000,000 already paid out of the proceeds of the Victory Loan 1918.

Land Settlement. Furthermore, soldiers who desire to become farmers may, under the Soldiers' Land Settlement Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage. Up to August 15th, 39,495 soldiers had applied for land under the terms of this Act; and 21,281 applications had been investigated, and the qualifications of the applicant approved. For this purpose Canada this year requires \$24,000,000.

Vocational Training. For this work which, with the Vocational Training and Soldiers' Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of \$57,600,000 is necessary.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the
