Mr. Flemming on Budget Real Deficit of \$300,000 Chestnut

Provincial Opposition Will Never Oppose Any Legitimate Scheme for the Development of the Province and Its Resources---Public Debt Increased Nearly \$900,000---The Provincial Subsidies--Misleading Reports---Government's Railway Policy--Highway Act and Grants in Aid of Agriculture.

In the House on Friday afternoon and evening Mr. J. Kidd Flemming, M. P. P., of Carleton, the brilliant and earnest financial critic of the Opposition, added another success to the already large number that he has scored while in the House as the representative of the County of Carleton.

Mr. Flemming spoke for about three hours and his effort was declared by the many who thronged the galleries to be an excellent one and characterized with unusual fairness.

Mr. J. K. Flemming.

The order of the day being called, Mr. Flemming said: On rising to upon the financial affairs of the province and in answer to the statement of the Attorney General, I wish to be governed as on previous occasions I have been governed, by moderation and regard for accuracy of statement. I hope the debate begun by the Premier may be carried on in so conciliatory a tone that when he replies, as he will, he will not allow himself to lose his jenner as he did ast year and resert to such extreme.

were passed, and was most condemnation of the superior of the otherwise. Diaring those years this brilliant man would have been martialling forces against that administration. The facts show otherwise. Diaring those years that his non-gentleman supported the government he now condemns. More than that, in 1896 the Conservative party of Kings tendered him the nomination as federal standard bearer. He accepted and in a letter to the Kings Conservative Association he expressed his adhesion to Conservative portation to Conservative portation to Conservative promote harmony. Shortly afterwards he went to St. John. There he adopted a new course. Two independent in St. John. and again when Liberals are in the ascendancy he is a Liberal. He is, however,

If the Liberals go out of power he will no doubt go back to his firs The Premier has tried hrad to giv the impression that the Opposition leader and his supporters have been opposed to the increase in the subsidies. That, of course, was necessary opposed to the increase in the subsi-dies. That, of course, was necessary for political effect, elections being on the near horizon. I take the first opportunity to correct the impression he has sought to give. In 1903, as shown by the synoptic report of the proceedings, Mr. Hazen, seconded by myself, put forward a resolution that an increased amount should be grant-ed to the province by the Dominion for the maintenance of government and Legislature. Our position has
