have cured thousands of this terribly painful disease.

Rev. Father Morriscy

Rheumatism is generally brought on by exposure, but is really caused by Uric Acid in the blood. This Uric Acid is an irritating poison, formed from the waste matter of the body. The kidneys should remove it, but when they fail it poisons the blood, and, settling in the joints, causes Rheumatism.

"No. 7" Tablets clear out the clogged-up Kidneys and stimulate them to perform their task of filtering the Uric Acid out of the blood. When this is done the Rheumatism simply and naturally vanishes.

### Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe,

he water we drink. The germ can only prosper when the condition of the system gives it free scope to establish it-self and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hellow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Gold-en Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, co that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugo. All its ingredients printed on its out ich wrapper. It is not a scored nostrum but a medicine of known composition and with a record of 49 cers of cures. Accept no rubstitute—there is nothing "just as good." Ack your neighbors.
