THE CONQUEST OF KAMERUN.

LONDON, Feb. 20. The complete conquest of Kamerun, the German colony of Equatorial Africa, was officially announced this afternoon. It was officially announced in London on Feb. 17th that the commander of the Entente forces in Kamerun reported that the conquest of this German possession was complete, with the exception of an isolated position at Mori Hill. This position, according to an announcement from Berlin on Feb. 18th, was being tenaciously defended by German forces under Captain Von Raben, who, shortly before the fall of Jaunde, in the southwestern part of the colony, had succeeded in sending to the German Governor of the colony, a letter, which declared that the native soldiers under his command had declared that they preferred to fight to the last with Capt. Von Raben, rather than surrender. Mori Hill is in the northernmost section of the colony. The German forces in southern Kamerun crossed the border into Spanish Guinea, and were interned on Feb. 6th, their retreat following the British occupation of Jaunde on Jan. 1. This completes the conquest of the Kamerun by the Allied forces.

TROOPS NOT AVAILABLE TO REPLACE THE TURKS.

LONDON, Feb. 19. Troops are not available to replace the Turks, withdrawn from Bulgaria, and it is considered likely that it will be deemed unsafe to weaken the forces concentrated opposite Salonika. Furthermore, owing to Roumania's probable intervention in the war during the next month, the Austrians have already massed strong forces along the Carpathians and in the

Doctor Advised Operation As Only Cure for Piles

Wife Objected to Use of Knife and Cure Was Effectuated by Use of Dr. Chase's Ointment.

Here is the affidavit of a well-known fruit grower, who was cured of bleeding piles some years ago by using Dr. Chase's Ointment. His doctor could do nothing for him and recommended a surgical operation as the only means of cure. Luckily his wife had heard about Dr. Chase's Ointment and complete cure resulted from this treatment. It is by the cure of extreme cases like this that Dr. Chase's Ointment has won the reputation of being about the only actual cure for piles—itching, bleeding and protruding piles. Mr. Samuel Parker, fruit grower, Grimaby, Ont., has made the following declaration before Mr. W. W. Kidd, Notary Public, of the same place: I do solemnly declare that I was troubled with bleeding piles and was advised to go to the hospital to have an operation performed. My wife said, "No, get a box of Dr. Chase's Ointment. I did so and have used it according to directions while living in Manitoba and obtained a complete cure. For I have never been troubled with Piles since. I am now 70 years of age and want to recommend Dr. Chase's Ointment to all sufferers from Piles. My wife has used it for itching skin and obtained complete cure." Mrs. William Schettler, Spy Hill, Saak, writes: "I have used Dr. Chase's Ointment with great success as a treatment for Piles. About 15 years ago I had this ailment very bad and suffered greatly. By using Dr. Chase's Ointment a complete cure was effected and I have never had a return of the old trouble. It is undoubtedly the best Ointment made and no family should be without it." Put Dr. Chase's Ointment to the test and it will not disappoint you. BELOW THE STANDARD.

How do you feel to-day? Not quite right? Energy a little below standard—not strong enough to make much exertion? Perhaps a slight cough? Nyal's Cod Liver Compound is what you need. Don't get frightened about those words "Cod Liver." You'd never know it from the taste. It's a real tonic containing cod liver extract, extract of malt, wild cherry and hypophosphites—a splendid combination. The cod liver extract builds you up—so does the extract of malt. The wild cherry soothes the bronchial tract and the hypophosphites supply phosphorus to the nervous system—just the thing it needs. And the taste is pleasant. As an all round tonic, strength restorer and body-builder you'll find nothing better than Nyal's Cod Liver Compound—so why look further? You'll be pleased.
