The abdication of the German Em-

peror is forecasted by the former

PARIS, To-day.

W. J. HERDER, - - - Proprietor H. A. WIN FER, B.A., - - Editor

SATURDAY, March 24th, 1917.

"Mentioned in Despatches."

Association last night, thought that he is responsible for the our Regiment. Under the familiar is the Crown Prince, the real author attending to the general state of the heading "Mentioned in Despatches" of the war; the second is the Junker health. on February 1st last, in place of the Pangermanist, you cannot imagine One should take sufficient exercise Regiment had "specially distinguished are growing in number and rising lit- the hair. itself in the capture of prisoners, in the by little against those who organminor operations, and patrol actions." | ized the war. No praise, as the Governor stated, could be higher or more gratifying. tracted particular attention; it meant Reichstag to be based on universal good average for ordinary hair.

ments of the whole British army.

to a place beside the very finest fightdo not think it is fully appreciated mit and proclaim to the whole world, by the fire. here how truly great this distinction but above all to the German people, is; it will be taken at its real value which he fears most, Germany's real important. It should be we'll brushby Army men. It is recognized, at situation. If the Allies solemnly de- ed every night, the scalp being first War the moustache in this country in which it can h recognized here-by keeping the Bat- for peace with the Hohenzollerns, i talion at its full strength through would be a knock-out blow. The Gerthick and thin. The services detailed man people who still believe in him in the despatch are necessarily of acwould abandon him: for peace at any tual fighting operations, but they are price will soon be the unanimous not all that a soldier is called upon to and hidden thought of tortured Ger perform. And we have reason to be- many. What recourse is left to him lieve that in many other directions but a dramatic abdication in order than these the work of our men has to retain the sympathies of the Gerbeen above the average and has elict- man people and save the political fued special commendation. They disture of Prussia? tinguished themselves early at Ayr by the excellence of their pioneer work making on one occasion a record in road-building; we know that at Gallipoli they were in constant demand when trenches had to be dug; and we stitutional Democratic party at Pethave heard recently of a feat of a rograd voted to-day in favour of a Newfoundland squad at the front who Republican form of Government of not only relieved a number of regular Russia, according to a Petrograd de-Engineers in the task of laying a railway, but actually outstripped their trained comrades in the speed of their work. Doubtless many more such the leader of this party. performances could be quoted if the modesty of the performers permitted Prohibition Cases them to be known. This all-round proficiency of the Regiment is not surprising when the life that has trained them to it is considered, but we do not think is known generally enough here at home how highly it is regarded. There is hardly a man among them that cannot handle axe and pick with equal dexterity, and those implements play a great part at the front. When to this invaluable expertness is added the bravery and coolness of which proof has been given time and again, the "mention in despatches" is not al-Regiment may continue to deserve it that is rapidly drawing in sight.

War Veterans Coming. On Edge of Revelations

Germany has been preparing for war with the United States for many of the great wireless station which co. This was to be a part of a wireless system organised on American soil. Among the lavish purchases of isherman, whose death occurred last real estate, apparently made with Dr. year during his son's absence at the Zimmermann's money, by Se Kunna and Chakraberty, the German-Hindu firm who have been operating in New Milady's Boudoir. Firm who have been operating in New York, was a hill 1300 feet high east of Fishkill, N.Y. This hill, well known to the writer of these words, stands where it would probably be well sheltered from naval bombardment from ooks down over the tops of lesser hills toward Long Island Sound. An dmirable site for a wireless station with an oceanic and continental reach. What could the Germans do with such a station as that? Little, f it were not in some way defended, at least for a time, against a land movement; but a great deal, if it were successfully entrenched against our contemptible little army" by a force of German reservists suddenly springcondition, abnormally greasy or dry, for that position were already mapped out somewhere, and the orders ready for issue for its defence. We are
