"What's flour gluten, Bud?"
"It's what makes your dough rise, Rose."
"Yes"—she encouraged.
Added Bud very sagely:
"Makes it rise in the mixer and expand in the oven. It's the elastic part of flour—absorbs all the water and milk—and things."
Rose grew interested.
"FIVE ROSES, said Bud, is exceedingly rich in gluten. I s'pose because it's all made from Manitoba wheat. Takes up a lot more water—makes those fat loaves—lasts longer too."
"Saves money, doesn't it?" asked Rose.
Bud in a big voice:
"The fat loaf makes the fat pocketbook."
Use FIVE ROSES always.
And Rose said YES.

**Stomach Acts Fine!
 No Indigestion, Gas,
 Heartburn, Acidity**

"Pape's Diapepsin" fixes sick, sour, upset stomachs in five minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.
 Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.
 Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

British Smash Plave Bridges at 18,000 Yard Range.

London, Dec. 3.—Ward Price, in a dispatch from Venice dated last Friday, says:

"Three bridges across the lower Plave, which the enemy was using for supplying his troops in the delta between the two channels of the river mouth, were destroyed yesterday by a British monitor with big gun fire of remarkable accuracy.
 "The range was 18,000 yards, and the three bridges which were the targets lay 200 yards apart. One was a

A Solar Plexus Blow.

New York World: Money advanced by the United States to the now non-existent Provisional Russian Government, is for the most part still here in the form of supplies prepared or preparing for shipment, and it will remain here for a while. This is the word from Washington and it is relieving. To be deprived of this promising meal-ticket just as General Keldine and his Cossacks are preparing to cut off bread and coal from the Bolshevik outfit is likely to prove a salt blow to the fattening hopes of that mixture of idleness and anarchy and treachery in "Government."

LIVING IN HOPE.

I hope to live to see the day when all the swords are put away, and all the guns are pawned; such blissful hopes and dreams are mine, as deftly I put down in brine my second series bond. I hope to wake some smiling morn and see the soldiers plowing corn, or hating navy beans, to see those sailors cease to slay whom we behold the other day conducting submarines. When once I see the dove of peace cawing o'er us, slick as grease, I'll lay aside my lyre, and say, "Since I have lived to see the shadow of that horror flee, I'm ready to expire." I'm old and have tobacco heart, and aches and pains in every part, and dandruff in my hair; and I am weary of the strife, and for a long, long lease of life I truly would not care. But I would hate to quit before they end the carnival of gore, the reign of gun and sword; I want to hang around until they've tied a can to Kaiser Bill, and peace has been restored. And on that bright and fateful day I hope to chant one ringing lay, one grand triumphant ode; then, if you wish, I'll soak my lyre and throw my oak leaves in the fire, and hit the boneyard road.

Germany's Nemesis.

London Daily Express: The German rush into Northern Italy is a showy political success. It will inflate pride and inspire the just singing of "Deutschland über Alles," but it will not fill German stomachs, nor will it furnish German factories with the raw material for which they are starving. German militarism is not merely discredited, it is already defeated by the economic forces ranged against it. Germany has bought military victory with financial ruin. The Kaiser has ridden in triumph through Brussels, Bergrade, Warsaw and Bukharest. What does that avail him while an unbreakable wall of steel bars his way to the heart of France, and while Great Britain and the United States hold the ocean roads? With every month of war Germany's ruin must become more assured. Militarism is already out at elbows. When peace is signed it will be in the bankruptcy court. After that, democracy may be trusted to prevent its recrudescence.

Council Meeting.

At last night's meeting of the City Council the Secretary read a letter from the Deputy Colonial Secretary informing the Council that the Government had approved of the appointment of Drs. Fraser and Scully to do the work of the Medical Officer Dr. Brehm, during the latter's absence while serving in the army.

Tenders for supply of oats were received and the contract awarded to Harvey & Co., Ltd.

The Council's Solicitor informed the Board that Mr. Fitzpatrick, owner of property south of Gear Street, was not responsible for damage caused by natural drainage.

The Engineer was ordered to prepare an estimate of pipe required for next season so that the Council could arrange to purchase before the market rose.

The Engineer also reported on the amount of stone broken and ready to be crushed at the East and West End yards.

The Colonial Secretary forwarded a copy of the milk regulations, which were drafted by the Public Health Officer some years ago but have not yet been enforced. The regulations call for a delivery of milk containing not less than 3½ per cent. of fats and 8¼ per cent. of solid matter.

The "matter" will be considered at a special meeting.

Llewellyn Club.

Despite the inclemency of the weather there was a large attendance at the lecture given by the Rev. C. E. Moulton before the members of the Llewellyn Club last night in Canon Wood Hall. In the absence of the President, Rev. Dr. Jones, Mr. R. W. Jeans, Vice-President, presided. Rev. Mr. Moulton took for his subject a "Tour by Bicycle Through Belgium," and in an interesting and very descriptive manner entertained his hearers with an account of his travels four years ago when he was studying for the ministry. Accompanying him at the time were two other students, one of whom has since made the supreme sacrifice. The lecture was illustrated with a number of excellent slides depicting many places whose names have since the war started become familiar to all. At the close Mr. A. Findlater proposed and Mr. A. Carnell seconded a hearty vote of thanks which was accorded, the rev. lecturer by acclamation.

Mrs. Stamp, Victim of Disaster.

Mrs. Stamp, wife of Mr. Richard Stamp, Janitor at the L. S. P. U. Rooms, is in receipt of a wire from her sister in Halifax stating that her husband, Mr. William Power, had been killed. No particulars were given, but they are expected by next mail from there. Deceased was a native of St. John's where he was well known. For many years he worked at Richmond Dock where the explosion was felt worst, his family residing on Creighton Street.

Enjoyable Concert.

An enjoyable smoking concert, the first of the winter series, was held at the B. I. S. Club Rooms last night. The programme consisted of choruses, solos (vocal and instrumental) and recitations. The various numbers were well received. Mr. P. J. Shea acted as chairman and the following took part:

Messrs. J. L. Slattery, M. Donnelly, M. Aylward, P. K. Devine, J. MacDonnell, E. L. Carter, T. P. Halley, D. French, C. Grace and W. Harris.

The Quinine That Does Not Affect Head.

There is only one "Bromo Quinine." Because of its tonic and laxative effect, Laxative Bromo Quinine can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature is on box. 30c.

Note of Thanks.

The Daughters of the Empire wish to thank all those who kindly sent such splendid parcels of all kinds of clothing to the Seaman's Home yesterday. They got off 14 large cases which got out by train to-day. They feel indebted to the Reid Nfd. Co. for taking the packages free of charge. There are still a few late parcels remaining over, and the ladies have decided if possible, to collect another shipment next week, to enable those who could not send this week, as the time was short. Mr. Jones has kindly offered to take charge of any parcels left at the Institute during this week and up until 10 o'clock next Wednesday morning.

OUR VOLUNTEERS.—All yesterday's volunteers in training were engaged at indoor drill. There has been a marked slackening off in recruiting lately at Headquarters.
