#### Crimes and Criminals.

Their Punishment and Reformation.

(By OBSERVATOR.)

PERIENCES OF A GREAT DE-, criminals Sir Basil does not include

the last trip of the S. S. Digby eved from an old and almost for-n friend in England a copy of Sir Thomson's new book, entitled ing productions of the kind I nal by nature at all. "But for the and for a long time. As the n Daily Telegraph says "When real detective sits down to tell us criminals you have to go to the crimes against property. Most crimes are committed without any deep-laid And Sir Basil Thomson is a plot; seldom do we find a premeditattective of high degree. In his book have the official expert's account his cases through some crowded Sir Basil took charge of the minal Investigations Department June, 1913, in succession to the Sir Melville Macnaghten. He ment, is repentant and is planning onwith a wide acquaintance among minals, chiefly those of the profesnal class, for, as Governor of Darthe had been in charge of 1,200 fresh adventures. Of course, it is for

not led him to favor any very of a convict prison becomes acquaintriminals to repeat the method in case of Wo Fen Game—on his way to ich they have been successful on the scaffold. Those whose lives are thods according to local conditions, d in this belief I am heartly in acoug" taking an occasional hand burglary; a pick-pocket indulgn shop-lifting; a sneak-thief boldeaking in through the window or

war. In one case a man who had fter his cross was won he went back to the front and was killed in action Sir Basil describes him as "a rough silent lad who had come to grief, believe, through a love of adventure and who was as free from egotism nose and self-consciousness as any of the men I knew."

THE POLICE COURT AND ITS PRO

and vehement denial, sits, calm and cool, the Magistrate, the Cadi of thi department. His face is impassive You might think that his attention was wandering: that he saw, and heard nothing. But you find, at the end of the case, that he has heard and seen everything that passed, and much that was imperceptible to those think him too harsh, in another to only more unlucky." For the real lie; whether it came from ignorant or criminals you have to go to the educated lips. He does not, like a judge of the Supreme Court, sit to administer pure law, but to guide, to

sets out to commit them. The murderer, as in the case of Capt. Woolserious cases, the remand cases, come lard, when he escapes capital punishon. It is instructive to hear a detective give evidence. In flat, grey tones ly how he can ever earn an honest living after he is discharged; the others are thinking out schemes for the laymen criticise the specialist, but surely there is a fallacy in this eyes on his notes, he intones from well can do no ill. but theories about the causes of must, in the nature of things, be a select party. The ordinary murderer miliar doctrine that there is an allow in the part life. He merely goes there as in the stinvariable tendency on the part life. He merely goes there as in the lighting-up of possibly damaging continue that the prisoner shall not, in any way, be prejudiced by any stress or human life. He merely goes there as in the lighting-up of possibly damaging continue that the prisoner shall not, in any way, be prejudiced by any stress or human life. He merely goes there as in the lighting-up of possibly damaging continue that the prisoner shall not, in any way, be prejudiced by any stress or human life. He merely goes there as in the Sir Basil shows us some wonderful photographs of the workshops of a week and the prisoner remanded.

> In the magistrate's or district ury notes were manufactured, and the apparatus of a modern Fagin in "a receiver's shop which contained the discretion of the bench. The main idea is that the punishment should fit proceeds of more than sixty burglartheir offences may be met by moneypayments, while a month's imprisonment would mean hell for them. imprisonment for an old hand and thirty days' imprisonment for a quiet city clerk may sound the same thing, but they are widely different. For precisely similar offenses, one man might be adequately punished by the public exposure, a night in the lockup and a ride between two policemen no horrors; for the more sensitive a

> > As a matter of fact, each human being is so thoroughly unique, both physically and psychically, that no two criminal acts can restore the whiskers now receding." possibly be governed or control-led by precisely the same motives or I cannot see the swordfish play, or watch the walrus gambol, because blatant signs that say, "Use Smith Shoes When You Ramble." The in moral turpitude or social effect. In the mind and body of every criminal, mountains are sublime and grand, in his social life and moral and in-dustrial opportunities, in his domestic solemn majesty they stand, with signlife, individual heritage, in his physio-logical condition, there are elements Creator built these hills, but 'twas which, quite apart from the legal not He defaced them with signs that evidence which is supposed to estab- say, "Try Piebald Pills,"—'twas ma lish the crime, render his act different who thus disgraced them. When to from the act of any other man. The circumstances in which the crime was pines sighing, a massive signboard nitted, and all the causes which greets me there, "Use Axle Grease committed, and all the causes which induced, must each be considered and given due weight in establishing blue lines, in which, with ink of crimson, I make a note of all such moral turpitude. When so considered, we shall find that no two murders, no two forgeries, no two orberies, no two crimes of any kind are exactly alike. The legal evidence may be the same in each case, but neither the
