Give the children WRIGLEY'S after every meal

A prominent physician says:

"It is surprising how free from decay the teeth can be kept by using gum after each meal."

You know how hard it is to get the children to clean their teeth. By giving them WRIGLEY'S you not only reward them for cleaning their teeth, but the reward is actually the means of performing this important service!

WRIGLEY'S aids digestion too, and acts as an antiseptic wash for the mouth and throat. Several flavors-all of WRIGLEY quality.
