

Spring Tonic for Run Down People

Are you feeling tired, weary, miserable and run down? Is it hard for you to get up in the morning feeling rested and refreshed? The winter months have tried you sorely and robbed you of more vitality than your system has been able to replenish. Your blood is sluggish and must be purified and revived. You are in need of **PSYCHINE**, the Greatest of all Spring Tonics, and Blood Purifier. It clears the system of all traces of winter colds. Banishes that tired, weary feeling. Restores your appetite and brings youthfulness, vigor and health to you again. Take **PSYCHINE** to-day. For sale by all druggists and dealers. 50c. and \$1.

PSYCHINE

GREATEST OF ALL TONICS

Internal Trouble in Peru

Lima, Peru, May 2.—The Peruvian minister to the Argentine republic, E. Dela Riva Agüero, has resigned that post. His letter of resignation, which has been made public, caused a sensation. He asserts that the direction of foreign affairs in Peru during the last 19 months has been characterized by

many mistakes, and patriotism obliges him to withdraw from office. Reserve contingents still continue to arrive in anticipation of trouble with Ecuador.

If you have any article that you want to sell or exchange, the easiest way to effect the deal is to put an ad in the **Albertian Classified columns**.

ROOSEVELT DAM IS NEARING COMPLETION

Ex-President Will Be Asked to Open Biggest Reservoir in World

Washington, April 30.—The Roosevelt dam, the great engineering work in connection with the Salt River irrigation project in Arizona, is nearly finished and at 4 o'clock today the United States closed down its cement plant at Roosevelt. The government entered into the manufacture of cement for the Roosevelt dam nearly five years ago because of its inability to obtain cement at a reasonable price owing to the inaccessibility of the dam site and its remoteness from transportation.

The engineers of the reclamation service state that the mill has saved the government more than \$550,000. The plant has turned out 330,000 barrels of high-grade cement, most of which has been furnished to the contractors who are building the dam.

The reservoir created by the dam is the largest artificial body in the world. Its capacity is 61,000,000 cubic feet and it will be spread over Delaware it would cover the entire surface of the state a foot in depth. The dam is 280 feet high, 180 feet long on top and contains 36,000 cubic yards of masonry.

It is expected that the dam will be completed in June, but the project will not be formally opened until the fall. A movement has gained headway in Arizona to have former President Roosevelt open the dam on his birthday, Oct. 27. The project when completed will cost \$5,400,000. It will irrigate 240,000 acres of land and it is estimated by expert agriculturists that the crops of a single season will return enough to repay the entire investment of the government.

T. Roosevelt Satisfied

Washington, May 2.—Theodore Roosevelt, according to a local paper, has written to President Taft endorsing the present administration. The letter also shows he will not be a presidential candidate in 1912 or for any other office in the meantime. It is said he wants William Loeb, Jr., to be governor of New York.

Salad Days

Now come the days of crisp, green lettuce—ripe red tomatoes—all manner of fresh fruit and vegetable salads. And it's the dressing that gives the finishing touch—that makes the salad a success or a failure.

Pure Gold Salad Dressing Powder

(Trade Mark Registered)

makes a salad dressing entirely without oil. Yet the result has that delightful smoothness, without oiliness, and a rich, full body and consistency which gives an inimitable touch of goodness to any salad. And it is so easily and quickly made.

To Make Pure Gold Salad Dressing

Take one pint of cold water. Use a little of the water to make the contents of the package into a smooth paste, then add the balance of the water and one teaspoonful of salt. Put on the stove and boil thoroughly. Then add a half cup of hot vinegar to the mixture, stirring thoroughly, and set away to cool. Keep covered. No oil is used in the cooking—there is no oil taste.

Our Book of Recipes Sent Free

Let us send you our valuable little book "The Secret of Delicious Dressings". It tells you how to make any number of dining room and delicious salads in very little time and almost no trouble at all. And the delightfully good part of it all, remember, is that the speed with which these results are obtained only serves to enhance the enjoyable flavor of the result.
