THE MARKETS

ALBERTA'S WHEAT IS GRADING HIGH

Advices received yesterday by members of the Calgary Grain Exchange are very encouraging. One very notable and important feature is the high grade this year's wheat is getting. Of twenty-seven cars received from the south this year nothing was graded less than number two, while last year the first receipts went as low as number four. The high grade will be the rule this year, not only in the south, but throughout the province. Reports from the north state that the grades will run high, with number four the lowest, while last year the grades went as low as six and feed.

All cutting along the Crow's Nest line is completed, while along the Macleod-Calgary branch 80 per cent. is cut.

Cutting along the Wetaskiwin branch commenced on Saturday and yesterday, and by Wednesday will be general.
