

Weak

Worn out, nervous women, receive criticism where they should have sympathy. They cannot help being nervous, if their blood is impure.

When the blood fails to feed the nerves upon proper nourishment what can you expect but nervous prostration, debility and nervous headaches? If the cause is found in impure blood, the cure must be in making the blood pure. This is just what Hood's Sarsaparilla does, and it has proved the true nerve tonic because it is the true blood purifier, and the source, comfort and defender of thousands of housewives.

Nervous

teachers, clerks and other sufferers of both sexes. Just read this letter:

"I think it is my duty to tell that Hood's Sarsaparilla has done for me and my family. Two years ago I was in a weak, nervous condition and had dreadful palpitations or jumping of my heart, followed by sinking spells, which would last for several minutes. Sometimes it would seem as though I would never come out of them. I was treated by the best physicians, but only for a little time did they help me. I seemed to be growing worse instead of better. I would often seem hungry, but when I ate, no matter how little, it would cause me such misery that I was often wicked enough to wish myself dead. I had that

Tired

languid, all-gone feeling and suffered awful distress in my stomach. I had given up all hopes of ever being well, when my mother wished me to try Hood's Sarsaparilla. I consented, to please her, and before I had taken the whole of one bottle I could see I was improving, and soon was indeed very much better. Its effects have been truly wonderful and I hope this letter may be the means of helping other suffering men and

Women

to try Hood's Sarsaparilla and be benefited by it. We have used Hood's Pills in our family and find them very excellent, especially for constipation. Write Hood's medicines great praise, and if anyone complains of being tired, say, "You should take Hood's and only Hood's." Mrs. KITTIE SMITH, 326 Dane Street, Waterloo, Iowa.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills

Sparks from the Wire.

Judgment was given against Mr. A. W. Ross, M.P., at Winnipeg, in two promissory notes amounting to over \$22,000, at the suit of Mr. McNell.

Signor Dacot, Italian Military State Attorney, has started for Moscow to prosecute Gen. Barattieri, late Governor of Erythraea and commander-in-chief of the Italian forces in Abyssinia.

Charles Morris, the confessed murderer of Mr. and Mrs. Doucett, committed suicide at Xenia, Ohio, on Wednesday by cutting his throat, when told to get ready to go to Columbus to be hanged.

The Bank of Montreal has bought the new Montreal city loan at the best rate ever obtained by Montreal or any other Canadian city. The loan is in 40 year 4 per cent coupon, and the purchase price is \$105.15, for every \$100 of stock net to the city.

Grand Trunk Railway return of traffic for the week ending April 7, 1906: \$341,002, 185, \$322,185—Increase, \$18,817.

The annual meeting of the stockholders of the New York Central and Hudson River Railroad Company was held on Tuesday at the Union depot, Albany, N. Y. Some \$5,000,000 of stock was voted on. The board of last year was elected without change.

INSIDE AND OUTSIDE.

Internally used, Burdock Blood Bitters cleanses, purifies and tones every organ of the system. In all cases where sores, ulcers, blotches, scrofula, etc., appear on the surface an outward application exercises wonderful curative power over the skin and flesh, leading them completely without even leaving a scar. Here is a case in point:

"After having used Burdock Blood Bitters for scrofula in the blood I feel it my duty to make known the results. I was treated by a skilled physician, but he failed to cure me. I had three 'rooster' buttons' on my neck, which could not be healed until I tried B. B. B., which healed them completely, leaving the skin and flesh sound and whole."

"As long as I live I shall speak of the virtues of B. B. B., and I feel grateful to Providence that such a medicine is provided for sufferers."

MRS. W. BENNETT, Acton, P. O., Ont.

HEALTHFUL, COMFORTING. "The only safe luxury for canaries."

BIRD BREAD (Patented 1901-1906, Reg. 1935.)

Most effective as a song restorer and general tonic. A large block in every packet of Cottam's Bird Seed; 10c per lb. All grocers.

See that the words "Bird Bread" and "Bart. Cottam" are on every packet.

The Sporting World.

Toronto's Ball Team Continues Its Victories

Over College Teams—Sporting News of All Kinds.

THE WHEEL.

THE BURLY BLACKSMITH, "Dick" Hensell, it is reported, has sickened of South Africa and the Boers, and is returning to Toronto. He was with the "Dutchmen" when they brought "Dr. Jim" up with a round turn.

London, Petrols, Exeter, Brantford and Woodstock have made application for meets on May 25.

The Cyclists' Touring Club of Great Britain has 2,081 candidates for admission for the month of April, including many people of rank, one of the Battemberg princes, a grandson of the Queen, being among them.

In a letter to a friend in Toronto, champion Johnny Johnson, who is now in Germany preparing to rub up against the European cracks, says he has been royally treated by the cycling clubs in the Fatherland. The roads in Germany come in for special commendation, being better, he affirms, than most of the American tracks.

MORE RECORDS BROKEN.

San Diego, Cal., April 16.—Randall and Scherff, the crack tandem team, who have been cutting many world's records, cut the world's tandem record for one-third mile, paced, one full second, doing it in 31.2 seconds yesterday.

Steve and Winsett cut the world's 2.3 mile tandem record to 1:12.2.5, the former record being 1:15.4.5, by Canine and Tins, made at Denver, in which they stood first nearly two years. Kiser made two attempts for the record, but the wind was too strong. Randall and Scherff were strong. Randall and Scherff made the way and made the remarkable time of 47.3 seconds.

RACEBALL.

Pittsburg, April 16.—The Toronto team played another strong game yesterday winning in a walk. The C. A. C. of Braddock, Pa., played well. McPartlin pitched five innings, Dunn finishing the game, and both doing well. O'Brien injured a hand in Tuesday's game, and will be unable to play for several days. Score:

R.H.E.
Toronto . . . 2 0 0 1 1 1 6 1—12 12 1
C. A. C. . . . 0 0 0 1 0 0 0 1—2 9 5

Batteries: Toronto, McPartlin and Dunn; Casey; C. A. C., Jackson and Krumm, Shelby.

FLYS.

All the players who have been signed by the Maple Leafs for the coming season have been ordered to report on May 6.

Bob Emble has left St. Thomas for Cincinnati to commence his duties as National League umpire.

This season there will be six playing managers in the National League. This increase in the number of playing managers speaks well for the player, and shows that his employers are beginning to regard him as thoroughly responsible and competent as the non-playing bench managers.

The Williamsport Commercial says: "John J. Allen, better known as 'Skinny,' who made such a good record for himself in the Delaware League last season at Lewes, has signed to play with the Guelph club of Ontario, in the Canadian League. He goes as shortstop, but can hold his own behind the bat or in the box. 'Skinny' carried off the honors in the C.P.L. league four years in home-run getting."

Toronto 'Varsity will take a trip west in May. They play the University of Michigan at Ann Arbor May 8. Moran, Toronto's clever southpaw, will be in the box at the opening game at Syracuse.

Joe Corbett, brother of the champion talker, will be retained by Baltimore as an extra infielder.

The Hamilton Baseball Club want players for all positions. They are a little late in organizing.

Pitcher Wittrock, who was with Toronto last year, has signed with Mobile, as Memphis has disbanded.

Cornell was defeated by the Buffalo Eastern League team in the first game of the season at Ithaca. Score 7 to 4.

Rochester is not showing up well in its exhibition games. Even college teams are not easy game for Shannon's ball lot.

Third Baseman Shannon, whom Springfield has declared is a phenom, had no less than six errors in his first game.

Baltimore again won from Syracuse on Tuesday by a score of 14 to 3. The National League champions made 22 hits while the Stars could only compile 5.

Dan Shannon, of Rochester, says he is no prophet, but he thinks the four teams that will finish in the first division are Syracuse, Springfield, Providence and Rochester—Springfield Union.

Anson says that this is the first time in his career that he has had trouble in picking out his team. He says the men are all good and he doesn't want to let any of them go.

The league will begin today (Thursday) with Cleveland at St. Louis, Brooklyn at Baltimore, Boston at Philadelphia, Pittsburg at Cincinnati, New York at Washington, and Chicago at Louisville.

Manager Bancroft, of the Cincinnati Reds, has given a contract for \$5,000 "rooster" buttons to be given those who attend the opening games between Pittsburg and Cincinnati.

Harry Staley, the old-time Pittsburg National League pitcher, was in the box the first three innings for Toronto on Monday. He struck out several men, only one hit being scored off his delivery. Harry looked well. It will probably do good work for Manager Buckenberger's team this season. The Toronto team is now in pretty good condition and played first-class ball—Pittsburg Times.

Pitcher Tom Lovett wants to leave Providence, and go to the Rochester club, where his old friend, Dan Shannon, is manager, and it is possible that a deal may be arranged whereby he will be swapped for one of the Rochester pitchers. Providence will give Ned Crane a trial this spring, and if he doesn't take care of himself this year, it is "good-bye, Ned."

Tim Murnane says that Baltimore, Cleveland and Boston will fight it out for the pennant this year, barring unforeseen accidents, and he furthermore guesses that Boston and Baltimore will play for the Temple cup next October.

President Pat Powers, of the Eastern League, has notified his umpires to assemble for instructions at Syracuse on April 30. Although no official announcement has been made, the staff for the season will be Dosscher, Kelly, Swartwood, Gaffney and Linden.

THE TURF.
THE NEWMARKET RACES.
Newmarket, England, April 15.—In the Flying Handicap Plate race here

today Mr. J. A. Miller's Barneyhill won. Mr. Pierre Lorillard's entry, King of Schemia, was not placed. In the race for the Newmarket biennial stakes of 25 sovereigns, with 500 sovereigns added, for 4-year-olds, distance 1-1/2 miles, Mr. James Joyce's colt Tyranny beat Leopold De Rothschild's filly Utica.

ATHLETICS.

THE GREEK CHAMPION.
The ex-athlete from Marathon to Athens is 171 yards over 25 miles of an uneven country road, and the Greek runner covered it in 2 hours and 45 minutes. The English professional record for 25 miles is 2 hours, 38 minutes and 24 seconds, and the amateur record nearly three minutes better—2 hours, 33 minutes and 44 seconds.

Either is much better than any American record. When it is considered that the Greek winner ran nearly a mile and a tenth more over a road, and not over a prepared track absolutely smooth and level, and that his time was less than a quarter of an hour more, it is clear that he is entitled to the world's record.

AN ENGLISHMAN CHALLENGED.
New York, April 15.—A formal challenge has been forwarded to J. E. Bredin, of the London Athletic Club, for a race at one mile, between F. E. Bacon, of the London Athletic Club, the holder of the English mile record, and Thomas P. Conneff, of the New York Athletic Club, to be run in the city in September next, for a suitable trophy. The challenge, it is said, will be accepted.

CRICKET.
Maurice Read, the popular Surrey cricketer, has retired permanently from the field. He has had a private engagement with a nobleman, which he will find more lucrative than that enjoyed by a professional cricketer, doing it in 31.2 seconds yesterday.

Lohman, the great all-round English professional, is credited with some rare bowling in the working world against All-South Africa he followed up his good work in the first inning, when he secured 7 wickets for 38 runs, by taking 8 wickets for 7 runs in the second. He also took 15 wickets for 38 runs against eighteen of Port Elizabeth, and 6 for 19 against Orange Free State.

THE ROD.
School Trustee Charles Johnston received the following fishery wall from a poet who evidently has the spring fever:

"I only wish and wish and wish that I could fish and fish and fish; I'd like to sit at the bank of a stream Upon a bale of prairie hay, Down where the river sadly waits, And fish for suckers and for whales.

The shameful thing is done in the Eastern Townships of Quebec by water in the rivers, due to the sun and trucks are washed out, houses are submerged, and the employees of factories where the fires are not extinguished go to and from their work in boats.

The Quebec Central lost its great iron bridge, 150 feet long, which crosses a ravine at Ste. Annes, 21 miles south of Pointe Levy. The bridge fell in the gorge and brought down the structure with a crash as the foaming waters rushed over the wreckage.

This cuts off all communication between this section and the New England States.

In the vicinity of Sherbrooke the tracks of the Quebec Central, the Maine Central and the Boston and Maine have been washed out in various places. Traffic will be interrupted for weeks.

Sweeping past the city of Sherbrooke, the St. Francis River has burst from its banks and is in a raging torrent, covering the country for the distance of half a mile between that city and Richmond.

The Jencks Machine Company works at Sherbrooke have been merged, and so rapid was the rise of the water that the employees had to be taken care of on boats. Several other factories on higher ground are surrounded by water, and the employees have to sail to their work. Riverside mills and warehouses are submerged, and the employees are submerged.

At Richmond the damage is very great. The water is several feet deep in the main street of the town. In two wards the cellars of houses are all awash and the village of Falmouth is completely submerged. Utterly and Melbourne suffered in a lesser degree.

The water is still rising. The back of the river is still rising. The back of the river is still rising. The back of the river is still rising.

Montreal, April 16.—The danger of a flood is not over by any means, and will not be over till the ice from the river lakes comes down. The river is at present a little over 38 feet high, and it only needs to rise about six inches more to flood the lower streets of the city.

SIR CHARLES COMING.

The President of the G. T. R. to Sail for Canada on April 25.

London, April 16.—Sir Charles Rivers-Wilson, president of the Grand Trunk Railway of Canada, will sail for America on April 25. In an interview today, he is quoted as saying that the object of his trip across the Atlantic is chiefly to inspect the road. The management, he added, was heartily gratified at the manner of the shareholders at the recent semi-annual meeting. At the next meeting there will be several important measures to discuss, the most important being the receivership of the Vermont Central Railroad, now under the control of the Grand Trunk.

This matter, said the railroad president, will require the most careful attention, as the Vermont Central is a valuable part of the Grand Trunk Railway system. In conclusion, Sir Charles Rivers-Wilson said: "We do not propose to lease any new roads. Our policy is one of strict conservatism. We must contract, rather than expand the service. There will be a special meeting of the traffic association in New York in order to confer upon direct arrangements with all our competitors, especially the Canadian Pacific."

Italian Cream, the new toilet lotion, price 25c at Anderson & Nelles' Drug Store.

Lindsay, Ont., April 15.—About noon today fire broke out in the storehouse of George Inglis' spring factory, on Cambridge street, and destroyed it with its contents. Loss about \$2,500; insured for \$500.

Have You Got It?

To cure cramps take Nervine. To break up a cold nothing is as good as Nervine. To relieve neuralgia, or rheumatism, or troubles you need Nervine. It never fails to give relief. Nervine is a powerful penetrating substance, which goes at once to the bottom and speedily dislodges all pain. Nervine is better, stronger and more certain in action than any other pain remedy in the market. Nervine is sold by all dealers, only 25 cents.

Disobeyed Orders.

The Police Magistrate's Instructions Were Not Carried Out—The Reason Why—An Officer "Dressed Down."

The police magistrate had two drunks to dispose of this morning, who occupied less than five minutes of his time.

Hugh Cameron was one of the pair. Cameron was up on Tuesday, and as he had 85 cents in his pocket and last belonged to Glasgow, the magistrate ordered that he be detained until the afternoon train, and then purchase a ticket for his home.

"Why wasn't that done?" the magistrate asked sharply, when he called Cameron.

The sergeant on duty replied that Cameron had been kept until train time and then let go. The sergeant was about to explain why this was done, but the magistrate interrupted him.

"I instructed the officer to go to the station with him," he said, "and why wasn't that done? There is no reason why it should not have been done."

The sergeant explained that Cameron had left two parcels of clothing in different places in the city, and would only have had to come back again if he had been shipped off.

The next time I issue instructions they had better be followed out," the court continued, as he imposed \$2 or ten days on Cameron.

The other prisoner, an elderly man, was also fined \$2 or ten days. He denied that he was drunk, and said only that he had a severe attack of rheumatism. The old man's inability to walk was found to have been caused by whisky.

Sam Gibson appeared to answer the charge of threatening the life of his wife. The case was adjourned until Monday.

Quebec Flooded!

Incalculable Damage in the Eastern Townships.

The Quebec Central's Great Bridge Swept Away—Factories Shut Down.

Montreal, April 16.—Almost incalculable damage is being done in the Eastern Townships of Quebec by water in the rivers, due to the sun and trucks are washed out, houses are submerged, and the employees of factories where the fires are not extinguished go to and from their work in boats.

The Quebec Central lost its great iron bridge, 150 feet long, which crosses a ravine at Ste. Annes, 21 miles south of Pointe Levy. The bridge fell in the gorge and brought down the structure with a crash as the foaming waters rushed over the wreckage.

This cuts off all communication between this section and the New England States.

In the vicinity of Sherbrooke the tracks of the Quebec Central, the Maine Central and the Boston and Maine have been washed out in various places. Traffic will be interrupted for weeks.

S. & J.

One Price and that CASH!

THE WEATHER TODAY—Fine, warm, showers; then cooler.

Because They're Cheap

Don't buy goods of any kind because they are advertised as being cheap. Perhaps they are too cheap to wear long. We don't fill our store with the cheapest goods we can buy. Not at all. If we did we would have a slaughter sale of some kind on every week or oftener. When we buy we always aim to get the best goods for the least money, and that's what we want you to do. We avoid slaughter sales because our goods are right, and are sold at

Closest Prices

We're not in business to lose money. Yet people wonder how we sell our high-class goods at such close prices. They do not realize that manufacturing has been completely revolutionized of late years, and that the possibilities of ready money are greater than ever before. Buying and selling strictly for cash, instead of asking three or six months' credit, turns to your advantage in such prices as those given here. Our shoe department offers the best values, the newest styles, at the closest possible prices, because we look after it in just the same way as our other departments, yet we are not under half the expense of other dealers. That's why.
