## BETTER TO SEEK OTTAWA? Baking Powder

There can be no better baking powder than Strong's. In making baking powder there are certain definite materials to be used. A cheap powder can be made by using unwholesome ingredients; a good powder by using pure and healthful materials. The leavening properties of an alum powder may be equal to a cream tartar one, but we prefer cream tartar, and so should you. Strong's Baking Powder is a cream tartar product,
