New York, Jan. 3 .- (Wall street,

noon)-Heavy realizing sales gave the

stock market a decided setback today,

after an early advance. Traders were

inclined to take profits, in view of the

vigorous character of vesterday's rise,

and the bullish demonstration with

which the day began was of short

duration. The Harriman stocks were

the weak features among the leaders,

being depressed by reports of further labor troubles on the Southern Pacific.

Selling pressure increased after 11

o'clock, and some large amounts of

stock were sold. United States Steel

gave way from 69% to 68% with one

block of 5,000 shares, and another of

4,200 changing hands. Nearly all of the well-known stocks sold under yes-

terday's closing figures. Bear opera-

tions centred to a large extent on the

Harriman stocks, and they lost a

point each. Recent strong features

weakened materially, especially Inter-

borough Metropolitan, pfd., and Great

Northern Ore certificates, which sag-ged 1% and 2 points respectively.
