

LIEUT.-GOVERNOR WEARS HIS SATIN BREECHES LAST TIME

Final Message of Sir John Gibson Read at Prorogation of the Legislature—Recommends Workmen's Compensation Bill at Next Session.

[Canadian Press.] Toronto, May 9.—The second session of the thirteenth Legislature of Ontario, which opened on Monday, has today reached its end. Sir John Gibson, lieutenant-governor, wearing his white knee breeches and a white waistcoat, accompanied by his wife and daughter, was seated on the throne of Sir James Whitney.

Passed 200 Bills. The Legislature has passed 200 bills in its session, and passed over 200 bills. The last three paragraphs of the speech read as follows: "Among the other important messages passed during the session now closing are those to provide for an eight-hour day for miners working underground; to amend the marriage act to give effect to the recommendations of the assessment committee; to authorize the management of public utilities by commission; and to bring into operation the revised statutes of Ontario, 1914."

BURNED SCUTARI IN REVENGE FOR POWERS' ACTION

Montenegrins Were Very Angry at Being Compelled To Evacuate Fortress.

New Cabinet Has Been Formed—Russia To Protect the Little Kingdom.

Vienna, May 9.—Fire broke out in the bazaar of the former Turkish fortress of Scutari today, and, fanned by a high wind, rapidly assumed huge proportions. It is reported here that the Montenegrins started the blaze when leaving the city, in revenge for being compelled to evacuate it.

A New Cabinet. [Canadian Press.] Cetinje, May 9.—A new Montenegrin cabinet under the premiership of General Vukotich, was formed today to take the place of the Government which resigned when King Nicholas decided to evacuate Scutari at the behest of the European powers.

The foreign office immediately afterward opened negotiations with the commanding officers of the international fleet which has been engaged in blockading the coasts of Montenegro, and arrangements were made for the evacuation of Scutari, which began yesterday, to be completed by Sunday, when the last of the Montenegrin soldiers will march out of the city.

Will Land Troops. The foreign admirals will then land detachments from the fleet, and the formal surrender of the old Turkish fortress will be made to the combined international force.

King Nicholas today, in a speech to the members of the Montenegrin Parliament, declared that, in the interest of general peace, and in order to save Montenegro and the entire Serbian nation, he had been forced to give in to the European powers, and that he had declared, had counselled submission on the part of Montenegro. Russia, however, had undertaken to continue to protect the little kingdom.

The portfolios of the new ministry are distributed as follows: Premier, General Vukotich; foreign minister, J. S. Plamenatz; minister of interior, J. Gofitch; minister of education, Lazar Mijuskovitch; minister of justice, Ljube Bakich; minister of finance, Miste Popovitch.

GAVE HIMSELF UP

Murderer Who Escaped Police For Fifteen Years Sentenced to Die.

Caracas, Venezuela, May 9.—Tormented by remorse, Miguel Valses gave himself up to the police here today, declaring that he wished to go to the gallows to expiate his crime of murdering a widow named Souroque 15 years ago. The crime caused a great sensation at the time, and Valses, then a man of 30 years, who was suspected of killing the woman for her money, disappeared from the vicinity and was not again recognized until he surrendered himself.

MEXICO'S POSITION MADE CLEAR TO UNITED STATES

Until the Government Is Recognized Only the Most Urgent Affairs Can Be Gone Into—All Residents Will Be Protected in the Meantime.

[Canadian Press.] Mexico City, May 9.—The following official version of what occurred during President Huerta's conference yesterday with United States Ambassador Wilson has been made public:

"Provisional President Huerta respectfully stated to Ambassador Wilson that the diplomatic relations between the Government of Mexico and the United States were pending between it and the Government of the United States. It was pointed out, however, that for the time being the American ambassador should understand the necessity which the Government of Mexico has for abstaining from treating any official matter, with the exception of urgent affairs of ordinary procedure, for the simple reason that while the Government of the United States did not recognize the Government of Mexico, all agreements would be ineffective in view of the fact that the Government

"I commend to your consideration during the coming recess, as well as to that of all persons interested, the draft bill to provide for compensation to workmen for injuries, which has been submitted by the commissioner in order that the best interests of the great province shall always be faithfully served and carefully guarded by those who constitute the Legislative Assembly, and that our people may continue to enjoy the favor and blessing of Providence, so bountifully bestowed upon them in the past."

Long Association. "The end of my official term now draws near, and my parting with you at this time recalls very vividly memories of my long association with you or your predecessors in the work of the legislature. It is my earnest desire that the best interests of the great province shall always be faithfully served and carefully guarded by those who constitute the Legislative Assembly, and that our people may continue to enjoy the favor and blessing of Providence, so bountifully bestowed upon them in the past."

Sir John was appointed lieutenant-governor in 1908, and unless reappointed will not meet the Legislature again.

BARBERS MAY BOOST PRICES

Shaves Likely to Soar to Fifteen Cents and Children's Haircuts to Twenty-Five.

DUE TO THE HIGH COSTS

A largely-attended meeting of the barbers of London was held on Thursday evening in the Albion block, and a number of questions of interest to the trade and incidentally to the general public were discussed. The subject of a shaven haircut should be 25 cents in the future instead of 15 cents throughout the week, and 25 cents on Saturdays.

Quinlan Case Goes To the Jury Shortly

[Canadian Press.] Paterson, N. J., May 9.—Indications are that the case of Patrick Quinlan, the industrial worker of the World, indicted with "Big Bill" Hawwood and others for inciting silk workers to riot, would be in the hands of the jury by night. The prosecution closed its case yesterday and the defence had less than a dozen witnesses to call today, although it had subpoenaed nearly 100.

What action, if any, the Industrial Workers of the World will take against Joseph Antonelli, who was announced today. Testifying for the defence yesterday the man admitted under cross-examination that although a member of the labor organization he was secretly employed by a private detective agency much hated by the strikers.

MRS. A. M'ARTHUR DIES IN WINNIPEG

Was Born at Kilworth and Had Many Relatives in District.

[Special to The Advertiser.] Winnipeg, May 9.—Mrs. A. M'Arthur, who died in the late controller Archibald M'Arthur, who died in January last, died last night, aged 69. She was born in Kilworth, near London. Her father, R. Gustin, was one of the pioneers of Western Ontario. Her mother was Sarah Ann Edwards. Although the family was a large one, Mrs. M'Arthur is survived by only one sister, Mrs. R. W. Rosser, of Denfield, and one brother, Doctor E. Gustin, of St. Thomas. Other members of her family living in the district are Mrs. M'Arthur and R. P. Gustin, Detroit; Henry Bay City, Mich.; Mrs. Samuel Drake, of Detroit, and John Gustin, of Melrose, Ont.

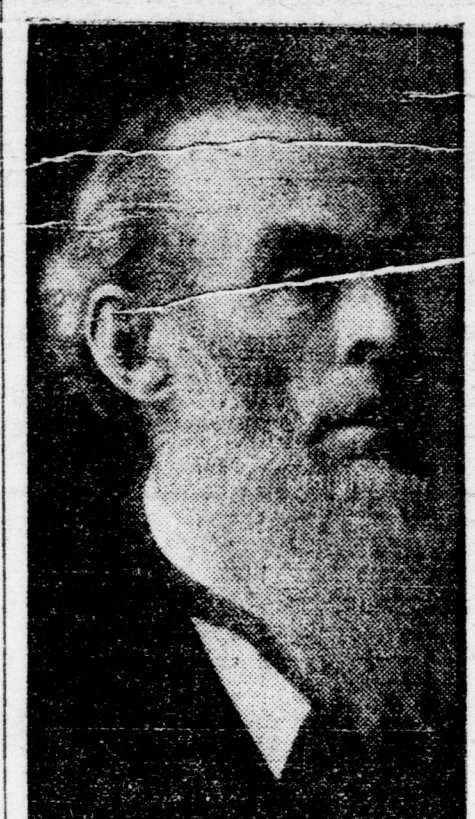

REPEAL CHARTERS OF DEVELOPMENT FIRM

[Canadian Press.] Albany, N. Y., May 9.—Governor Sulzer today signed the Wagner bill repealing the charter granted by the Legislature in 1907 to the Long Sault Development Company for the purpose of developing power in the St. Lawrence River.

In a memorandum the governor says the granting of the charter was not only violative of the state constitution, but its provisions were in other respects imprudent and unwise from an industrial and economical point of view.

ACCIDENTALLY DROWNED. Hamilton, May 9.—Bert Ingram, a young Englishman, who arrived here from Liverpool three weeks ago, was drowned yesterday on the farm of Henry Pasham, near Abingdon, while bathing in a pond. The body was recovered in a short time, but life was extinct. A young son of the farmer witnessed the drowning, but was powerless to help Ingram.

LATE JOHN LEWIS, for many years in the hotel business of London.

Mr. John Lewis Dead, Here Many Years In Hotel Business

Former Proprietor of the Huron House Dies in His Seventy-Ninth Year.

Mr. John Lewis, who was a well-known hotel proprietor in London for many years, died at his residence, Mill street on Thursday. Mr. Lewis had been ill for some time. He was in his 79th year and was born in London Township. Mr. Lewis lived in the vicinity of London until 1874 when he came into the city and opened the Huron Hotel on Richmond street. He was in the hotel business until 1890, when he retired. Mr. Lewis was a member of the C. M. B. A. and a life-long Liberal.

He is survived by four sons, Thomas P., John P., and Philip C., of this city, and Peter B., of Chilliwick, E. C. of Chicago; Mrs. R. Walsh, Miss Annie Lewis, of Mill street, and Mrs. James Dewar, of this city. Mrs. John O'Flaherty, of Richmond street, is a sister. The funeral will be held Saturday morning at St. Peter's Cathedral, and interment will be made in St. Peter's Cemetery.

BACK FROM THE BALKANS; LONDON GREEK TELLS OF FIGHTING WITH THE TURKS

Peter Scuras Fought at the Siege of Janina With Others From This City, Three of Whom Were Wounded—Says Fighting With Ottomans Was of the Fiercest.

HOW LONDON GREEKS FARED IN WAR.

Peter Scuras, feet frozen at siege of Janina. Louis Diamond, thigh torn by shell at Janina. Frank Capasus, foot torn off by shell at Janina. John Pernokis, shot in the head at Janina.

Peter Scuras, who left London last October with a number of other London Greeks to join the army against the Turks, returned to London Thursday night, after having spent much time at the front and been actively engaged with the victorious armies. Mr. Scuras and other members of the men who went from this city were severely frozen or injured, and he is the first to return to the city. He is again at work at the Olympia confectionery.

Fought at Janina. He was with the Greek army before Janina during the siege and while engaged in the attack upon Basana, one of the natural fortresses, he had both his feet frozen and had to be sent to the hospital. He was recently released and came to Canada again. His trip to his homeland cost him \$100, and his pay amounted to \$190 in the neighborhood of \$190.

The reporter who saw Mr. Scuras was surprised to learn that there was a six feet of snow in the vicinity of Basana, where there are several small mountains. The Greek soldiers were encamped in these mountains, and with little material for fuel and only light clothing many of them suffered from the cold.

The soldier brought with him many views of the battles, done in the high corners of wartime, and he pointed to one which showed the soldiers attempting to take cannon up the steep slopes of a mountain.

All of the London men fared well, but there were many casualties among the 2,000 Canadian Greeks who went to the war.

Two of the other men who went from London gave more than their enthusiasm to the cause. One of them, Louis Diamond, who was a Canadian, was shot in the thigh by a piece of shell, and is believed to be still in the hospital. Frank Capasus, who formerly kept the London Quick Lunch on Dundas street, was shot in the foot off by the explosion of a shell. Both of these were injured before Janina. John Pernokis, formerly of the Parisian Cafe, was shot in the head.

Another victim. [Canadian Press.] Los Angeles, Cal., May 9.—Lieut. Parks, a military aviator, who started from San Diego this morning on a flight to Los Angeles, was killed at Olive, nine miles north of Santa Ana. His machine hit a tree as he was descending.

MANY THREATS OF SUFFRAGETTES CAUSING ANXIETY

British Authorities Are Keeping a Close Watch on Public Places.

General Drummond Very Ill From the Effects of Hunger Strike.

[Canadian Press.] London, May 9.—The anxiety of the British authorities over the threat of militant suffragettes to eclipse their destructive activities of the past week, was displayed today when Premier Asquith and First Lord of the Admiralty Winston Spencer Churchill, accompanied by their wives, left Waterloo street station on the Southwestern Railway to proceed to the coast in order to join the admiralty yacht Enchantress, on which they are to make an extended cruise in the Mediterranean.

A large number of naval aides-de-camp, Government departmental secretaries and railway officials surrounded the party formed by the cabinet ministers and those who had come to bid them farewell. Beyond these there was an outer circle of detectives to protect the ministers from any undue attention on the part of militant suffragettes, or their male supporters. So great was the protecting force in the railway station that any demonstration by the suffragettes would have been impossible.

Mr. Asquith and Mr. Churchill intended to inspect the British garrisons and naval stations in the Mediterranean.

IS VERY ILL. [Canadian Press.] London, May 9.—General Mrs. Flora Drummond, the militant suffragette leader, who collapsed twice in Bow street police court during yesterday's conspiracy proceedings against the principal officers of the Women's Social and Political Union, is today very ill from the effect of her privations during her "hunger strike" while under remand, and the physician in attendance has advised her to undergo an operation.

BURNED A MANSION.

London, May 9.—A militant suffragette " arson squad" was out today, and succeeded in destroying by fire a large untenanted mansion near Barrow-in-Furness, Lancashire. A quantity of suffragette literature was scattered on the ruins surrounding the house.

Victoria Day Will Be Observed Saturday. No Official Holiday Proclaimed

Ottawa, May 9.—Though Victoria (Empire) Day, May 24, falls on Saturday this year and the sentiment has been expressed in some cities that the holiday should be changed to Monday, owing to the fact that Saturday afternoon is generally observed as a holiday, and a change would afford a longer week-end, no such action will be taken officially. This announcement was made to the Canadian Press today by Mr. Thomas Mulvey, under-secretary of state. There will be no official proclamation of the holiday, of course, for the reason that it is a statutory one, fixed for observance on May 24, May 28 (Monday) is the birthday of Queen Mary, but it is not officially recognized as a holiday in Canada.

In official, state, banking and legal circles, therefore, Saturday is the day which will be observed as the holiday. There is, however, nothing to prevent any place making Monday a holiday of its own, by civic proclamation, though the Government could not recognize it as Victoria Day.

NOTHING DEFINITE. Hamilton, May 9.—Although not definitely decided yet, May 24 will likely be observed as the holiday here, merchants and manufacturers opposing the change of the date for the celebration on account of confusion likely to follow.

GERMANS FEAR ANGLO-AMERICAN PACT IS PLANNED

Professor Munsterburg Warns Peace Delegates That Germans Are Apprehensive.

Admits Idea Is Absurd, But Fears It Is Growing Rapidly.

[Canadian Press.] New York, May 9.—Professor Hugo Munsterburg, of Harvard, a German citizen, today told the American committee arranging for a celebration of 100 years of peace among the English-speaking peoples that there were many "non-English people" who regarded the movement as a forerunner of an alliance between Great Britain and the United States as antagonistic to Germany. While he regarded such a view as absurd, Professor Munsterburg added, he warned the committee to proceed carefully.

"We should endeavor," said Professor Munsterburg, "to avoid every appearance of this movement being pointed at non-English descendants in this country. There are a number of foreign newspapers published here and there is not the slightest doubt but that there is a certain distrust, and a certain fear that the movement would bring about friction in the direction of those who are not of English descent. They fear that they would be brought into a 'second line' as if they were citizens of the second class. I feel sure that this is far from your views, but the crowd mind understands."

Fear Alliance. "The crowd thinks more intimate dealings between English descendants between this country and England would crowd out the non-English. In fact, there are many who believe that the purpose of the whole movement is to bring America to the service of England in order to fight Germany. That is certainly a most absurd understanding, and it would be most unfortunate if such a view should gain more strength. After all, there has been a century of peace with England, but peace with Germany and this country has never been broken."

Must Be Considered. "I hope that those who are responsible for the details of the movement will not overlook the possibility of rangers. I hope therefore that you will avoid anything that may bring such a view into the elements that make up this country."

Mr. Carnegie, presiding, was quick to reply to Dr. Munsterburg. "We are so innocent of a party charge," he said, "that we cannot imagine that anybody would suspect us. The American has no preference, I might say. We happen to speak English, and Germans rapidly acquire that habit. I take notice. I suggest that the proposed monuments, which are to commemorate the 100 years of peace of the past should also serve to bring about peace with all nations for centuries to come."

Long Run for Brigade.—The fire brigade responded to an alarm turned in from near the corner of Huron and Colborne streets about 8 o'clock Thursday evening. The fire was in a back yard. The person who was in the alarm, which came by telephone, could not be found, as the telephone was out of a party line. No action will be taken in the matter, however, as it is thought that neighbors seeing the smoke concluded that the house was on fire and sent in the alarm.

ROBERT GORDON IS A MODEL PRISONER

Young McKillop Farmer Spends Most of His Time Reading.

[Special to The Advertiser.] Goderich, May 9.—Robert Gordon, the young man charged with murdering his father in McKillop Township, who was confined to Goderich jail yesterday evening by Police Magistrate Johnhead of Goderich, is taking the situation very calmly. He says "very little about the matter and occupies his time in his cell reading the most of the day. He sleeps well at night and seems to be in good health. He shows no mental strain and is a model prisoner."

DOESN'T EXPECT TROUBLE

Mr. Glaubitz Thinks Electrical Workers Will Be Satisfied.

General Manager Glaubitz does not anticipate any trouble with the city electrical employees on account of the refusal of the water commissioners board to accede to the terms of the International Brotherhood of Electrical Workers. The majority of the men employed in the city electrical department are members of the union, but it is claimed that they will be satisfied with the increase in wages, which is practically equivalent to the union scale.

It is understood that the local union will not insist on the water commissioners making the electrical department a "closed" shop, employing only union men, unless the International Union determines to press its demands.

WORK ON NEW C.N.R. LINE TO DETROIT TO START SOON

McKenzie & Mann Have Extensive Development Plans for Southwestern Ontario—New Royal Mail Line For the Pacific Planned.

[Special to The Advertiser.] Toronto, May 9.—Sir William McKenzie announced today that plans for the new line from Toronto to Detroit and Niagara are completed and that active work on construction will be commenced this year.

New Pacific Fleet. Sir William also announced that before the end of the year the railroad would be connected directly from Toronto to the Rocky Mountains, and that arrangements had been made with the city of Vancouver that the company will inaugurate a fleet of boats on the Pacific Ocean, which will bring direct connections between Vancouver, Port Mann and the Orient.

The proposed Pacific fleet will necessitate an expenditure of millions of dollars. It will run in opposition to both the Canadian Pacific Railway and the Grand Trunk Pacific boats. This means that the Canadian Northern Railway will have vessels sailing to Japan and the Orient, and that they will also have coasters running to Seattle and the northern sections of British Columbia and Alaska. Sir William refused to give any particulars as to where the boats would be constructed.

Sir William also stated that the railway has now completed plans for a large tunnel at West Toronto in connection with the new road from Toronto to Niagara. He said that the company had decided to tunnel to avoid the large grade, and that by this means the railway would be able to escape the heavy grade which is necessitated to enter the city.

EXPERTS PLACE LITTLE FAITH IN FRIEDMANN CURE

National Association, After Making Extensive Tests, Not Impressed With Serum.

Fears That Much Harm Has Been Done by Widespread Publicity.

[Canadian Press.] Washington, D. C., May 9.—The public health service observations, so far, into the condition of patients inoculated by Dr. F. F. Friedmann with his tuberculosis vaccine, do not "justify that confidence in the remedy which has been inspired by widespread publicity" in the opinion of surgeons who have conducted the Government's investigation.

This first authentic and official conclusion from the tests was announced here today before the National Association for the Study and Prevention of Tuberculosis by Dr. John F. Anderson, director of the Government's hygienic laboratory, and Dr. A. M. Stimson, another public health surgeon, who were detailed to observe the progress of the Friedmann patients at Mount Sinai Hospital in New York.

Present Conditions. "We believe that at the present time," says their report, "we are not as yet in a position to express an opinion based on the present conditions under observation. The disease for which the remedy is used is prolonged and is characterized by periods of advancement and retrogression. It is also one in which psycho influences are a powerful factor. Time is, therefore, necessary to properly evaluate the effect of therapeutic measures."

"We must not lose sight of the possible therapeutic value of this preparation, and on the other hand it is necessary to guard against a too great optimism in respect to its merits. Without presenting in detail the condition of patients under observation, we are in a position to state that the facts thus far do not do justice to the confidence in the remedy which has been inspired by widespread publicity."

Harm May Be Done. "In our opinion, harm may have been done by this undue publicity insofar as it has lessened the confidence of tuberculosis persons in well-recognized methods of treatment, or interrupted their use, and we are constrained to advise against any lessening of those well-known measures which not only have effected cures, but have reduced the incidence of the disease. We are aware that Dr. Friedmann does not wish to be judged scientifically on newspaper statements, and he would undoubtedly disclaim responsibility for certain of those which have appeared. Nevertheless, it is those that the public bases its opinion until replaced by reliable and unbiased scientific pronouncements supported by convincing facts."

Friedmann's Method. "In our series of patients, Dr. Friedmann has almost exclusively made use of the intramuscular method alone in pulmonary cases, and a very considerable proportion of them have

Continued on Page Eleven.

MAY BE MANY BYE ELECTIONS

Resignation of Hon. J. J. Foy Will Create Several Other Vacancies.

LUCAS MAY SUCCEED

[Canadian Press.] Toronto, May 9.—It is now reasonably certain that the bye-election to fill the vacancy caused by the resignation of A. G. MacKay in North Grey will not take place until after the expected rearrangement of portfolios in the Ontario cabinet, which it is supposed, will follow the appointment of Hon. J. J. Foy to the Senate.

Hon. Mr. Foy's removal to Ottawa will open up a vacancy in the Ontario cabinet, which will be filled by the appointment of Hon. I. B. Lucas to the Senate or his acceptance of a portfolio will open Centre Grey.

Thus there is a probability of several bye-elections being brought on simultaneously. Rumor has it that J. H. Hume's retirement are characterized as groundless in Government circles.

Demands Recount of Five Disputed Ballots

[Canadian Press.] Edmonton, Alta., May 9.—Great public interest is shown in the suggestion made before Justice Beck, in the Alberta supreme court, for a mandatory order for John McKerracher, returning officer in the election for the division of Clearwater, to count five disputed ballots allowed by the courts of inquiry. Four of the five ballots are claimed by A. Williamson Taylor, the Conservative candidate, to have been cast for him. Taylor was only one vote behind H. W. McKenzie, Liberal, in the recent Alberta election, and the disposition of the seat depends on the court's decision.

Must Get License.—Chief Williams received a letter from Mr. R. D. Scott, chief immigration agent, this morning, informing him that all persons opening employment agencies for immigrants must, according to a recent law enacted by the Government, take out licenses. These licenses are under the control of the police department, and anyone conducting such an agency without a license is liable to a term of imprisonment for a fine. The chief wishes to warn all people contemplating such a venture.
