Berlin will demand clean hockey or drop out of the game entirely. If Toronto approves of the "rough house" tactics which were adopted by players like Reiffenstein and Hamber, that city can have an association of its own.

of Champion Neil-Suspicion of Poison

San Francisco, March 1 .- Harry Tenny, who was knocked out last night by Frankie Neil, the bantam champion pugilist, died to-day.

Death undoubtedly was the result of the beating Tenny received in the ring. From the time he was carried from his corner last night, fimp and all but lifeless, Tenny sank rapidly. Physicians who remained at

side realized his desperate condition, and gave warning that death might be expected if the fighter could not be resuscitated within a short time. Some uneasiness was felt last night by promoters, seconds and others connected with the contest when the concition of Tenny after the knockout was noted. He went down before Neil's hard left-hand blows during the fourteenth round falling near the control of the

round, falling near the centre of the ring.

The time-keeper counted him out, but in the noise of the shouting Referee Roche did not hear the completion of the count, and when Tenny staggered to his feet allowed the fight to proceed.

A howl of derision greeted the referee's ruling, but it was soon ended, for feil went at his opponent like a mad man and hammered him in his weakened condition against the ropes.

Helpless and without strength to strike a blow in return. Tenny dropped against the ropes. His head sank on his chest and his arms dropped to his sides. In this position Tenny was literally beaten to the floor by Neil and was counted out by the referee. He was carried to his dressing room.

HART MADE BAD MATCH

He was completely outmanaged and outgeneraled in his fight with Tommy Burns and in consequence is so completely dejected and dispired that it is doubtful if he ever fight again. Is heart is broken. Hart barely got enough of his fight with Burns to pav his training expenses and when his 'friends' got through with him there was but a pittance. To begin with, Hart started the trouble himself when he first came here. His managers had talked him into thinking Burns was a 'nice, easy piece of peach pie. So when he terms were mentioned Hart immediately said there would be nothing doing unless the money was cut on the basis unless the money was cut on the basis of 70 per cent. to the winner and only 30 er cent. to the loser. Burns did not want to do this, but Hart insisted and rather than let the match get away Burns accepted. As a result he receives over twice as much as Hart did. The "house" was a great aspointment, as there was only \$4,800 all told. Of this about \$2,400 went to the fighters. Burns got \$1,650 and Hart only seemed to owe everybody on the
