

IMPERIAL FEDERATION

In dealing any question it is well to look at it from all sides, and the more important the question the greater the need for careful deliberation before making a decision.

The following table gives a comparative statement of postal business in Canada during the years 1917 and 1921:

Table with 2 columns: Year and various postal statistics (Number of mail orders, Number of letters, etc.)

The following is a statement by provinces of the postal business for the fiscal year:

GLYVELANDS CABINET

Political groups assert that President Cleveland, who will take his office Wednesday next, has nearly made up his mind to appoint a cabinet of eight members.

THE BARRON

The Barron, a small steamship, was wrecked on the coast of Nova Scotia last night. The vessel was carrying a large cargo of lumber.

MR. YATES IN PRISON

How his home is furnished and what he eats and drinks.

LONDON, Feb. 17.—Mr. Yates now occupies a room in the basement of the "wing" far removed from ornamental parlors.

A VIRTUAL DEFEAT

The narrow majority with which the Ontario government escaped a virtual defeat, when a majority of 100 crumbled to pieces on the subject of the proposed extension of the franchise.

Narrow vs. Wide Tires

To the Editor.—We have heard a good deal of late about the "narrow" and "wide" tires of the present government.

THE PARTISAN

Mercury's Mystery. Mercury defies the best of terrestrial analysis, and has puzzled scientists and philosophers since the dawn of time.

Suggestion for an Industrial Home

To the Editor.—Allow me through your columns to suggest to the government and legislature the establishment of an industrial home for the aged and infirm.

CRUELTY TO ANIMALS

The Oregon legislature has passed an act in the direction of a frank admission of the potential indignities of Canada and Australia, and a good working alliance for the betterment of the world.

THE BARRON

The President, T. A. Wilson, Arrested and Imprisoned in the Conditions of the Barron.

The Barron was born in the month of March, 1884, and it is shown to have been a weakling from the start.
