The above is the amount of the ÆTNA LIFE INSURANCE COMPANY'S deposit with the Government of Canada, in connection with its large business in the Dominion. The amount is all in Government Bonds, and is nearly six times as much as most of the other life insurance companies have deposited—they only needing to deposit from \$30,000 and upwards to \$100,000 with a few exceptions.

And it is the purpose of the Company to continually increase its Government Deposit, as recom year to year by the Insurance Act of 1878, thus adding, probably, not less than \$100,000 A YEAR.

From the new Quarterly Official List, just published by Prof. Cherriman, Superintendent Insurance at Ottawa, the following figures are taken, showing a corrected list of the Deposits with e Government by sil the regular Life Insurance Companies, omitting those engaged in Fire busiss, none of which latter, however, do much Me insurance business in Canada.
