#### Why Barns Take Fire.

J. C. Nelson, a prominent farmer of Pontiac, Mich., advances an ex-planation for the destruction of so many barns by lightning.

Recently W. E Carpenter, secretary of the Monitor Insurance Co., made the statement that steel hay tracks in the roofs of barns attract the lightning and cause destruction.

Mr. Nelson points out that newly cut hay or grain gives off dampness until the hay or grain is thoroughly cured. The hay or grain is piled in the barns and allowed to cure there, the dampness rises to the roof and as it dries out becomes a gas. Until the hay is thoroughly cured the gas continues to generate.

During a storm the gas is escaping from the barn. The barn is heavily charged with electricity, which comes in contact with the gas, and the next instant the gas inside the barn is exploded the lightning following that course. Mr. Nelson points out a number of instances where barns were suddenly found a mass of flame, all through the interior, during an electrical storm.

# Pacer Sold.

"Lilbars," the famous Canadian pacer, was sold at the American hotel Saturday afternoon by public auction. The sale re-sulted from a dispute between the joint owners, Mr. U. Pearce and Mr. Chas. Batesulted from a dispute between the joint owners, Mr. U. Pearce and Mr. Chas. Bate-man, of Caradoc. It appears that, accord-ing to agreement, Mr. Pearce was to race the horse and pay all his expenses while away from home, and Mr. Bateman was to keep the horse while home, the joint own-ers to divide the profits. Mr. Pearce raced the mare on the Grand Circuit and made some §2,000. Pearce claimed that Bateman owed him §640, claiming a partnership in other horses which he claimed were owned jointly by himself and Bateman. Mr. Bate-man then sued Mr. Pearce for an amount to be determined upon as he (Bateman) did not know the expenses of racing the mare. It later transpired that Mr. Pearce was in debted to Bateman to the amount of §54 70. The matter was referred to Dr. Routledge. of Lambeth, who decreed that the horse be sold and the proceeds be equally divided by the joint owners. The sale was held Sat-urday at two o'clock Mi. Henry Hardy wielding the hammer, and Lilbars was knocked down to Mr. Johnston, of London, for §530.—Strathroy Dispatch.
