McCormick's Speech.

IN THE LEGISLATURE ON THE BUDGET DEBATE. The speech made by R. J. McCormick, the member for East Lambton, on the budget debate in the Legislature, on Feb. 9th, 1911, was reported in The Globe as follows:—

bunget debate in the Legislature, on Feb, oth, 1911, was reported in The Globe as follows:

When Mr. McCormick got to his feet to continue the debate the little member from Lambton had to wait—as he always does—until the members tired of pounding their desks. Then he went right for Grigg, the member from Algoma, who preceded him.

"He did remarkably well," remarked Mr. McCormick, "If you let him have his own way. He showed that this crowd of ours amounted to nothing at all, that the Government before was no good whatever—but," and here Robert John squared his shoulders, "that stirs up a little Irish in me. I say, that if it had not been for the late Government's work on the boandry he would have been out of the Province altogether, and I don't know if it would have mattered very much," he added, while the members roared with laughter at the sally.

Mr. McCormick took a rap at the Provincial Treasurer for running up his expenditures. The Provincial Treasurer used to criticise expenditures amounting to \$4,000,000, but now he thinks nothing of asking for \$10,000,000.

He paid a compliment to Hon. A. G. MacKay for the amount of work he did.

"It puts me in mind of a County Conncil I used to be in," he remarked, "Another man did all the work and I had a little fun running around. That's the way it is now."

The veteran Liberal then turned his

a little fun running around. In at's the way it is now."

The veteran Liberal then turned his attention to his favorite subject, the model schools. "They say," he said, smiling, "Oh it's time for McCormick to drop it." I can't drop it, I feel that it is too important a matter for the whole province for me to drop it. The poor people can't get their young ones edu-cated as they used to do. They are leav-ing the farms and going to the cities or

"As fair-minded men," he continued, addressing the front benchers, "I want you to do something. Call it something else, but give us something similar to the model schools, so that the poor classes of people will get educated."

Mr. McCormick declared that many

teachers were without certificates, and gave a number of instances in his district where the teachers had come right

trict where the teachers had come right from the high school. He warned the Minister of Education that if something was not done the house would look difterent after the next election.

"If you don't," he declared, "that first aisle won't divide the Grits and the Tories. We'll run right to the other end of the House. And remember that," he wound up, waving his hand at Hon. Dr. Pyne.

Mr. McCormick sent the House into hysterics by the way he handled I. Weshysterics by the way he handled J. Wes-ley Johnson's suggestion that the depart-ment bring out teachers from the Old

Country. "You'll bring out Irish and Scotch and English and French, and they'll all want to use their own language. The Irish will want their own. The Scotch will want Gaelic and the French will want French. That"—and the little member became eloquent—"will never do in an English talking country like we have. We want only one language in our public schools." This was the signal for a gen-eral laugh at G. H. Ferguson, the author

of the by-lingual resolution. It isn't often that we advise you to spend money, he said, but the Government should grant \$25,000 more to the Ontario local fairs and the Exhibition

Association,

He had something to say of the banking system also, in his riding there was a
branch of the Farmers' Bank and it was there should be a better banking system.

Mr. McCormick declared the people

Deafness is not so common as blindness, yet thousands are more of less afflicted by it, and their comfort seriously interfered with.

Catarphal deafness manifests itself but slowly, yet it must be acknowledged that the great majority of those who become totally deaf might have averted this unfortunate condition if they had treated the catarphal inflammation at its beginning.

The only remedy that can be safely employed for all forms of catarphal deafness is Catarphozone. You simply charge the air you breathe with this healing, soothing agent, and by forcing it gently through the ears destroy the germ life which keeps up the inflammed surfaces of the middle ear.

CATARRHOZONE, to those who are just a little deaf, and are growing increasingly deaf, is an agent capable of affording the utmost satisfaction, and its use is attended without danger, and as the treatment can be carried on at home no person threatened with the affiliction of deafness should postpone one moment in beginning its use.

From every part of the Dominion glowing accounts of the beneficial action it exerts upon catarrhal conditions of the middle ear have been sentin, and you will be resorting to the only method of ours, and the simplest method too, if you try Catarrhozone Deafirs everywhere sell it, 256, 50c, and 50c, and 50c, butch, in my judgement I consider for the general welfare of the Province, will-find in me an earnest advo-

GENTLEMEN :-

GENTLEMEN:—

I am before you as a candidate to represent the East Riding of Lambton in the Ontario Legislature. I take this opportunity of soliciting your support at the coming election on December 11th. All my interests are centered in East Lambton and should you entrust me with your confidence to represent you in the halls of the Legislature nothing in my power will be left undone to merit the trust reposed in me.

As a resident of the riding for many years my record is well known to many of you, and is, I trust, a guarantee that I will use my utmost endeavor to further the best interests of the country as a whole and East Lambton in particular.

My record as a lifelong temperance man is known to many of you. I am a firm believer in the good old British maxim, "The Majority Rules," and will support any legislation for the repeal of the three-fifths clause, now governing the

vote on local option.

In regard to educational matters I consider the people the best judges of their requirements, and am unalterably opposed to dictating to them what course they must pursue. "Trust the people," they seldom make a mistake.
