NERVOUS DISORDERS

Are Promptly Cured by the Use of Dr. Williams' Pink Pills

If your hand trembles or is unsteady, it is a sure and early sign that your nervous system is at fault. The trouble if not taken in time will develop slowly to a worse stage, and there is no person more to be pitied than one suffering from nervous trouble. You feel unaccountably weak after exertion, lose flesh, turn against food, and suffer palpitations and indigestion after eating. Sometimes sharp pains shoot down your spine and legs, and often neuralgia robs you of your sleep at night. These are some of the troubles that indicate the presence of nervous disorders. If they are neglected they result in complete nervous collapse, sometimes in paralysis. Dr. Williams' Pink Pills have won a great reputation in curing all forms of nervous diseases. The nervous system depends entirely upon the blood supply for nourishment. Dr. Williams' Pink Pills actually increase the supply of rich, red blood; feed, strengthen and tone the nerves, enabling them to perform their functions and dispel all signs of a break-down. Mrs. B. Wainlott, Beaver Bank, N. S., says:—"I was sick, run down and awfully nervous. The slightest noise would startle and annoy me. I suffered pains around the heart and every particle of color left my face and hands. I always felt tired, and slept poorly at night. I was so poorly that my friends thought I would not recover. I tried many medicines but they did not help me. Then I read of Dr. Williams' Pink Pills and decided to drop all other medicine and try them. It was fortunate I did for in the course of a few weeks I found them helping me. I continued taking the pills for some weeks longer and they completely cured me. I earnestly advise every weak woman and girl to give Dr. Williams' Pink Pills a fair trial, and I am sure they will not be disappointed."

You can get these pills through any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co. Brockville, Ont.
